MONTGOMERY, (ALA.) JAN. 21, 1846
J. P. M. EPPING, Esq.
Dear Sir—Your preparation "Stylingia" or "Queen's Delight," is attracting some attention in this place; and we think it only necessary that it should be attainable to render it very saleable. * * * Below we will give you a few lines from Dr. Bernoy as reflecting the opinion of the profession here of the merits of the preparation. Dr. B. is a Physician of large practice and extended reputation, and whose recommendation would go far to extend the sale of your Medicine. You can send us a lot to the care of T. S. G. Mobile, * * * *
Respectfully,
JENNINGS & CAFFEY, DRUGGISTS.

Mr. J. P. M. EPPING:
Sir,—I am pleased to discover, from the accompanying letter of Messrs. Jennings & Caffey, that they have applied to you for an Agency for the sale of your preparation of Stylingia. It would be, I am persuaded, greatly to your interest to establish an Agency here, and should you determine to do so, Jennings & Caffey would do as well for you as any house in this place. They are respectable and clever gentlemen, well known to the community as such, and you would confer a favor upon the faculty generally, as well as the people, if you would place us in possession of your preparation. I have ever been pleased with the Stylingia in the treatment of certain affections, having first received an acquaintance with its remedial properties, years since, from my friend and preceptor Dr. Thos. Y. Simons, of your city, to whom I would refer you, if I thought necessary.
Respectfully,
"JAMES BERNEY, M. D." I publish the above letters to still further satisfy the public of the value of my preparation of Sarsaparilla and Queen's Delight. The last one shows conclusively how it is estimated by the more enlightened portion of the Medical profession, and meets effectually the sneers, &c., &c., of some of our worst great Doctors who try to put it down. Why? Because it has been the means of relieving and curing people which they had treated in vain for years.
J. P. M. EPPING, Chemist and Druggist, No. 277 King-st., opposite Society-st. Feb. 23, 17 tf

GIN MAKING, & C.
We are prepared to execute orders to any extent in the above line, both for new work and repairs. Our Gins are not surpassed by any made in the State, possessing all the advantages of the Falling Breast and Sliding Ribs, which saves a great deal in way of repairs. We also use the Steel Plate Saws, with teeth set in an angle that cannot possibly injure the finest staple, with an improvement to regulate the moting of the cotton; our brush is constructed on a plan, giving at once, the advantages of lightness, strength and force—all very material in the successful operation of a Gin. We would invite planters to call at our shop and examine for themselves, whilst we would assure the public generally, that they shall have no cause to complain either of our work or prices.
CABINET MAKING.
We are also prepared to do work in the Cabinet line—such as Bedsteads, Wardrobes, Safes, Book cases, Stands, Tables, Cupboards, &c. &c. at short notice, on liberal terms.

Scarcely a day elapses in which we do not receive some new testimonial in favor of Winter's Balsam. The subjoined was sent us yesterday by an entire stranger, who could have been influenced by no selfish motive.
New Hampton, April 6, 1846.
Mr. Fowler: Dear Sir—Having been troubled about four years with pain in the side and stomach and after trying various remedies but to no effect, I tried the Balsam of Wild Cherry, which gave me immediate relief, and I can hereby assure the public, that in my opinion, it is the best medicine for lung and consumptive complaints which has ever been introduced to the public, and I judge from my own experience.
