

LOCAL NEWS.

CHURCH DIRECTORY. Methodist Church, DeKalb Street... Presbyterian Church, Broad Street... Episcopal Church, Broad Street...

Meetings. WATERBURY DIVISION NO. 9, S. OF T. Meeting of the regular meeting of your Division at Temperance Hall on Monday evening at 8 o'clock.

OUR AGENTS IN CHARLOTTE. The advertising agency of Messrs. Evans & Cogswell, represented by Howard T. Logan, Esq. is the only authorized agent for this paper in Charlotte.

MEETING OF THE MEDICAL ASSOCIATION. A CLEAN BILL OF HEALTH. At a meeting of the Medical Association held last week, the following was determined upon as a satisfactory refutation of the report that the town of Camden is very unhealthy.

INCUMBRANCES. Inasmuch as statements have inadvertently been made relative to the health of Camden and its vicinity, calculated to injure its reputation and affect its business, we, the undersigned, practicing physicians in the town and neighborhood, do certify that the season so far has been an unusually healthy one, and the two cases of sudden death which, we presume, gave rise to the report, were exceptional in their character and not to be attributed to local causes.

OLD JOHN ROBINSON COMING. We see by our exchanges, that Old John Robinson, the monarch of showmen, proposes visiting this State during October, with his great National Circus, Caravan, Hippodrome and International Zoological Garden Combination, an exhibition as novel, colossal, exhaustive and beneficially vivacious as money and experience can make it.

RECEIPT FOR MAKING WINE. Press the grapes, next day strain them in an open vessel; to every gallon of juice stir in a half pound of good white sugar, which has been previously dissolved in the juice; set it in a place where it will be undisturbed; every day skim off any impurities that may rise to the surface; keep it well covered, first with a cloth, then with a board. In about five or six weeks, carefully pour it off in a close vessel, adding sugar, according to the quality of wine you wish to make.

THE TERM OF COURT. It is exceedingly doubtful if we have any session of Court on the 16th. Judge Melton, the nominee on the Moses ticket for Attorney General, is now actively engaged in stamping certain parts of the State; and besides, his term of office has expired, and though re-elected, he has not qualified. If he were to qualify and hold all the Courts in his circuit, he would have no time left for attending to his election. The general opinion seems to be, that he will not, under the circumstances, qualify; though it is thought that until his successor qualifies, he remains a Judge. This would allow him to wait until after the election, and then, if not successful, he would still be a Judge.

DRAWING THE JURORS. On Monday, Shelton B. Hall, Esq., Jury Commissioner, assisted by the proper officers, proceeded to draw the Jurors for the October term of Court. The following were drawn: John Outlaw, Nelson Newman, Joseph McBride, John McCarthy, Allen Dens, Stephen West, M. G. Huckabee, William E. O'Steen, W. A. Anerson, John Graham, A. M. Hyams, John Mann, J. J. Hall, W. J. Hall, W. J. Jeffers, Benjamin Ratcliff, Sam. Wright, Seipho Timbers, William Mickle, Ephraim Jones, John Shavers, Solomon Lerrick, Philip Rudolphi, Thomas Moore, James Elliott, John Hart, James A. Young, Eli Perkins, Noel Mango, Ambrose Fletcher, A. J. Frazier, John Hay, Ben Brooks, Ambrose Mills, V. S. Jordan, Hazard Kershaw, Brister Perkins.

DEER HUNTING. Monday last, being the first available day, under the new game law, for indulging in this fascinating sport, we heard of several different parties who took advantage thereof. A party of fifteen or twenty from Camden tried their luck in the vicinity of Mr. Arto Niles' plantation, a few miles above this place, but with indifferent success—one fine doe being the result of the day's hunt, the same being killed by Capt. J. M. Cante, our popular City Marshal. The same party were out again yesterday, but up to the time of going to press, we had not heard with what success they had met.

COTTON MOVING RAPIDLY. A glance down Main-street, will at once satisfy any one that the terrible stringency of the money market will soon give way to ease, as cotton is coming in very rapidly, and sells like "hot cakes." The polite and gentlemanly agent of the S. C. Railroad informed us a week ago, that over ninety bales of the new crop had gone forward already, while the incoming freights denoted that our merchants expected to do a very heavy business this fall. We can only add that we hope their expectations will be realized.

THE WILMINGTON STAR. We neglected to notice in our last issue, that this excellent North Carolina paper has come to us in a new dress, and greatly enlarged and improved. The "Star" has ever been one of our most welcome exhalations, and it gives us pleasure to see this new evidence of its prosperity. Mr. C. W. HARRIS has taken charge of the editorial department. Every issue of the "Star" gives evidence of his genius and capacity.

MAGAZINES. The Rural Carolinian, for September is at hand and is an unusually interesting and able number. The publishers, Messrs Walker, Evans & Cogswell, deserve the patronage of our planting friends and the two dollars invested in the Carolinian will amply repay.

THE AMERICAN FARMER'S ADVOCATE. Devoted to the interests represented in the National Agricultural Congress, is one of the largest, and by far the cheapest agricultural papers in the country and should be read by every farmer. It should be remembered that the publishers offer it free with any \$2 00 or higher priced paper in the country, and at only 50 cents advance with lower priced ones. Price—single, \$1.00 per year; in clubs of four or more, 50 cents each. Address Advocate Publishing Company, Jackson, Tenn.

THE AMERICAN FARMER FOR SEPTEMBER. While very replete with matter pertaining to the Fall crops, manures, &c., neglects none of the other branches to which it is devoted, every department being well filled. To wheat-growers especially this No. will be very useful, and we recommend each of our readers as we not subscribers to the Farmer to send for a specimen copy, which will be furnished free.

OLD JOHN ROBINSON COMING. We see by our exchanges, that Old John Robinson, the monarch of showmen, proposes visiting this State during October, with his great National Circus, Caravan, Hippodrome and International Zoological Garden Combination, an exhibition as novel, colossal, exhaustive and beneficially vivacious as money and experience can make it. Camden is set down among the cities advertised to be visited by this mammoth exhibition.

Valuable Hints. A regular habit of body is absolutely essential to physical health and clearness of intellect. Nor is this all. Beauty of person cannot co-exist with an unnatural condition of the bowels. A free passage of the refuse matter of the system through these natural waste pipes is as necessary to the purity of the body as the free passage of the effluvia of a city through its sewers is necessary to the health of its inhabitants.

Indigestion is the primary cause of most of the diseases of the discharging organs, and one of its most common results is constipation. This complaint, besides being dangerous in itself, has many disagreeable concomitants—such as an unpleasant breath, a sallow skin, containing blood, hemorrhoids, headache, loss of memory and general debility.

Hostetter's Stomach Bitters remove all these evils by removing their immediate cause in the digestive organs and regulating the action of the liver. The combination of properties in this celebrated preparation is one of its chief merits. It is not merely a stimulant or a tonic, or an anodyne agent, or a purgative, or a blood depurative, or a cathartic, but all these curative elements judiciously blended in one powerful restorative. It lends activity and vigor to the inert and enervated stomach, relieves the alimentary canal of its obstructions, and gives tone to the muscles which line it; gently stimulates the liver, braces the nerves, and cheers the animal spirits. No other remedy possesses such a variety of hygienic virtues. It is to these characteristic virtues that it owes its prestige as a household medicine. Experience has proved that it is as harmless as it is efficacious, and hence it is as popular with the weaker sex as with the stronger.

Hostetter's Stomach Bitters are sold in bottles only by removing their immediate cause in the digestive organs and regulating the action of the liver. It is not merely a stimulant or a tonic, or an anodyne agent, or a purgative, or a blood depurative, or a cathartic, but all these curative elements judiciously blended in one powerful restorative. It lends activity and vigor to the inert and enervated stomach, relieves the alimentary canal of its obstructions, and gives tone to the muscles which line it; gently stimulates the liver, braces the nerves, and cheers the animal spirits. No other remedy possesses such a variety of hygienic virtues. It is to these characteristic virtues that it owes its prestige as a household medicine. Experience has proved that it is as harmless as it is efficacious, and hence it is as popular with the weaker sex as with the stronger.

Hostetter's Stomach Bitters are sold in bottles only by removing their immediate cause in the digestive organs and regulating the action of the liver. The combination of properties in this celebrated preparation is one of its chief merits. It is not merely a stimulant or a tonic, or an anodyne agent, or a purgative, or a blood depurative, or a cathartic, but all these curative elements judiciously blended in one powerful restorative.
