**COMMISSIONERS OF ELECTION.**—The Governor has appointed A. W. Burnet, J. D. Shaw, Democrats, and Daniel Hoskins, Republican, commissioners of election for Kershaw county.

**ELECTION OF OFFICERS.**—The following officers were elected by Phoenix Hook and Ladder Company at their regular meeting Thursday night: G. G. Alexander, Foreman, E. O. McCreight, Assistant Foreman, W. S. Smith, Secretary, E. J. Bissell, Treasurer.

**THE "ACANTHUS"** ought to be in every household in the country where there are children. It is the best paper in the South for the young, and the subscription is so low that any one could pay for it and not feel the loss. See advertisement in another column.

**FRESHET DAMAGES.**—A good many planters on the river lost seriously in their corn crops by the late freshet. We understand that Mr. J. B. Hammond estimates his loss at 1,000 bushels, and Mr. J. L. Gettys at 2,000 bushels. These two gentlemen are perhaps the heaviest losers in this neighborhood.

**SEVERE REBUKE.**—The little six-year old daughter of a friend of ours got vexed about something the other day, and exclaimed: "I wish I was a man, so I could curse about it." As our friend is not over nice in his expressions sometimes, he saw the point at once, and no doubt felt its moral poignancy.

**GENERAL ORDER NO. 1.**—By reference to our advertising columns it will be seen that the Militia companies composing the regiment of Kershaw county are ordered to assemble on Monumental Square next Wednesday, the 18th., fully equipped for inspection by the Adjutant and Inspector general. Such a sight as this will present in old Camden, will carry many of us back to the good old days before the war.

**NEW FIRM AND NEW STOCK.**—Messrs. B. M. Smith and S. M. Mathis have formed a co-partnership under the firm name of Smith & Mathis, for the purpose of conducting a business in general merchandise, and are now opening an entirely new stock in the store north of Kirkley & Smith, on Broad street. These young gentlemen are energetic, experienced in business, honest and temperate, and for these reasons their road to success is smooth, of which we wish them an abundance.

**HAMPTON'S DAY.**—Everybody will remember that next Wednesday is the day for our grand Democratic rally. Nothing should be left undone to make it equal to the biggest Fourth of July the sun ever shone upon. We understand that the surrounding counties will contribute liberally in men and horses. Governor Hampton, Lieutenant-Governor Simpson, Hon. S. L. Leaphart, Hon. E. W. Moise and Hon. H. S. Thompson will be here to address the people of Kershaw county.

**ATTENTION! CAMDEN LIGHT ARTILLERY.**—It was resolved at a meeting of this company, held on the 10th inst., that they turn out on Hampton's Day with red shirts on. Every member is earnestly requested to report for duty at 8 o'clock on the morning of the 18th., at Jones' Hall. If he has no red shirt, one will be furnished him on application to the officers. A meeting of the company is called for Tuesday evening, the 17th., at Jones' Hall, at 8 o'clock, to attend to important business. A full attendance is requested.

**"PISTOLS AND COFFEE FOR TWO."**  
We learn that a party from South Carolina settled an "affair of honor" near the dividing line between North and South Carolina, in Anson County, one day last week. Two shots were exchanged, but no blood shed. The parties were a Mr. Williams, of Camden, S. C., and a son of General Cash, of Chesterfield. After the second shot, the affair was amicably settled, and all left the grounds as friends. —*Monroe (N. C.) Enquirer.*

**SUNDAY SCHOOL CELEBRATION.**—It was our pleasure to be present last Sunday night at a celebration of the Sunday School of DeKalb street colored Methodist Church, and we simply make a plain statement when we say that the exercises throughout were very pleasing indeed. All the pieces rendered by the children, some of them very long, gave evidence of careful training, and the singing especially delighted us. This Sunday school numbers about two hundred scholars, and is under the superintendency of Rev. B. L. Roberts, the pastor of the church, with Miss C. A. George as assistant superintendent. To them and the teachers much praise is due for the evident proficiency of the children.

**IN UNCLE SAM'S CLUTCHES THIS TIME.**—Thursday night, Neil Blair got on another dangerous drunk, and immediately proceeded to look around for the worse thing he could do. Being in front of the post office at the time the spell struck him, he lifted up his foot and commenced kicking the glass front. Before he could be arrested, he had succeeded in demolishing one of the large glass panes that cover the general delivery boxes. He was carried before United States Commissioner Sutherland the next day under an indictment for injuring a government building, and, in default of bail, was committed to jail to await his trial at the next term of the United States Court at Charleston.

**WENT OVERBOARD.**—Ever since Stokes' bridge, on Lynches' Creek, has been in so dangerous a condition, the farmers of Darlington who come to Camden to trade, have made it a practice to unhitch their teams before crossing the bridge, and pulling their wagons over by hand. On last Tuesday night Messrs. Dove Gilbert and J. Lewis Bennett, returning from Camden with a load of purchases, arrived at the bridge when it was quite dark. They went through the usual routine of unhitching, and had pulled their loaded wagon nearly over the bridge, when a plank tipped up and tumbled the wagon and contents into the creek. Fortunately everything was recovered, the wagon falling near the bank, in shallow water.

**PUBLIC SCHOOL BOOKS.**—The following is a list of the books adopted by the State Board of Examiners for use in the public schools:

Readers—Reynolds' Series; Appleton's Series.  
Geographies—Cornell's First Steps; Cornell's Primary; Cornell's Intermediate; (Southern edition) Maury's Manual Geography; Maury's Physical Geography.

Copy Books—Reynolds' Series; Appleton's Series.  
Arithmetic—Sanford's Series; Robinson's Series.  
Dictionary—Webster.

**WHY THERE WAS NO PARADE.**—Four colored militia companies from the country came to Camden last Saturday, with the intention of joining with the Ellis Guards, of this place, in another battalion parade. They had assembled in front of the colored school house, on west DeKalb street, and were formed into line, ready to march, when the following dispatch was handed to Captain Lemon Thomas, commanding:

COLUMBIA, S. C., Sept. 7, 1878.  
To Lemon Thomas, commanding colored company, Camden, S. C.:  
Send companies home at once. You are violating the law. E. W. MOISE, Adjutant and Inspector-General.

As soon as Capt. Thomas had read the dispatch, he consulted some white gentlemen as to the exact meaning, and being informed by them that in their judgment, the adjutant-general had no reference to his own company here, but that it was against the law for militia companies from other beats to drill in Camden, except at general masters. Upon this explanation being given to him, Capt. Thomas immediately disbanded the country companies, and proceeded to drill his own, the others acting as spectators. The action of all concerned in the matter was very commendable, though of course there was plenty of grumbling among those who are too ignorant to understand the law on the subject.

The stores are beginning to be filled with fall stocks.

**POLICE.**—The citizens of the upper part of Camden, from Laurens to Boulden street, think that it would not be a bad idea if the Council would instruct one of the policemen to take an occasional stroll at night through that portion of the town. A good deal of mischief is carried on in that section sometimes, whereas, if an officer were around it would be soon stopped.

**CAMDEN DEMOCRATIC CLUB.**—A meeting of Camden Democratic Club is hereby called to be held this (Thursday) evening at 8 o'clock, at Jones' Hall, for the purpose of making arrangements for the reception of Gov. Hampton on the 18th instant.

J. D. DUNLAP, President,  
M. W. BISSELL, Sec'y.

**SUNDAY ITEMS.**—There was no preaching at the Baptist Church Sunday, owing to the absence of Rev. Mr. Thierrell, who has gone to Greenville after his family.

The congregation of Grace Church were out in force last Sunday to welcome back the rector, who has returned from his vacation much improved in health.

A collection of \$5.20 was taken up at the Methodist Church Sunday morning in aid of yellow fever sufferers. The collection would have been much larger had it been known that such a thing was intended. We suppose that it was a spontaneous idea of Mr. Willson.

The usual services were held at the Presbyterian Church last Sunday.

Judge Pressley addressed the children of the Baptist Sunday school Sunday morning.

Owing to the absence of Rev. Mr. Willson at the Richland Fork Campmeeting, there will be no preaching at the Methodist Church next Sunday.

The revival at the colored Baptist Church still continues. Twenty-seven converts were immersed last Sunday at Morrill's pond.

We have heard several complaints of the conduct of bad men and boys during the services of Grace Church Mission at the Court House. A policeman should be sent there until better conduct is established. The services were conducted in the basement of the Court House last Sunday night by Rev. F. R. Miles.

**PERSONAL.**—Attorney-General Youmans was in town last week, attending to business in Court.

Mr. D. C. Kirkley returned from the markets last Friday.

Mr. W. J. Arrants of Columbia spent several days in Camden last week.

Mr. S. M. Mathis returned home on Friday.

We regret to learn that Capt. Skinner has been confined to his bed for sometime by an attack of chills and fever.

## BREVITIES.

Turnips are up.

The river is now quite low.

The weather is getting cooler.

The equinoctial gales have arrived.

The doctors report chill and fever quite prevalent in town.

The roads throughout the county have generally been worked.

Twenty-three men composed the drill of the Kershaw Troop last Saturday.

The martins have taken their flight a sure sign that the real hot weather is over.

There were two cases and one death from coagulative chills in Camden in the month of August.

Mr. A. E. Niles had his right hand badly lacerated Monday, by being caught in a cotton gin.

Messrs. Kirkley & Smith have opened this week a very attractive stock of cigars and smokers supplies.

Our readers should be careful to remember that the trade and Mexican silver dollar is only worth 90 cents.

The 15th of October, and not the 15th of September, is the date fixed when it is lawful to shoot game in this State.

Two planters on the Wateree will send 20,000 bushels of rice to market this fall—one 8,000 and the other 12,000.

Our Sumter neighbors have their grand rally on the 21st. Kershaw will send her beloved sons to help her sister rally imposingly.

One farmer from Darlington invested the proceeds of five bales of cotton in flour last week. He purchased from Brasington & Nettles.

Mr. W. C. Gerald is opening quite a large and attractive stock this season. Mr. Gerald says he always has the money to pay for cotton.

A rattlesnake five feet four inches long, and having twenty rattles, was killed last Friday by a colored man on the farm of Messrs. J. B. and F. B. Phelps.

J. W. McQuerry, white, and John Wright Sr. and Marcellus Smith, colored, have been drawn from this county to serve as petit jurors at the October term of the United States Court.

There is some talk of organizing a shooting club in this community. We know of several gentlemen around here whom we would bet on against Carver or Bogardus on an open Partridge hunt.

To that man whom we heard abusing Camden the other day, we will say in the language of the late Mr. Crane: "The train leaves Camden every week day, and the steamboat boat quite frequently. Perhaps you are not aware of the fact."

It has been noticed by a close observer in Camden that the sun rises and sets further north this season than within his recollection before, and he accounts for the unusual warm weather in this way.

Rumor hath it that at least one wedding is not in the distant future in Camden. The contracting parties are trying to keep it very secret, but if they had told us about it perhaps it would not have appeared in the papers.

We learn that Isaac English and one or two other leaders of the Radical party were out in the vicinity of Oakland last week trying to get up a meeting. They failed because they could not persuade the colored people out there to come out to hear them speak.

A small party in buggies and on horseback, from about Beulah, drove into town early Sunday morning, and stopped at the Methodist parsonage. What was afterwards done will be seen by reference to our marriage corner.

We learn that a Radical meeting was announced to have been held last Saturday at Good Hope Church, twelve miles below here, was indefinitely postponed because the leaders got wind that there would be a party of Democrats there to "call for a division."

A young lady had the misfortune to lose an express package, a few days since, containing \$30. She supposes it was dropped on Broad street, somewhere between the residences of Mr. George Alden and Col. D. W. Jordan. The address on the package will direct the finder where to return it.

## CIRCUIT COURT.

Upon the convening of Court Thursday morning last, a motion for a new trial was heard and granted in the case of Henry Moore, convicted of perjury.

Ben Johnson, convicted of riot, was sentenced to three months in jail.

The following is the order taken in reference to that part of the presentment of the Grand Jury, which refers to the Free Bridge Commission:

It appearing to the Court that the recommendations in the presentment of the grand jury that C. McKee and Conway Bell, with counsel, be appointed by the Court to examine the accounts of the Treasurer of Wateree Free Bridge cannot be granted, because, first, this Court cannot legally order a duty which by law devolves upon the grand jury for performance, to be performed by a special committee; and second, this Court could not, in this way, compel the county to defray the expenses of such examination.

It is ordered that the Clerk of this Court serve the special commission of Wateree Free Bridge with certified copies of so much of the presentment of the grand jury at last June term and this term of this Court as relates to said bridge, and said special commission, or their successors, are hereby required, on the first day of its next term, to make a report of their actions and doings, and to file with the Clerk of this Court such additional account of their receipts and disbursements as will perfect their accounts already filed, and as will show the status of said bridge at that time. The said accounts, with vouchers, to be submitted to the examination of the next grand jury.

B. C. PRESSLEY, Presiding Judge.

September 5th, 1878.  
The Common Pleas calendars were opened last Thursday, and occupied the attention of the Court up to yesterday, when it adjourned.

## Across the Wateree.

A RADICAL MEETING CAPTURED.  
On Saturday morning, Sept. 7th, our County Chairman, Mr. W. D. Trantham, having been informed that there would be a Radical meeting in Western Wateree, started at an early hour with a small party from Camden to attend the same, and have a hearing. The party crossed the River at Chesnut's Ferry, and after a long and dusty ride arrived at Holland Harris' School House, the place of the meeting. There we found a small party assembled, but the speakers had not yet put in a appearance, they being concealed in a house near by as we discovered. Presently one Devine, whose given name I did not learn, came forward, and in a few words stated that the meeting would be postponed, as they had received no report from their leaders in Camden. The object of this negro was too apparent, however; they wanted to get rid of us, so that they could hold their meeting unmolested. About this time Dr. Nelson arrived, at the head of a body of horsemen, and the negroes seeing that we were not going to leave, the meeting was called to order by a mulatto fellow, name unknown, who was, I suppose, President of the Precinct Club. Wesley Salmood, a negro about the color of a ginger cake, was then introduced. Both his dress and bearing indicated some rank, but what it was I did not learn. He did not, however, like the appearance of things, and had little to say, and there was very little in what he did say. Mr. Trantham being called for, was then introduced, but preferred waiting till the speakers of the other party were through, so that he could re-

ply. The Chairman then explained the feeling in that section. He said their intention at present was to put out a mixed ticket, accepting certain nominees of the Democratic Convention and filling the places of others with men from their party.

Next came a white mulatto from English's Mill—James Thompson—well known in Western Wateree. He had come for the purpose of inflaming the minds of the colored people against the whites. His speech was simply a string of assertions without fact or foundation, and explained the feeling in his section to be run a straight Radical ticket, headed by A. S. Wallace for Congress, and J. F. Sutherland for State Senator.

Mr. W. D. Trantham followed in a well timed and impressive speech, completely demoralizing Thompson, and covering all of the ground necessary for a good campaign speech. In conclusion, Mr. Trantham told them they might come with us or not, as they liked; but in November we would roll up a majority that would place old Kershaw in the front rank of the Democracy, and show the Radicals how fruitless would be any opposition in the future. This speech was received with the greatest enthusiasm, and the rebel yell that followed carried us back vividly to the campaign of 1876. Mr. Abe Rabon followed in an earnest and enthusiastic speech. The meeting then adjourned.

The meeting was a perfect success, and we only regret that there were not a larger number of colored people present. Mr. Trantham, in referring to this occasion, may well use the words of the mighty Caesar, "Veni! Vidi! Vici!" Western Wateree seems wide awake, and ready for any emergency.

## THE COTTON MARKET.

Camden, S. C., Sept. 11, 1878.

Since Monday last we are able to report a little better condition for the market here, though without any change in price. The stringency which we reported last week was principally caused by the failure of the Bank of Charleston to forward funds to its agent here to meet the drafts of operators. This difficulty has been overcome by buyers, having money sent to them by express, and sellers can now get full price for their cotton in greenbacks. Camden is the best market in the up-country, and the farmers often get within a half cent of the Charleston price for their cotton. We quote the market as closing yesterday at 10 cents for middling with sales for the week of 144 bales.

## The Stepping Stone to Health.

The acquisition of vital energy is the stepping stone to health. When the system lacks vitality, the various organs flag in their duty, become chronically irregular, and disease is eventually instituted. To prevent this unhappy state of things, the debilitated system should be built up by the use of that inimitable tonic, Hostetter's Stomach Bitters, which invigorates the digestive organs, and insures the thorough conversion of food to blood of a nourishing quality, from whence every muscle, nerve and fiber acquire unwonted supplies of vigor, and the whole system experiences the beneficial effect. Appetite returns, the system is refreshed by healthful slumber, the nerves grow strong and calm, the despondency begotten of chronic indigestion and an uncertain state of health disappears, and that salutary appearance of the skin, the glow of natural vigor, and persons deficient in vital energy, is replaced by a more becoming tinge.

## A Man of a Thousand.

A Consumptive accidentally cured. When death was hourly expected, all remedies having failed, and Dr. H. James was experimenting with the many herbs of Calcutta, he accidentally made a preparation of Cannabis Indica, which cured his only child of consumption. His child is now in this country and enjoying the best of health. Desirous of benefiting the afflicted, the Doctor now gives this Recipe free, on receipt of two stamps to pay expenses. There is not a single symptom of Consumption that it does not at once take hold of and dissipate. Night sweats, peevishness, irritation of the nerves, failure of memory, difficult expectoration, sharp pains in the lungs, sore throat, chilly sensations, nausea at the stomach, inaction of the bowels, and wasting away of the muscles. Address Oradocock & Co., 1032 and 1034 Race St., Philadelphia, Pa., giving the name of this Philadelphian.

## CONSUMPTION CURED.

An old physician, retired from practice, having had placed in his hands by an East India missionary the formula of a simple vegetable remedy, for the speedy and permanent cure for consumption, bronchitis, catarrh, asthma, and all throat and lung affections, also a positive and radical cure for nervous debility and all nervous complaints, after having tested its wonderful curative powers in thousands of cases, has felt it his duty to make it known to his suffering fellow-men. Actuated by this motive, and a desire to relieve human suffering, I will send, free of charge, to all who desire it, this recipe, with full directions for preparing and using, in German, French or English. Sent by mail by addressing with stamps, naming this paper, W. W. Sherwin, 149 Powers' Block, Rochester, New York Aug 20 '78.
