Ayer's Sarsaparilla,
FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys is derived from its cures, many of which are truly marvellous. It has cured cases of Scrophulous disease, where the system seemed saturated with corruption, and has purified and cured by it Scrophulous affections and disorders, which were aggravated by the scrophulous contamination until they were painfully afflicting. It has been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrophulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of embolism or fatal diseases, without exciting a suspicion of its presence. Again, it tends to breed infection throughout the body, and, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the vital. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors grow in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a healthy medicine, such as Sarsaparilla, is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this **SARSAPARILLA**: St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Scurfy Eyes, Sore Ears, and other eruptions or tistile forms of Scrophulous disease. Also in the more concealed forms, as Dyspepsia, Dropsy, Heart Disease, Fills, Erysipelas, Nephritis, and the various Uterine affections of the muscular and nervous systems.

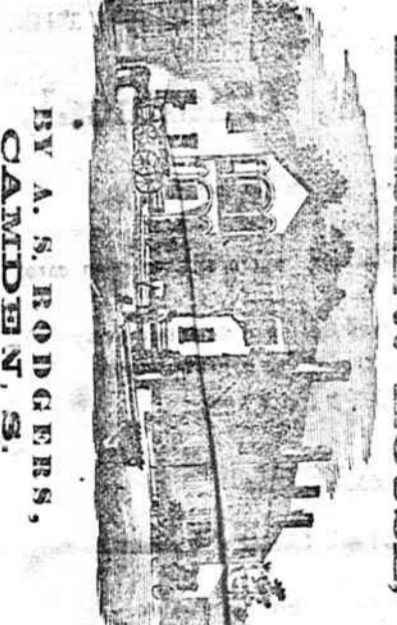

Syphilis or Venereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long-continued use of this medicine will cure the complaint. Leucorrhoea or Whites, Uterine Obstructions, and Female Diseases, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Milder directions for each case are found in our Almanac, supplied gratis. **Rheumatism and Gout**, when caused by accumulations of excreta in the blood, yield quickly to it, as also Liver Complaints, Torpidity, Consumption or Inflammation of the Liver, and Jaundice, when arising, as they often do, from the rankling poisons in the blood. This **SARSAPARILLA** is a great restorer for the strength and vigor of the system. Those who are Languid and feeble, Dependent Sufferers, and troubled with Nervous Apprehensions or Fears, or any of the affections symptomatic of Weakness, will find immediate relief and convincing evidence of its restorative power upon trial.

BLYTHEWOOD INSTITUTE.
Male and Female.

LOCATION.

This Institute is located in Fairfield County, about three-fourths of a mile from DOKO STATION, on CHARLOTTE AND COLUMBIA RAILROAD, in one of the most pleasant and healthful sections of the State. Its rural retirement, together with the absence of all those diversions, excitements and temptations, incident to towns and cities, admirably adapts it as a place for moral and mental culture. The moral and religious tone of the community is of the highest order. Ecclesiastical and Sabbath School privileges are abundant.

COURSE OF INSTRUCTION.

The Course will be both thorough and practical, embracing such studies as are essential to the proper training and development of the mind, and preparing it for the higher aims and responsibilities of life.

DISCIPLINE.

The Discipline of the School, while it consists like wisdom and happiness of pupils in obedience and yielding. Prompt and judiciously enforcing obedience to all rules and regulations is required.

SCHOLASTIC YEAR.

The fourth Scholastic Year, embracing two sessions of twenty weeks each, will commence on the FIRST MONDAY in FEBRUARY NEXT and close the 30th of NOVEMBER following, allowing a short vacation during the latter part of the Summer.

THE GREAT
Fertilizer For Cotton and all Crops.

The unparalleled success of this Great Fertilizer on ALL CROPS, proves it to be the BEST and CHEAPEST Manure now offered in the market. It has been used by many of the most eminent Planters in the South, and

In every single instance it has given Entire Satisfaction

On COTTON its effects have been particularly marvellous. It is no rare thing for WHANN'S PHOSPHATE to increase the yield from ONE HUNDRED TO TWO HUNDRED PER CENT., or even more!

Mr. George C. Dixon, an eminent planter of Cameron, Ga., in a letter to the *Banner & Planter*, says that in an experiment with seven leading Superphosphates and Guanos, the WHANN'S proved itself the best of all those tried, paying a NET PROFIT at the low market rate of \$20 90 per acre of cotton.

A copy of Mr. Dixon's letter furnished on application.
