BUCEPHALUS, JR.
The subscriber, through the solicitation of his friends, has made arrangements to stand his celebrated Horse BUCEPHALUS, Jr. in Sumter District, the ensuing spring. Said Horse may be expected to pass through the Saloma, Sumterville, by Fulton, and perhaps Statesburg, and in the Fork of Black River; and any other place where sufficiently encouraged and convenient to his route, which will be determined by the groom, whose experience as a groom, is equal to any in the State.
Terms—Bucephalus, Jr. will be let to mares at \$4.00 the single leap; \$8.00 the season, and \$12.00 to insure a mare to be in foal; 25 cents to the groom in every instance. Parting with the mare forfeits the insurance in every instance. Every care will be taken to prevent accidents, but no liability should any occur.
N. B. Where a company of 6 or 8 mares is made up by responsible persons, and the Horse and Groom furnished free of charge as he is passing round through the season, I will reduce the season to \$7, and the insurance to \$10. I will also give the same chance to all those who feel disposed to patronize my Horse upon said terms and conditions.

PEDIGREE.
Bucephalus, Jr. was got by J. P. Rodgers' Bucephalus; he by Williamson's Bedford of Virginia, and he by Old imported Bedford. Old Bucephalus' dam was by old King Hero, and he by Twig; Twig by the old imported Janus; his g. dam was, according to information, a Medley. Bucephalus Junior's dam was got by old White Oak Split; he by Lewis Collins' Split, whose performance as a Race Horse was well established on the Camden Turf, and he out of the old imported Rattle-the-Cash; Bucephalus Jr's, g. dam was got by Marcus.
I could here publish a long list of certificates from different Districts relative to Bucephalus Jr's reputation as a foal getter, but deem it useless, as reference can be had to his printed bills, and to citizens of Sumter District, who have seen of his colts and know they will not suffer by comparison with those of any other Horse.

MONTGOMERY, (ALA.) JAN. 21st, 1848.
J. P. M. EPPING, Esq.
Dear Sir—Your preparation "Stylingia" or "Queen's Delight," is attracting some attention in this place; and we think it only necessary that it should be attainable to render it very saleable. Below we will give you a few lines from Dr. Bernay as reflecting the opinion of the profession here of the merits of the preparation. Dr. B. is a Physician of large practice and extended reputation, and whose recommendation would go far to extend the sale of your Medicine—you can send us a lot to the care of T. S. G. Mobile. Respectfully,
JENNINGS & CAFFEY, DRUGGISTS.

Mr. J. P. M. EPPING:
Sir—I am pleased to discover, from the accompanying letter of Messrs. Jennings & Caffey, that they have applied to you for an Agency for the sale of your preparation of Stylingia. It would be, I am persuaded, greatly to your interest to establish an Agency here, and should you determine to do so, Jennings & Caffey would do as well for you as any house in this place. They are responsible and clever gentlemen, well known to the community as such, and you would confer a favor upon the faculty generally, as well as the people, if you would place us in possession of your preparation. I have ever been pleased with the Stylingia in the treatment of certain affections, having first received an acquaintance with its remedial properties, years since, from my friend and preceptor Dr. Thos. Y. Simons, of your city, to whom I would refer you, if I thought necessary.
Respectfully,
"JAMES BERNEY, M. D."
I publish the above letters to still further satisfy the public of the value of my preparation of Sarsaparilla and Queen's Delight. The last one shows conclusively how it is estimated by the more enlightened portion of the Medical profession, and meets effectually the sneers, &c., &c., of some of our world great Doctors who try to put it down. Why? Because it has been the means of relieving and curing people which they had treated in vain for years.

EPPING'S COMPOUND FLUID EXTRACT OF SARSAPARILLA AND QUEEN'S DELIGHT.
There are few cases of chronic and painful Rheumatism that will not yield to the influence of Sarsaparilla and Queen's Delight, judly persevered, especially if taken in conjunction with Hydr. of Potash, (times called Mercurial Rheumatism) (violent pains in the bones, &c.) resulting from the mercury taken by patients during severe fevers, and other protracted disease.
It is highly recommended for all diseases of the skin, chronic as well as recent. One bottle will, in most instances, effectually remove all pimples, pustules, or blotches on the face, to which young persons in this climate are so much subjected, arising either from impurity of the blood or debility. It is the best remedy known for acrofulous affections, sores, and breakings out in young children, and is safe and efficacious in removing entirely every trace of hereditary diseases from the system in the tenderest infant, in fact all cutaneous affections it is invaluable. As a general purifier of the blood, and an eradicator of all obstinate diseases this preparation will undoubtedly take the precedence of all other remedies. It gently operates upon and regulates the bowels, restores to the blood its wonted purity, gives tone to the stomach, and promotes digestion.
It will effectually relieve Erysipelas even in its worst stages, and all persons suffering from this distressing complaint are advised to use it first, so, but no marked relief be found after taking one bottle, it will be necessary to use the Hydrated Potash with it.
Not wishing to publish certificates as is done in the case of all quack medicines of the day, to effect their sale, and so force them upon the public, the subscriber begs leave to state that this preparation has been prescribed and used by a number of Physicians and Practitioners of our city and neighborhood, with great success, viz: Dr. H. H. Frost, Dr. W. S. Ramsay, Dr. Thos. Y. Simons, Dr. C. G. Pritchard, Mr. S. Legore, Lieut. Wilson, U. S. R. S., all of this city; Dr. James Stoney, Beaufort; Dr. J. A. Mayer, Sumter, &c.
For the composition of this preparation, and the Medicinal Properties of the Queen's Delight, Physicians are respectfully referred to the 5th and 6th Nos. Vol. 3, of the "Southern Journal of Medicine and Pharmacy."
Price \$1 per bottle, or \$5 for a do. The same preparation as a Syrup, is also prepared at \$1 per quart bottle, or \$5 per 6 bottles.

GIN MAKING, & C.
We are prepared to execute orders to any extent in the above line, both for new work and repairs. Our Gins are not surpassed by any made in the State, possessing all the advantages of the Falling Breast and Sliding Ribs, which saves a great deal in way of repairs. We also use the Steel Plate Saws with teeth set in an angle that cannot possibly injure the finest staple, with an improvement to regulate the moting of the cotton, our mill is constructed on a plan, giving it once the advantages of lightness, strength and operation all very material in the successful operation of a Gin. We would invite planters to call at our shop and examine for themselves, whilst we would assure the public generally, that they shall have no cause to complain either of our work or prices.
CABINET MAKING.
We are also prepared to do work in the Cabinet line—such as Bedsteads, Wardrobes, Safes, Book cases, Stands, Tables, Cupboards, &c. &c. at short notice, on liberal terms.
