"A GREAT MEDICINE."

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the German Bitters, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine have been tested, has fallen under our observation. During the last summer, a san of Mr. Abraham Brabill, of this country, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters and after using it, was so much relieved of his distressing malady that he procured another bottle, and is restored entirely to health. The "Philadelphia Democrat," the leading German journal of Philadelphia. The editor said, Nov-24th—

"We again call attention to the removal of the German Medicine store, the principal depot for the sale of Dr. Hoofland's German Bitters, from 278 Race to 120 Arch street, one door below Sixth. Owing to the increased demand for this medicine, and for the accommodation of his numerous patients, Dr. Jackson has been compelled to occupy a larger store. We wish him success in his new quarters; he is deserving of it. The Bitters Mixture is without doubt the greatest medicine extant for diseases of the Liver and Bowels. A stubborn case of Chronic Diarrhoes has come under our notice, wherein the patient had exhausted the Materia Medicines of the different schools of medicine with no apparent benefit. He was induced to use these bitters, and a few bottles of them have entirely seared him: Many uch cases we could refer to. We hope our readers will recollect this great restorative, should they be so unfortunate as to require its use. Dr. Jackson possesses the original mushlismed receipt of Dr. Hoofland, and he premares recollect this great restorative, should they be so unfortunate as to require its use. Dr. Jackson possesses the original unpublished receipt of Dr. Hoofland, and he prepares this medicine with this care. Those purchasing should call at his store, or see that his name is written upon the wrapper outside, and blown in the bottle, as imitations of all good articles are common."

Judge M. M. Noab, a gentleman with great scientific and literary attainments, said in his "New York Weekly Measurer. Jan. 5, 1859.

Senger, Jan. 5, 1859, German Bitters.—Here is a pro-paration which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most like the control of modern times, the late Dr. Chris-It is made after a prescription furnished by one of the most celebrated physicians of modern times, the late Dr. Christopher Withelm Hoofland, Professor to the University of Jena, Private Physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbug, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in liver complaint, dyspepsia, debility, vertigo, acidity of the stomach, constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestings. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances we feel warranted not only in calling the attention of our readers to the present proprietor's (Dr. C. M., Jackson's) preparation, but in recommending the article to all afflicted.

The "Philadelphia Saturday Gazette," the best family ewspaper published in the United States, the editor says of DR. HOOFLAND'S GERMAN BITTERS.

DR. HOOFLAND'S GERMAN BITTERS.

"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage four readers, and therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostroms of the day, that are noised about for a brief period and then forgotten after they have done their guilty race of mischief, but of a medicine long eltaclished, universally prized, and which has met the hearty approval of the Faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it usep in the practice of the regular Physicians of Philadslphia than all other costrains combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure liver complaint and dyspepta, no one can donbt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to catomel in all bilious diseases—the effect is immediate.—They can be administered to female or infant with safety and reliable benefit, at any time

Late Professor in Cincinnata Eclectic Medical College Mr. A. L Scovill: However reluctant I have

been to permit my name to be attached to patent medicine, I consider it a duty to the community to state that in three cases of incipient consumption, viz: Miss Bell, Miss Barger, and Mr. R. H. Despair not though your Physicians and Friends give you up to die!!!

Your condition cannot be more helpless than that of Mrs. Rowe.

This is to certify that I was taken with a pain in my side and breast, attended with a distressing cough, and for the space of one year grew rapidly worse. Although I had in attendance three physicians, one of whom was considered very skillful, all of their efforts proved slike unavailing. At last one of the physicians came ir, and decided that I could not live more than one day longer! All of my friends believed that a few days at most would end my earthly career.

My brother at this crisis, hearing of the astonishing cures made by Dr. Rodgers' Liverwort and Tar, went to Chillicothe, distant thirty miles, to procure the above medicine; and, strange to tell, before I had used half a bottle my cough was entirely cured, and when I had used two bottles I was able to attend to my family vocations as usual.
HARRIET ROWE.

Mr. Merriweather writes as Follows:

Mr. A. L. Scovill, Dear Sir-Dr. Rogers' Liver wort and Tar came safe to hand. I have sold a number of bottles. I has met with great success. A young man of this place, supposed to have the

consumption, has been entirely cured.

I feel constrained from a sense of duty to make the following statement, conscious that it may appear noprofessional. Mr. Charles Wade, of tois city, was quite low with Pulmonary Consumption, for which I had been treating with less than usual success. At his request, and that of his Iriends, I permitted him to try Dr Rogers's Liverwort and Tar; and I must confess that its effects Liverwort and Tar; and I must contess that its effects were really surprising. After using the second bottle my visits were discontinued, and he was soon restored to pealth. I do conscientionsly recommend my brother practioners to prescribe this remedy in all pulmonary comiliaints which baffle the ordinary mode of treatment.
