Meetings.

WATEREVE DIVISION NO. 9, S. OF T.—Attend the regular meeting of your Division at Temperance Hall on Monday evening at 7 1/2 o'clock. By order of W. F. J. D. LYLES, R. S.

OUR AGENTS IN CHARLESTON.—The advertising agency of Walker, Evans & Cogswell, represented by Roswell T. Logan, Esq. is the only authorized agent for this paper, in Charleston.

THE VILLAGE CHURCH.—It should not look like a barn or a storehouse. It should be a building, the very sight of which would cause devout feelings in the breast. A well-carved cross should point to heaven; massive paneled doors should impress the visitor with the solemnity of the place into which he is entering; stained glass should throw a mystic light athwart the aisle; pulpits, altar ceiling and galleries should be ornamented with figurative mouldings, and the columns that support the galleries, and the balustrades that rail them in, should be of classic patterns.

PRIVATE SCHOOL.—Mr. and Mrs. W. H. R. WORKMAN propose to open and teach a private school, for both boys and girls, during the Summer, if sufficient patronage can be obtained. Parties desiring to send children will please make immediate application, may 23—w2.

DOCTOR WHITTEMORE.—At this season of the year when local items are somewhat scarce, the reporter, especially of a country paper finds it difficult to keep up its interest. The ingenious mind resorts to sources the most unpromising, sometimes with unexpected results. Such a source the Journal reporter tapped the other day. For some weeks past a respectable looking and unusually large colored man, rejoicing in the euphonious cognomen of Doctor Tony Whittemore, who is a practitioner of the medical art on the allopathic system, not with the usual apparatus of the M. D. of modern times, but with those of the comparatively uncivilized Indians whose "medicine man" searches the woods and explores the secrets of Nature, digging from the bosom of Mother Earth those vegetable productions which prevail to overcome many of the diseases to which among other ills, flesh is heir to.

The Doctor is a man of liberal views and has traveled quite extensively, dispensing his invaluable remedies over a large section of the South, to which, as yet, he has exclusively confined his practice. He narrated some incidents in his career, which afford an insight into his peculiar method of treatment, which many of his brethren would decline to give. But perhaps it would be as well to give the conversation as it occurred. Having succeeded in enticing his corpulent form into our office, we said: Reporter—Well, Dr. how many years have you been engaged in practice? Dr. W. About twelve years. I started from the "Medicine Man" of the Cherokee Nation, from whom Dr. Walker, the "Vinegar Bitters" man learnt his secret. Now I can make the "Vinegar Bitters" as well as Dr. Walker, and frequently administer them in my practice, but I always give some of my pills along with them, which produce pleasant, profitable and peculiarly positive purgative effects, well calculated to allay the suffering induced by the dreadfully drastic drug denominated "Vinegar Bitters."

R.—Well, Dr. what is your speciality, or have you one? Dr. W. No sir, I cannot say that I have, for I am good at all, but if there is one thing more than another which I excel in, it is the cure of Typhoid fever, and Pneumonia. (The Dr. called it "new union fever") and Female diseases.

R.—But, Dr. I think instead of one, you have enumerated several specialties, widely differing in their origin and character, and requiring radically different treatment.

Dr. W. Yes sir, so I have; but I dwell with pride upon the fact that I have treated sixteen cases of Typhoid fever and never lost one; the new moon fever also succumbs at my presence and by females I am considered the representative of a Panacea, the discoverer, of which ascended the highest peaks of the Himalayas, the lowest valleys of the Rocky Mountains, climbed the North Pole after traversing in bark canoes the open sea around it, ransacked the Sandwich Islands, explored the deep bosom of the ocean, boldly entered the Mammoth Cave then little known, dammed the mighty "Father of waters," and—

R.—Dr. you seem to be an enthusiast— Dr. W. Yes sir, I am, you ought to "know

how it is yourself." Now speaking of females, I once encountered a case of a woman who imagined she was possessed by grasshoppers, lizards and "thousand-legs." I was called in, noted the hallucinations under which she labored and said I would call the next day. Meantime I procured two or three grasshoppers, lizards and millipedes and also a root which produces the same effect as ipecac, and administered the latter to the sick woman. In a few minutes she became sick, the relief followed and calling for a light I told her husband to look into the receptacle and see what he could find: To his unbounded delight, he found three lizards, four grasshoppers and two millipedes? The old lady says quite well next day.

The Dr. thinks that all diseases spring from a disordered condition of the liver, and gave us many other interesting details which our want of space forbids publishing.

On politics, the Dr. says that all of the people, white and colored, should become Republicans and in that event respectable and intelligent men would get office. He says that he takes no part in politics now, because he does not fully understand the situation being engrossed in the duties of his profession. He also states that he is doing a considerable business in this vicinity, and one of his patients has promised to make him a pound cake, so pleased was she by the success of his treatment. As usual with fat men, he is very good natured.

Messrs. Cloud & Zemp are offering this week and until further notice special inducements in Dry Goods, Fancy Goods, Notions, Boots and Shoes, Clothing and Spool Cotton. A visit to their Store will be well worth the trouble, in the saving that their prices will give.

REV. A. K. DURHAM, (Providence permitting) will preach at Swift Creek Church on the second Sabbath in June, at 4 o'clock P. M.

EPILEPTIC FIT.—One Peter Brown, a colored man, fell in the middle of the street, on his face, on Rutledge street, last Monday. He was found to be in an epileptic fit, and several gentlemen caused him to be moved into the shade and water poured on his head, which brought him to himself. We learn that he is subject to these fits.

REMOVAL OF MESSRS. HODGSON & DUNLAP.—On Monday Messrs. Hodgson & Dunlap commenced the removal of their large stock of drugs, medicines, oils and fancy goods, to their new and handsome store, one door above that of Mr. R. M. Kennedy. The interior of the store is beautifully arranged with handsomely carved counters, drawers with the names of their contents embossed in gilt letters on the handles, and a partial division in the rear of the store, where the mysteries of compounding prescriptions are to go on. Up stairs, there is a very nice hall, an entrance to which is effected by means of a neat staircase on the north side of the building. The front of the store is beautifully arranged with large glass windows, which afford a splendid opportunity of displaying goods, and the finishing touch is put on by a handsome bronzed front. Mr. Reading was the builder, and has good reason to be proud of his job.

RULER, CUTTER AND BLOTTER.—Messrs. Cloud & Zemp have presented us with a combined ruler, cutter and blotter, which is a very neat thing. Orders left at their store will be promptly filled. They combine cheapness with great usefulness.

OUR FRIEND BRONSON, of the Barwell Sentinel, thus discourtes in his last issue: "We spent a pleasant day in Camden on Sunday last, among our relatives and friends, and would like to have said something about our trip, &c., but the pressure upon our columns this week will prevent it. We were pleased to see improvements going on in all parts of the town. The people are wide-awake, and signs of life everywhere visible. Among other things, there is a prospect of a railroad from that point to Lancaster, and a fine bridge is being put across the Waterce river, when travel to and from Columbia will greatly increase. We trust the day is not far distant when Camden may be enabled to compete with any inland town in the State. Our very best wishes attend her."

DR. TUTT'S SARSAPARILLA AND QUEEN'S DELIGHT.—No remedy possesses so many valuable medicinal Properties as this combination of Roots, Herbs and Barks. The Queen's Delight is acknowledged by Physicians to be the most powerful remedy known for Impure Blood, Liver Complaint, Nervousness; Female Complaints; Constipation; Rheumatism; Diseases of the Kidneys; Syphilitic Affections; Skin Diseases; Chronic Complaints, &c. But in this preparation it is combined with other vegetable products, which renders its virtues doubly valuable. Most diseases have their origin in the blood, and as a Blood Purifier the Sarsaparilla and Queen's Delight has no equal. It requires but a trial to convince the most skeptical.

For Female Complaints, whether in young or old, married or single; at the dawn of womanhood or the turn of life, Dr. Tutt's Liver Pills are an acknowledged remedy.

Dr. Tutt's Hair Dye has No Bad Odor.

MEANS WHAT HE SAYS.—Though "confirmations strong as proofs of Holy Writ," and numerous as the sands on the sea shore, were produced to prove that Dr. Pierce's, the proprietor of Dr. Sage's Catarrh Remedy, is in earnest and means what he says, when he offers \$500 reward for any case of Catarrh which he cannot cure, yet there would be some skeptics and fogies who would continue to shout, "Humbbug!" "Humbbug!" "It cannot be, because Dr. Homespun says Catarrh cannot be cured." Now, this Dr. Homespun is the identical, good-natured old fellow who honestly believes and persists in declaring

that this earth is not round or spherical, but flat as a "slap-jack," and does not turn over, otherwise, the water would all be spilled out of Deacon Buscom's mill pond. But astronomical science has positively demonstrated and proven that Dr. Homespun is wrong in supposing this earth to be flat and stationary, and medical science is daily proving the fact that he is no less mistaken, and behind the times in regard to the curability of Catarrh. In short, it has been positively proven that this world moves, and that medical science is progressive—the opinion of Dr. Homespun to the contrary notwithstanding. That Dr. Sage's Catarrh Remedy will cure Catarrh, thousands who have used it attest.

Then buy it, and use it, in doubt do not stand, You will find it in drug stores all over the land.

TALK AT THE TOILET.—Every lady's maid knows that the bewitching beings who have their triumphant way with conquered hearts, regard a splendid head of hair the most effective of all womanly fascinations. They believe, and they are right, that they can *lasso* as many beaux with the luxuriant ringlets and glossy braids as they can "kill at sight" with their beaming eyes. Hence in their "toilet talk" among themselves and with their attendants, the merits of preparations for the hair are freely canvassed, and the last result of this discussion seems to be almost universal adoption of Lyon's Katharine as an article better adapted to promote the growth and beauty of the "Chief Glory of Woman" than any other at present before the world. They say that without irritating the skin of the head it eradicates dandruff, and that it penetrates below the surface to the roots of the hair, endowing them with new life and vigor.

Palmetto Orphan Home.

To the Citizens of South Carolina: DEAR FRIENDS.—I am glad to be able now to announce a board of trustees for the Palmetto Orphan Home. It contains some of Columbia's best men—gentlemen of brains, energy and public spirit.

There are now seventy orphans in the Home and several others ready to come. The whole State is ready to move in the matter. I hope this Board will organize at once, and take control of this important enterprise. Truly,

T. R. GAINE.

HOW WE USED TO BE PHYSICKED.—Who does not remember the time when spring purgation was considered indispensable to summer health? No matter for wry faces, the inevitable salts and senna, rhubarb, or calomel and jalap, must be administered. These "spring medicines," the youngsters were told, were to keep them hale and hearty during the summer. We all know now that this was a fallacy; that new vigor, not depletion, is what is required at the commencement of the summer season. As a preparation for the enervating effects of oppressive summer weather, a course of Hostetter's Stomach Bitters is highly expedient. This famous vegetable preparation has three prominent properties: It renovates, purifies, and regulates all the functions of the body. It is composed exclusively of pure vegetable productions, viz: the essential principle of Montegaballa Lye, and the most efficacious tonic and alterative roots, barks, and gums known to medical botanists. Hence, it is an absolutely safe medicine, and no tincture of the Pharmacopoeia can compare with it either in purity, or in the variety of its objects, and its comprehensive results. Happily for mankind, the theory that it was necessary to prostrate a patient in order to cure him, is forever exploded, and the true philosophical doctrine, that vigor is one great antagonist of disease, has taken its place. Hostetter's Bitters is an invigorant, and hence it is the proper medicine for the feeble at this most trying season of the year.

Be sure that you obtain the genuine article, as there are innumerable vile imitations in the market. Look to the ornamental stamp, the engraved label, and the name blown into the glass. Hostetter's Stomach Bitters is sold in bottles only.

CALL FOR PUBLIC MEETING.

The Executive Committee of the Democratic Party of South Carolina, having published a call for a State Convention, to be held in Columbia on the 11th day of June next, for the purpose of sending delegates to the National Convention, to meet in Baltimore, on the 5th day of July next, we, the undersigned, citizens of Kershaw County, respectfully invite our fellow citizens favorable to the call, to unite with us in a public meeting, to be held in Camden on Saturday, the 1st day of June next, at 12 o'clock M., to elect delegates for the said State Convention.

Letter from Gen. J. B. Kershaw.

CAMDEN, S. C., May 23, 1872.

DEAR COLONEL: My policy of not calling a Convention of the Democrats is over-ruled, and nothing remains but to unite in and make it as harmonious and effective as possible. We will send delegates from this county—I may possibly go myself. Let us try to confine it strictly to its legitimate function of sending delegates to Baltimore to prevent a Democratic nomination. They may still leave us in a position to devote ourselves to State reform. Though my mind is unchanged as to the expediency or necessity of the Convention, I am most anxious, now that it is called, to make it avail for good. Very truly yours,

J. B. KERSHAW. Col. SIMON FAIR, Newberry, S. C.

Special Notices.

A New Beautiful Agent.—All dentrifices had their drawbacks until the salubrious bark of the Soap Tree was brought from Ohilian valleys to perfect the fragrant Sodontol, the most delightful article for the teeth, that a brush was ever dipped into.

"Children's Lives Saved for 50 Cts."—Every case of croup can be cured, when first taken, by Dr. Tobias' Venetian Liniment, warranted for 24 years and never a bottle returned. It also cures diarrhoea, dysentery, colic, sore throat, cuts, burns and external pains. Sold by druggists, depot, 10 Park Place New York.

Venus herself would not have been beautiful, if her complexion had been bad. If beauty is skin deep, it is necessary to secure and retain that part of it, and ladies, instead of resorting to powders and paints, should remember that an impure, blotchy or sallow skin, is the proof of feeble digestion, torpid liver or vitiated blood for all which DR. WALKER'S CALIFORNIA VEG-ETABLE BITTERS, is a safe, sure and effectual remedy.

A Youthful Appearance and a beautiful clear complexion is the desire of every body. This effect is produced by using G. W. BISHOP'S "Bloom of Youth," a harmless beautifier of the skin. It removes all discoloration, tan, freckles and sun-burns. The use of this delightful toilet preparation cannot be detected. For sale by all druggists and fancy goods dealers. Depot 5 Gold St New York.

Pratt's Aromatic Oil.—Safe and best illuminating oil ever made. Does not explode nor take fire if the lamp is upset or broken. Over 150,000 families continue to use it, and accidents have occurred, if any, its description, from it. Oil House of Charles Pratt, established 1770, New York.

Christiana's Hair Dye.—This is the best and most effective hair dye. It corrects the bad effects of inferior dyes, whitens the black or brown tints it produces are identical to nature. Factory 68 Maiden Lane New York.

Scappia is Opium purified of its sickening and poisonous qualities, discovered by Dr. Bigelow, Professor of Botany, Detroit Medical College. A most perfect anodyne and soothing opiate. John Farr, chemist New York.

Carbolic Sates Recommended by the leading physicians and the President of the board of health of New York as the most healing compound ever known. Gives instant relief to burns and scalds of all kinds of sores and ulcers, and a most valuable salve for all purposes. Sold everywhere for 25c. John F. Henry sole proprietor 8 College place New York.

Wm. Winslow's Soothing Syrup.—It relieves the little sufferer from pain, cures wind colic, regulates the stomach and bowels, corrects acidity and during the process of teething it is invaluable. Perfectly safe in all cases, as millions of mothers can testify.

Burnett's Cocaine.—No oil, neither pomade or alcoholic washes, foreign or domestic, can compare with Cocaine as a hair dressing. It anchors the hair finely in the scalp, gives it new life and lustre, and renders it the "crowning glory" of both sexes both old and young.

For Diarrhoea, Dysentery, Cholera, and all forms of general debility in their various forms, also as a preventative against fever and ague and other intermittent fevers, the Ferro-phosphated elixer of calysia made by Casewell, Hazard & Co., N. Y., and sold by all druggists, is the best tonic, and as a tonic for patients recovering from fever, and other diseases, it has no equal.

Riss's Genuine Golden Bell Cologne Water according to the original formula of Prevost, Paris, so long and favorably known to the customers of Haviland, Favall & Risley, and their branches, for its fine permanent fragrance is now made by H. W. Risley, and the trade supplied by his successors, Morgan & Risley, wholesale druggists N. Y.

Thurston's Ivory Pearl Tooth Powder.—The best article known for cleaning and preserving the teeth and gums. Sold by all druggists, price 25 and 50c per bottle, F. C. Wells & Co., N. Y.

50 cents For Six Months on Trial. Every Mason should subscribe to the MASONS' MONITOR, published monthly, at Goldsboro N. C.—Devoted strictly to the Sciences, Philosophy, Symbolism and Jurisprudence of Masonry and news of special interest to the fraternity. South. PIEDMONT & ARLINGTON LIFE INSURANCE CO

OF VIRGINIA.

THIS COMPANY offers great inducements to persons who want their lives insured. It issues Policies at low rates as the safe management of the business for the interest of all concerned will permit. Its financial ability is unquestionable. Among the managers of this institution are some of the most solid and able men of the city of Richmond, equally distinguished for their business experience, their wealth and their high standing in society. The company maintains the highest credit for the safe and prudent manner in which its affairs have been managed, and is of itself a monument of the success of skill, forecast and energy. Its losses have been lighter than any other company during the same amount of business. See below some of the practical results of life insurance in this company:

Losses Paid in Kershaw County.

Dr. T. W. Salmond, \$10,000 Joseph B. Hughes, 6,000 T. G. Drakeford, 5,000 S. A. B. Shannon, 5,000 F. J. Cottier, 1,000 The Piedmont and Arlington has passed the rigid inspection of the Insurance Departments of New York, Ohio, Kentucky, Missouri, California, &c.

By its caution, economy, security and promptness it commends itself to all who seek the advantages of Life Assurance. Its growth is unequalled; its expenses small its investments secure; it pays losses promptly; no useless restrictions; all policies non-forfeitable; rights of patrons are guaranteed on its policies; it is equal to any company, surpassed by none, and only asks you to examine its merits before insuring. Other companies can tell you what they will do, but the PIEDMONT & ARLINGTON can SHOW you WHAT they have done.
