Prayer Meetings this month June 1st, 8th, 15th, 22nd and 29th at 8:30 P. M.  
Business Meeting June 22nd 8:30 P. M.  
every Fourth Thursday in each month at 8:30 P. M.  
M. GLOVER, President.  
F. S. DUNN, Secretary.

## LOCAL.

Rowesville is increasing in dignity since it has been incorporated.

Meroney's hotel is to be sold by the Sheriff on sale day.

Call at Dr. Wannamaker's if you want cures for all sorts of diseases. His soda water is excellent.

If you want fine imported Berkshire pigs call on Senator Andrews. They are the prettiest we ever saw.

D. Louis is selling off his large stock of goods at cost. Now is the time to get bargains.

The City Council of Columbia are taking active steps for the preservation of the health of that place.

Some of our farmers tell us that the late rains will prove beneficial to the crops if the people will keep the grass killed.

Mr. Pike has had an excellent coat of whitewash put on the beautiful new picket fence in front of his residence.

Nagle says the rains can't hurt his bridge across the Congaree, but he is uncertain as to when the Sheriff "might come along and knock her down."

## CORONER FORDHAM.

Committed the dead body of Anthony Kennelly the escaped convict who was shot and killed on Sunday to jail on Tuesday last.

A neat dwelling is being erected near the residence of Mr. Barney Williamson. The one put up on Market Street by Mr. Beck for our friend James Williams is also neat and tasty.

Mr. W. A. Edwards, foreman in our office, received the congratulations of his friends on Thursday last upon an increase in his family. We wish him and his son every prosperity.

We know a young man learning the milliner's trade. What woman would refuse such an offer as he would be? If you wanted a fancy dress made, a hat trimmed, &c, your old man could do either for you to a t.

## AGENTS WANTED.

Something new. A rare chance to make money. No capital required. 25 per cent commission allowed. Agents make \$5 to \$10 a day. Send stamp for outfit to L. L. Osment, Cleveland, Tenn.

We know a place where people are as jealous of their neighbor's catching a fish as Tilton was of his wife. There are some miserable little souls in this world, whose importance has been greatly magnified by "war, grim visaged and terrible." *Cui bono?*

The Orangeburg Rifle Team had better practice well before they announce themselves as ready to receive challenges. There are several splendid shots at Branchville, and our correspondent at that place informs us that a Team will be made up down there to wrestle with our Orangeburg boys for the championship of the county.

We trust it will be remembered that the Rev. Mr. Hartley will officiate in the Baptist Church to-morrow and to-morrow night. He is an able and earnest divine and we bespeak for him an appreciative congregation.

We have been informed by Coroner Fordham that he will investigate the Bull Swamp murder, thoroughly; and will have all parties, against whom there is a shadow of suspicion, arrested and bound over to answer at the next term of the Sessions.

We have often been asked why we require correspondents to write on but one side of the paper. It is this: We sometimes have to divide copy among our compositors, and of course we cannot divide a sheet written on both sides, and unless the paper is good it runs through and blotches, and causes mistakes.

## INSIDE OUT.

The Charleston Journal of Commerce says that Orangeburg will be turned inside out on the 4th of July. If such an event is to transpire, what a God's blessing it is to those who have been scented olfactories that nothing connected with our contemporary is on the inside of this staid old Burg?

## SCHOOL EXHIBITION.

The public will be afforded an opportunity to witness an interesting School Exhibition at Elliott Hall on the 30 inst. On that day the closing exercises of Mr. Mellichamp's popular school will take place and the affair promises to be imposing and interesting. An invitation to the public is extended.

## TO REMOVE MILDEW.

Wet the cloth mildewed with soft soap and salt, let it lie a short time, then wash it in good suds and lay it out to bleach. Repeat the process if necessary. Or, rub on soap, then scrape fine chalk on it, rub it well, lay it on the grass; as it dries, wet a little; repeat the process and the mildew will disappear.

## A REPUBLICAN MEETING.

Was held at the School House on Thursday night last at which several speeches were made and a committee appointed to act in concert with the 4th of July rallyers, the object being to ratify the nominees of the Cincinnati Convention on that day. The Barbecue will be a tremendous success. We learn that Gov. Chamberlain, Gen. Whipper and others have been invited to address the assemblage.

Judge Mackey suggests a novel plan for preventing drunkenness. It is this: Allow every person to sell as much liquor as he wishes without license or tax; but require those who wish to drink to apply for license, and to give notice of such application for one month in a respectable newspaper, and then, in case there be no valid objection, to enter into good and sufficient bond for good behavior, &c, before the license is granted.

## COTTON BLOOM.

Captain F. H. W. Briggmann has the distinction and no one shall take it away from him. For days we have looked in vain for new cotton blooms. At one time we depaired of the success of our farmers, that is, we thought they were behind hand in the way of forward cotton. Captain Briggmann, however, always up with it not ahead of his neighbors, dispelled our depression on Thursday last by laying upon our table two large cotton blooms. The Captain says he has many acres in the same condition. Give him the premium.

## ELECTIC MAGAZINE.

The July number of the *Electric*, which begins a new volume, is rendered doubly attractive by two excellent illustrations on steel—one a patriotic picture, appropriate to the time, "The Battle of Bunker Hill," the other a fancy subject entitled "Far from Home." The latter of these is especially good, and would alone suffice to render this number of the magazine worth possessing. The literary contents are also seasonable and varied. The July number begins a new volume of the *Electric*, and affords a favorable opportunity to subscribe.

Published by E. R. Pelton, 25 Bond Street New York. Terms \$5 per year; Single numbers, 45 cents.

## EDISTO RIFLES.

A meeting of this company was held on Tuesday night last for the purpose of effecting a permanent organization. The following officers were elected:

- S. Dibble, Captain.
- W. V. Izlar, 1st Lieutenant.
- W. H. Perryclear, 2d Lieut.
- G. W. Brunson, 3d Lieut.
- J. G. Vose, 1st Sergeant.
- L. H. Wannamake, 2d Sergt.
- E. J. Felder, 3d Sergt.
- P. G. Cannon, 4th Sergt.
- W. P. Brunson, 5th Sergt.
- C. F. Gehrels, 1st Corporal.
- S. A. Reeves, 2d Corp'l.
- John English, 3d Corp'l.
- F. M. Kinney, 4th Corp'l.
- F. S. DeTreville, Secretary and Treasurer.
- Rev. J. Bachman Haskell, Chaplain.
- Dr. M. G. Salley, Surgeon.

The company organized with thirty six members, and with a fair prospect of many accessions.

## FINE PICTURES.

If any of our readers desire to have fine photographs or ambrotypes taken of themselves or families, they should visit the gallery of Mr. F. A. Schifley in this place at the first opportunity. Young man, if you want the picture of your sweetheart persuade her to call on Schifley, and she will receive a "faint resemblance" which she will not be ashamed to place next your heart. He has the magic art of taking a pretty photograph from an ugly object, of making an old maid look like a blooming lass of sweet sixteen, and should be patronized by everybody.

## THE ESCAPED PRISONERS.

Coroner Fordham held an inquest over the body of Anthony Kennelly on Tuesday of this week, from whom we gather, that on Sunday afternoon last Anthony Kennelly and Simon Green, two of the prisoners that escaped sometime back from the County jail, came up to where T. C. Glover and J. J. Pinckney were sitting in the road in Pine Grove Township, in the neighborhood of Oakland, and inquired of Pinckney the way to the river, when Green was recognized as an escaped prisoner. Pinckney told them the way, adding that he knew them and that they were escaped prisoners. After they walked on down the road, Glover remarked to Pinckney, "They acknowledged who they were, and it is our duty to arrest them." Pinckney replied that he was afraid of them as they might be armed, but was willing to run around them to a certain man's house, borrow a gun, and try to head them in the road. In doing this they met three other parties whom they impressed to assist them, and then selected a place in front of the prisoners where they laid in wait for them. As the culprits neared the spot where Pinckney and his crowd were concealed they sprang out and halted them, whereupon Simon Green came to a stand still, and evinced signs of a willingness to give up; but Anthony Kennelly wheeled and fled, and was followed down the road by Pinckney and others, who repeatedly called upon him to stop. From the facts elicited at the Coroner's inquest it seems that the gun Pinckney had was out of repair and would not stand cocked well; that he had sprung it as soon as he started in pursuit of the fugitive, who would run first in and then out of the road; that during the race the gun went off in the hands of Pinckney, who had no intention of shooting Kennelly; that after the shooting the latter ran over two hundred yards, jumping ditches and fences, before falling to the ground, and that when he did fall none of his pursuers knew that he was hit until they came up to him and found blood running from his mouth. He died two or three hours after he was shot.

The following is the verdict of the jury: That Anthony Kennelly came to his death in manner and form aforesaid, to wit: from a gun shot wound, said wound being inflicted by negligence or accident.

Simon Green was brought into town and turned over to the Sheriff.

## BRANCHVILLE ITEMS.

The young men of Branchville speak of organizing a rifle team, to compete with Orangeburg for the championship of the County.

Mr. R. Lewis Berry is erecting a neat cottage on town. Madam Rumor says the bird will be caught as soon as the cage is completed.

The Edisto River near this place is several feet higher than it has ever been in the recollection of the oldest inhabitants.

"Gods' mills grind slowly yet they grind exceedingly small" and our friend Smoke has a mill which though it *saws* slowly yet it *saws* exceedingly small legs.

Mr. Jas. Van Tassel County Auditor was in town on Saturday assessing property. Quite a large crowd was here on that day.

Our Intendant W. H. Reedish, with his usual interest in the appearance of our town and the preservation of public property, has given the Town Hall several coats of "liquid plaster," which at a short distance can not be distinguished from paint. A view of the "compound" will richly repay the trouble of a visit to Branchville. It must be seen to be fully appreciated.

A FLOWER THAT CHANGES ITS COLOR.—Botany is a division of natural science which treats of plants, and a study of Vegetable Physiology must be the foundation of botanical knowledge—a study only possible by the improvements in the microscope and in organic chemistry. As plants are not scattered haphazard over the earth, botanical geography must be studied, with this, plant-history. Botany may be applied to the wants of every-day life, as in Agriculture, Horticulture, or Medical Botany. Animals often exhibit a marvelous instinct in selecting medicinal herbs, and an observation of their habits has often, even in the present time, led to most valuable discoveries. And should man, with his knowledge and appliances, fail to discover less than the brute? It is of Medical Botany we would speak, or of the Hepatine Plant, discovered in Southern Nubia,

the Flower of which changes its color with every change of the atmosphere. The remarkable changes and variations of this Plant and Flower have been for years our special study, resulting in the discovery of its possession of wonderful medical properties, the existence and value of which have heretofore been entirely unknown to medical science. After much labor and scientific investigation, we have succeeded in extracting its peculiar medicinal principles, which is a specific and cure for all diseases of the Liver, Stomach and Bowels; a permanent cure for Dyspepsia, Indigestion, Spleen, Constipation, Jaundice, and all Billious Complaints. Of course we cannot send a living Flower of this Plant to all who read of Hepatine; but to all who will send their address to Merrell & Couden, Philadelphia, Pa., with a three-cent stamp for return postage, we will send Free a fac-simile of the Flower, that will change its color just the same as the real Hepatine Flower.

The Medicine, Merrell's Hepatine for sale by Dr. A. C. Dukes Orangeburg, S. C., and will cure all diseases of the Liver.

Dispepsia. Americans are particularly subject to this disease and its effects: such as Sour Stomach, Sick Headache, Habitual costiveness, Heart burn, Water brash, coming up of the food coated tongue, disagreeable taste in the mouth, palpitation of the Heart and all diseases of the Stomach and Liver. Two doses of Green's August Flower will relieve you at once, and there positively is not a case in the United States it will not cure. If you doubt this go to your Druggist Dr. C. Dukes, and get a sample bottle for 10 cents and try it. Regular size 75 cents.

## FAIR NOTICE.

All Accounts due me, and not settled by the 1st of July, will be placed in the hands of a Trial Justice for Collection, as my circumstances will not permit me to give longer indulgence.

J. W. MOSELEY.

June 15th 1876.  
Jun 17 31

## ORANGEBURG.

IN COMMON PLEAS.

Oliveros vs. Oliveros, et al.

For Sale, the Lot, and Residence on Russell Street recently erected, between Mr. Pitzer and Mr. Scoville's, with the ornamental material for finishing the piazzas, &c, in handsome style. The house has French roof, three bay windows, and kitchen extension, and has eleven Rooms in all. The Lot extends back to Glover Street, in the rear, has outbuildings and a fine Well of water. For further particulars, apply to Mrs. Rosa Oliveros, Executrix, or the undersigned, who will receive proposals for the purchase of the same.

The time for proof of claims against the Estate of the late Esdras I. Oliveros has been extended to August 1st, 1876.

By Order of the Court,  
C. B. GLOVER,  
Referee.

June 3

## NOTICE.

OFFICE OF SCHOOL COMMISSIONER.  
ORANGEBURG COUNTY.

ORANGEBURG, S. C., June 10th 1876.

Notice is hereby given in accordance to Section 49 of an act to establish and maintain a system of Free Common Schools for the State of South Carolina approved March 6th 1871, provides that an annual meeting of each School District, shall be held on the last Saturday in June of each year at 12 o'clock M. Notice of the time and place being given by the Clerk of the Board of Trustees by posted written or printed notices in their public place of the District at least 10 days before the meeting. To raise by tax in addition to the amount apportioned to the State to their use, such further sum of money as they deem proper for the support of public schools. Said sum not to be more the \$3-00 for every child in the District between the ages of six and sixteen, as asserted by the last enumeration, said to be collected by the County Treasurer and to be held by him subject to the order of the Trustees, commissioned by the County School Commissioner.

THOS. PHILLIPS,  
Co. School Comr. of

June 10—It Orangeburg, Co., C. H.
