

LANDS AT PRIVATE SALE.

The subscriber offers for sale the following Tracts of Land, at the following reduced prices:

One Tract adjoining lands of Elias Durant, Matilda Durant and John Donalds, in Middle Salem, containing by resurvey 352 acres at \$352.

One Tract, on Lynche's Creek, known as the Bradley Tract, lying between English's cross roads and Durant's Ferry, adjoining lands of David Cole and others, containing 303 acres at \$400.

One Tract, on Lynche's Creek, in Darlington District, with Durant's Ferry attached to it together with a large new flat, containing 148 acres, at the very reduced price of \$400.

One other Tract, on Hope swamp, adjoining lands of Wells, Hancock and Wilson, of 200 acres more or less, at One Dollar, and One Dollar and Fifty Cents per acre.

The quality of Lynche's Creek lands are too well known to require any praise or puffing. Suffice it to say then, that on such lands as I am offering at the above reduced prices, I have heretofore made with proper cultivation and manuring, one bale cotton per acre.

I am also the Agent to sell several other large bodies of Lands in a high state of cultivation and improvement; which are offered at the small sum of \$3 per acre.

Terms are made to suit purchasers; any length of time given that is at all reasonable.

EPPING'S

COMPOUND FLUID EXTRACT OF SASSAPARILLA AND QUEEN'S DELIGHT.

There are few cases of chronic and painful Rheumatism that will not yield to the influence of Sarsaparilla and Queen's Delight if duly persevered, especially if taken in conjunction with Hydr. of Potash, times called Mercurial Rheumatism (violent pains in the bones, &c.) resulting from the mercury taken by patients during severe fevers and other protracted disease.

It is highly recommended for all diseases of the skin, chronic as well as recent. One bottle will, in most instances, effectually remove all pimples, pustules, or blotches on the face, to which young persons in this climate are so much subjected to, arising either from impurity of the blood or debility. It is the best remedy known for scrofulous affections, sores, and breakings out in young children, and is safe and efficacious in removing entirely every trace of hereditary diseases from the system in the tenderest infant; in fact in all cutaneous affections it is invaluable. As a general purifier of the blood, and an eradicator of all obstinate diseases this preparation will undoubtedly take the precedence of all other remedies. It gently operates upon and regulates the bowels, restores to the blood its wonted purity, gives tone to the stomach, and promotes digestion.

It will effectually relieve Erysipelas even in its worst stages, and all persons suffering from this distressing complaint are advised to use it, first so, but if no marked relief be found after taking one bottle, it will be necessary to use the Hydrated Potash with it.

Not wishing to publish certificates as is done in the case of all quack medicines of the day, to effect their sale, and so force them upon the public, the subscriber begs leave to state that this preparation has been prescribed and used by a number of Physicians and Planters of our city and neighborhood, with great success, viz: Dr. H. R. Froot, Dr. W. G. Ramsay, Dr. Thos. Y. Simmons, Dr. C. C. Pritchard, Mr. S. Legare, Lieut. Wilson, U. S. R. S., all of this city, Dr. James Stoney, Beaufort, Dr. J. A. Mayes, Sumter, &c.

For the composition of this preparation, and the Medicinal Properties of the Queen's Delight, Physicians are respectfully referred to the 5th and 6th Nos. Vol. 1, of the "Southern Journal of Medicine and Pharmacy."

Price \$1 per bottle, or \$5 for 6 do. The same preparation as a Syrup, is also prepared at \$1 per quart bottle, or \$5 per 6 bottles.

The Clarendon Female ACADEMY.

The Trustees having resumed the services of Mr. ENAMBO B. BACON, and Miss JULIA A. PARKER, will open a FEMALE ACADEMY in the Sand Hills in Clarendon, Sumter District, S. C., on the 15th January, 1848.

The Trustees feel great confidence in recommending this institution to the public, believing that Young Ladies will here be thoroughly instructed in all the branches of an English education, as well as the polite departments of Music, Painting and Modern Languages. This confidence arises from the fact that Mr. Bacon has had twenty years successful experience in teaching Music, and Miss Parker many years experience in a public school in Philadelphia, and comes from that city with an established reputation.

The Academy is situated in the Sand Hills, in the immediate vicinity of Episcopal and Methodist Churches, and within ten miles of the Camden Rail Road.

There will be an annual vacation from the 15th November to the 15th of January.

Terms per session of 5 months.

GIN MAKING, & C.

We are prepared to execute orders to any extent in the above line, both for new work and repairs. Our Gins are not surpassed by any made in the State, possessing all the advantages of the Falling Breast and Sliding Rib, which saves a great deal in way of repairs. We also use the Steel Plate Saws, with teeth set in an angle that cannot possibly injure the finest staple, with an improvement to regulate the moting of the cotton; our brush is constructed on a plan, giving at once, the advantages of lightness, strength and force—all very material in the successful operation of a Gin. We would invite planters to call at our shop and examine for themselves, whilst we would assure the public generally, that they shall have no cause to complain either of our work or prices.

CABINET MAKING.
We are also prepared to do work in the Cabinet line—such as Bedsteads, Wardrobes, Safes, Book cases, Stands, Tables, Cupboards, &c. &c. at short notice, on liberal terms.
