Da. S. P. Townsen—I verily believe your Serse-parilla has been the means, through Providence, of saving my life. I have for several years had a bad Cough. It became worse and worse. At last I raised large quantities of blood, had night sweate, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsa-parilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, and my cough her left me. You can well imagine that I am thankful for these results. Your obedient servant.

It immediately counteracts the nervelousness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in cases of so delicate a nature to exhibit certificates of cures performed, but we can essure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable Medicine, have been blessed with fine healthy offspring.

Dr. S. P. Townsend—Dear Sir: I am constrained to give you a statement of the benefit I durined from using your Saraparilla, believing by so doing, I shall render a benefit to those who are suffering as I have been. I was reduced for many months by the Dyspersia, so much that it was with much difficulty for me to walk or keep about. I had also a tetter, which covered the most part of my head—which was extremely troubleaone and sore; it got to be almost a scab. I used quite a number of remedics for both tha complaint, but received little or no benefit until I took your Saraparilla, which, through the kindness of Frovidence, has restored me to more than my usual health, as I am now enjoying better than I have for a number of years. I am now 60 years of age. I believe it to be an invaluable medicine, and recommend it to my numerous acquaintances, which is very large, as I have been a minister a great memy years. I hope this heaty asketch may be as much benefit to you as your medicine has to me.

The following was sent to our Agent in Rahway, by the Rev. J. O. TUNISON, of the Methodist Episcopal Church—one of the most learned and respected in the connection—and is another evidence of the wonderful effects of Dr. S. P. Townsend's Sarsaparilla on the system.

Friend Prasson—Having for some time past, as you are aware, experienced great general debility of my system, attended with constant and slarning irritation of my throat and lungs, I was, at your instance, and in consequence of lisving read Captain McLean's decided testimony in its behalf, induced to try Dr. S. P. Townsend's far-famed Sarsaparilla. I tried it, I confess, more in the hope than in the confidence of its proving efficacious; but I sra bound in candor now to acknowledge, that I had not tried it long before I began to experience its salutary effects; and I may now say, with Captain McLean, "that I would not be without it on any consideration." It has done me more good than any provious remedy I have tried, and if this statement is decreed by you of any importance, you have my full consent to make if public.

Three Children.

DR. S. P. Townersn.—Dear Sir: I have the plea-sure to inform you that three of my children have been cured of the Scrouls by the use of your excellent medicine. They were afflicted very severely with bad Sores; have taken only four bottles, it took them away, for which I feel my self under great obligation.
