"DB. HOOFLAND'S GERMAN BITTERS—Here is a preparation which the leading present in the Union-appear to be anardmons in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times, the late Dr. Christopher Wilhelm Hoofland, Professor to the University of Jena, Private Physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of humbag, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipution, and all complaints arising from a disordered

Evidence upon evidence has been received dike the foregainty from all sections of the Universally prized.

(like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it usmony in its favor, is, that there is more of it us-ed in the practice of the regular Physicians of Philadelphia than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when prevented even in this form. in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stom-

The great openlicities and excellences.

The great peculiarity and excellence of Dr. Christie's Galvanic Curatives, consists in the fact that they arrest and cure disease by entreard application, in place of the usual mode of drugging, and phy sicking the patient, till exhausted Nature sinks hopelessly under the infliction.

60,000 Persons including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been ENTIRELY AND PERMANENTLY CURED.

Perputation:

Sidney, New Jersey, July 12, 1949.

Dr. A. H. Christie-Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows: application of THE GALVANIC BELT AND NECK-Vertigo, Aridity of the Stomach, Constipution, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proportion of its excellence, and several opicitor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted.

MORE EVIDENCE.

The "Philadelphia papers express their conviction of its excellence, and several prictor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted.

MORE EVIDENCE.

The "Philadelphia papers express their conviction of its excellence, and several conviction of the winter of '45 and '46, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year sfire year, caused me indescribable anguish. Farther: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as the confidence and patronage of our readers; and, therefore, when we recommend what are the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hootland's German Eitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are not speaking of the nostrums of the day, that are not speaking of the nostrums of the day, that are not speaking of the nostrums of the day, that are not speaking of the proposed and then forgotten after they have done their guilty race of mischief, but of a medicine long established, miverally prized and which.

ENTIRELY AND PERMANENTLY CURED, when all hope of relief had been given up, and every thing eise been tried in visin!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSFEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, official temperary relied but which leave the patient in a lower state, and with injured faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the Body, using the Magnetic Fluid as directed. In a short period the intensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping my a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSFEPSIA are PERMANENTLY CURED. A FEW DAYS IS AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.
