**For Sale.**  
A pleasant and very healthy situation, 1-3-4 miles South of Sumterville, consisting of nearly 200 acres, for sale. It is high and pleasant location with not a pond on it. It is, for its class, good provision land, and will take, to great advantage, any of the ordinary measures of the country. On the premises are a dwelling house of five good beds, and one hot room, and excellent barn, with stable annexed, good posthouse, and at the fork of the roads a snug frame building put up recently for a school house, besides there are other buildings, of course, of an indisputable character, for a farm. There are between 40 and 50 acres cleared and under good fence, two wells of excellent water. On the tract, is a fine parcel of Oak Wood, which will ever command a price in Sumterville, and the Railroad, which will run between the town and his place, will ever afford a market, for the pine wood, of which, in value, there is a great deal more, than he asks for the place, he has found Potatoes a very good winter range for cows, and some of his neighbors, he thinks, look upon it, as not a bad one for hogs experience has shown him, that the peach tree grows well, and on the premises, may be found an orchard of that fruit, many of the trees of which will compare well, with any in the District. To a suitable purchaser, he will be accommodating, and will take in gross in payment, in part, or altogether, as may be agreed upon.

**Valuable Secret Disclosed.**  
The welfare of the American people renders it necessary that they should be made cognizant with a very momentous and valuable secret, having an intimate connection with their pecuniary interests, the great importance of which, urgently demands their most serious and deliberate attention. There can be very little doubt that there exists in the whole human family an universal desire to hear the "slings and arrows of outrageous Fortune," so long as they see others of the genus Homo, (whether by the exercise of a more acute understanding, or the result of purely fortuitous circumstances) dwelling in marble halls, surrounded by parasites, and reveling in luxury, ease and contentment. Greedy and fearfully objecting to such "unenvied handed Justice," and coolly determined to destroy this envious medium of basking in the sunshine of fortune, and if possible to establish an equilibrium in society, PYFER & CO., the truly fortunate, far famed and old established Lottery Brokers, generously impart to the public the offspring of their laborious researches in the abstract mysteries of the dark ages—THE ANACASUS or WAZULIT. The cabalistic words are seven in number, and when arranged according to the directions of the CABALA, signify
