Pain in the Side, 4c., here been end can be curea.

Spitting Blood.

Da. S. P. Townsens.—I verily believe your Sarsa. parilla has been the means, through frovidence, of saving my life. I have for several years had a bad Cough. It became worrs and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsa. parilla a short time, and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood and my cough has left me. You can well imaging that I am thankful for those results. Your obedient servant.

WM. RUSSEL, 66 Catherine.st.

DR. S. P. Tawrsend's Sarsaparilla is a sovereign and speedy cure for Incipient Consumption, Barrenness, Prolapsus Uteri, or Falling of the Womb, Costiveness, Files, Leucorchea, or White, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the general prostration of the system—no matter whether the result of inherent cause or cause, produced by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great cause of Barrenness. It will not be expected of us, in esses of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us. Thousands of cases where families have been without children, after using a few bottles of this invaluable Melicine, have been blessed with fine healthy offspring. Female Medicines.

Great Blessing to Mothers and Children.
It is the safest and most effectual medicine for purifying the system, and relieving the sufarings attendant upon childbirt, ever diseasered. It strengthens both the mother and the child, prevents pain and disease, increases and enriches the food; those who have used it, think it is indispensable. It is highly useful both before and after confinement, is in prevents diseases attendant upon child-hirth—its Costiveness, Files Gramps, Swelling of the Feet, Despondancy, if surfour, Vomiting, Fain in the Back and faint, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation, it has no equal. The great benty of this medicine is it is always safe, and the most delicate use it most successfully, very few cases require any other modicine in some a little Castor Ot, or Magnesia is useful. Exercise in the open air, and light food with this medicine, will always secure a safe and easy confinement.

The Rev. John Seger Great Blessing to Mothers and Children.

The Rev. John Seger Of Jersey City, an old and highly respeciable cler-gyman of the Enplist Denomination, hended in the following certificate at Dr. S. P. Townsend's office. It speaks for itself.

Da. S. P. Townsend-Dear Sir: I am constrained to give you a statement of the benefit I derived." to give you a statement of the beneft I derive? from using your Sarsapurilla, believing, by so doing, I shall render a benefit to those who are antering as I have been. I was reduced for many months by the Dyspersia, so much that it was with much difficulty for me to walk or keep about I had also a tetter, which covered the mort part of my head—which was extremely troublesome and sore; it got to be almost a scab. I used quite a number of remedies for both the complaints, but received little or no benefit until I took your Sarsaparilla, which, through the kindness of Providence, has restored me to more than my usual health, as I am now enjoying better than I here for a number of years. I am now 60 years of ege. I believe it to be an invaluable medicine, and recommend it to my numerous acquisintances, which is very large, as I have been a minister a great many years. I hope this hasty sketch may be as much benefit to you as your medicine has to me.

Methodist Clergyman.

Methodist Clergyman. The following was sent to our Agent in Rah-way, by the Rev. J. O. TUNISON, of the Methodist Episcopal Church—one of the most learned and re-spected in the connection—and is another evidence of the wonderful effects of Dr. S. P. Townsend's Sarsaparilla on the system.

of the wonderful effects of Dr. S. P. Townsend's Sarsaparilla on the system.

Friend Pearson—Having for some time past, as you are aware, experienced great general debility of my system, attended with constant and alarming irritation of my throat and lungs, I was, at your instance, and in consequence of having read Captain McLean's decided testinony in its behalf, induced to try Dr. S. P. Townsend's far-famed Sarsaparilla. I tried it, I confess, more in the hope than in the confidence of its proving efficacious; but I am bound in candor now to acknowledge, that I had not tried it long before I began to experience its salutary effects; and I may now say, with Captain McLean, "that I would not be without it on any consideration." It has done me more good than any previous remedy I have tried, and if this statement is deemed by you of any importance, you have my full consent to make it public.

SCROPULA CURED.

SCROFULA CURED.

This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the blood. Three persons cured in one house is unprecedented.

Three Children.

Da. S. P. Townsrap—Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Sprofula by the use of your excellent medicine. They were afflicted very soverely with bad Sores; have taken only four bottles; it took them away, for which I feel my self under great obligation.

Very respectfully,
