County Auditor.

His Excellency Governor Scott has appointed to this office, our esteemed and worthy townsman, JAMES I. VILLEPIQUE, Esq.

Cool Beverages.

When the heat seems to pierce every pore in the body, and penetrate almost to the joints and marrow, a short walk down to Hodgson & Dunlap's will enable you to cool off by imbibing certain glasses of soda-water.

There is also up at Bissell's, always during the morning, a very cool and pleasant glass of soda to be had, almost for the asking, and during the afternoon he dispenses, in addition, a very superior article of ice-cream, upon which there is "no discount."

Temperance Meeting.

The meeting of the friends of Temperance on Friday evening last, was not as largely attended as it was hoped it would be, but the movers in the matter are not discouraged.

The Weather.

The hot weather noticed as prevailing for several days previous to our last issue has continued with very slight intermission through the past week.

How is this for High?

A County Commissioner for Kershaw draws an order on the County Treasurer for one dollar to relieve a transient pauper, and charges the County three dollars for his services in the premises.

Public Meeting.

We have been requested to state that the meeting held on the 24th of June, to consider the subject of levying a School Tax for School District No. 1, was adjourned to meet in the Town Hall on Saturday next, (8th inst.) at which time the tax payers are invited to attend.

The Fourth.

This anniversary was celebrated by the colored people Tuesday, by a militia parade and speech-making. The Declaration of Independence was read, and addresses were delivered by Representatives Gary and Adamson.

After the speeches, the militia paraded about the streets until 3 o'clock, and everything was quiet and orderly, and the greatest good feeling seemed to prevail.

About half-past 3 o'clock a difficulty occurred between two colored men, and a policeman interfering, was assaulted, and compelled to knock down his assailant. The colored militia becoming excited and enraged at one of their color being thus handled, immediately attempted to lay hands on the policeman for the purpose of killing him.

after it had been closed to keep them out. The white citizens and the sensible, and conservative colored men, by using all their influence on the side of peace and order, succeeded in allaying the riot, and all is now quiet.

We regret that we have to chronicle so disgraceful an affair, and that the good reputation of our county for peace and order has been thus impaired.

BOWEN PARDONED.—Dispatches from Washington announce that Bowen has been pardoned by the President.

From the Charleston News, April 13, 1871.

An Honest and Attractive Scheme.

"What is every body's business is nobody's business," and while the importance of fostering immigration is conceded on all hands, the great work languishes, as far as this State is concerned, for want of the cash working capital so indispensable for its prosecution.

There can be no doubt of the extraordinary popularity which the scheme is destined to attain. Some idea of this may be formed from the circumstance that over two-thirds of the tickets have been engaged in advance by agents at the North and in California.

The last consideration, indeed, elevates the enterprise from the rank of a private speculation to that of a project of vast public importance. We want and must have those small farmers whose labor constitutes the true wealth of a State.

B. F. BUTLER FOR GOVERNOR OF MASSACHUSETTS.—He takes a "New Departure."—The fact has been generally known for a long time that General Butler is about to seek the nomination of the Republican party of Massachusetts for Governor.

The fact that the new departure of the Democracy has met with such general acceptance is not to be construed within these narrow limits. Other considerations are to be taken into account. With the changed circumstances of the times there is a change in the relations of parties, both to the country and to each other.

On the other hand, we find the Republican cause embarrassed by systems and measures that are obnoxious to the people, prejudicial to their material interests, and in some respects seriously believed by many inimical to the safety of the government.

What is worst of all, the evils to which we refer have grown up in such a way that the Republican party is held responsible for them—evils which must be abolished and cured, or the days of the party are numbered, and ought so to be, and of which we enumerate, as among the most intolerable, a financial system under which capital is segregated and industry repressed, and which, levying tremendous taxes, discriminates against the many in favor of the few.

After the speeches, the militia paraded about the streets until 3 o'clock, and everything was quiet and orderly, and the greatest good feeling seemed to prevail.

Whether it is generally understood or not,

these are the questions upon which the campaigns of the immediate future are to be fought till they are as effectually set at rest as have been the questions of the war.

An office-holder's paper says that "Grant drove secession to the last ditch, and saved the Union." This is nonsense. General Grant was a useful man, and did his work well as long as he was a General; but he did not save the Union.

THE GRAIN CROPS IN THE NORTHWEST.

A dispatch from Chicago announces that reports from Eastern and Central Wisconsin, Eastern and Central Iowa, Northern and Central Indiana, and all parts of Illinois, indicate that the recent thunder and storm and hurricane had no perceptible ill effects upon the growing crops.

A CONFEDERATE HEROINE.

The Louisville Courier Journal has the following paragraph: "Gen. Gordon, of Georgia, and his wife, are at the Galt House. Gen. Gordon rose rapidly and high in Confederate confidence, but his wife is as remarkable in military annals as many a heroine of olden story.

A BRAVE ACT.

The Anne Arundel Advertiser of Thursday contains the following: "An accident showing great presence of mind in a mere boy occurred in our community a short time since, and must not pass unrecorded. The hero of the incident was Daniel Wirt, a student at St. John's College, about sixteen years of age, and the locality the College creek.

The Great Family Medicine of the Age.

THIRTY YEARS Have elapsed since the introduction of the Pain Killer to the public, and yet at the present time it is more popular and commands a larger sale than ever before.

THIRTY YEARS is certainly a long time to prove the efficacy of any medicine, and that the PAIN KILLER is deserving of all proprietors claim for it, is amply proved by the unparalleled popularity it has attained.
