Among those we consider worthy of notice is the German Bitters, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine have been tested, has fallen under our observation. During the last summer, a sen of Mr. Arranam Crantill. of this county, was Mr. Abraham Crabilla, of this county, was very seriously afflicted with Liver complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distre malady, that he produced another bottle, and is restored entirely to health."

The Rev. John Seger Great Blessing to Mothers and Children,

The Rev. John Seger Of Jerrey City, an old and highly respectable cler-gyman of the Baptist Denomination, handed in the following certificate at Dr. S. P. Townsend's office. It speaks for itself.

is peaks for itself.

DR. S. P. Townsknp—Dear Sir: I am constrained to give you a statement of the benefit i derived from using your Sarsaparilla, believing, by andoing, I shall render a benefit to those who are sulfering as I have been. I was reduced for many months by the Dyspepsia, so much that it was with much difficulty for me to walk or keep shout I had also a tetter, which covered the most part of my head—which was extremely troublesome and sore; it got to be almost a cash. I used quite a number of remedies for both the complaints, but received little or no benefit until I took your Sarsaparilla, which, through the kindness of Provilence, has restored me to more than my usual health, as I am now enjoying better than I have for a number of years. I am now 60 years of age. I believe it to be an invaluable medicine, and recommend it to my numerous acquaintances, which is very large, as I have been a minister a great many years. I hope this hasty sketch may be as much benefit to you as your medicine has to me.

Methodist Clergyman. The following was sent to our Agent in Rah-way, by the Rev. J. O. TUNISON, of the Methodist Episcopal Church—one of the most learned and re-spected in the connection—and is another evidence of the wonderful effects of Dr. S. F. Townsend's Saraparilla on the system.

Suraparilla on the system.

Fairnd Prazion.—Having for some time nast, as you are aware, experienced great general debility of my system, attended with constant and slarming irritation of my throat and lungs, I was, at your instance, and in consequence of having stad Captain McLean's decided testimony in its behalf, induced to try Dr. S. P. Townsend's far-famed Sarzaparilla. I tried it, I confess, more in the hope than in the confidence of its proving efficacions; but I am bound in candor now to acknowledge, that I had not tried it long before I began to experience its salutary effects; and I may now say, with Captain McLean, "that I would not be without it on any consideration." It has done me more good than any previous remedy I have tried, and if this statement is deemed by you of any importance, you have my full consent to make it public.
