The Father's Lesson to His Children. BY FINLEY JOHNSON. Judge lightly, O judge lightly, Of the evil deeds of men...

Let not the blessings we enjoy, Fill us with joy and pride; Because we have not felt like them...

The Turin Papyrus. From the Palmetto State Banner. The Duke of Northumberland has presented a copy of the celebrated Turin papyrus to the Boston Athenaeum...

Politeness is the outward garment of good-will; but many are the nutshells in which, if you crack them, nothing like a kernel is to be found.

My Dear Sir—The Turin papyrus is a most interesting as well as a most ancient manuscript, of the earliest Pharaohs of Egypt.

My Dear Sir—Love is a sweet cantation, which attacks people with great severity between eighteen and twenty-two. Its premonitory symptoms are sighs, ruffled shirts, tingles, bear's grease and whiskers.

So Carolina.—Sumter Dist. C. D. VAUGHAN, who is in the Custody of the Sheriff of Sumter District, by virtue of certain Writs of Capias ad Satisfaciendum...

Take Out Your Negro. Committed to Jail on the 21st August, 1851, a negro man, w. says his name is Gabriel, and that he belongs to Dr. T. S. Wilson.

It is difficult to say whether the young merchant was more amazed than amused, but the very grave and solemn air of the Chinaman convinced him that he was in sober earnest; and he was compelled, therefore, to refuse the order with as much placidity as he could assume.

The merchant afterward had a hearty laugh with his young and pretty wife, and told her that he had just discovered her full value, as he had that moment been offered seven thousand dollars for her; a very high figure, "as wives were going" in China at the time!

How much we are indebted to accident! Pythagoras owed the invention of music to the sound of a blacksmith's hammer—Newton, his first idea of gravitation, to the fall of an apple—Voltaire tells us, that Milton got his first idea of Paradise Lost from a ridiculous Italian burlesque styled Adano, or the Fall of Man—Goldsmith's comedy, She Stoops to Conquer, was suggested by an accident which occurred to him on his way to college.

One of the saddest things about human nature is, that a man may guide others in the path of life without walking in it himself—that he may be a pilot, and yet a cast-away.

One unquiet, perverse disposition, distempers the peace and unity of a whole family, in society, as one jarring instrument will spoil a whole concert.

Invincible fidelity, good humor, and complacency of temper, outlive all the charms of a fine face, and make the decays of it invisible.—TATTLER.

The most effectual way to secure happiness to ourselves is to confer it upon others.

Intellect is not the moral power; conscience is. Honor, not talent, makes the gentleman.

A Good Rule.—A man who is very rich now, was very poor when he was a boy.

My Dear Sir—The Turin papyrus is a most interesting as well as a most ancient manuscript, of the earliest Pharaohs of Egypt.

BEING appointed Agent of NEWMAN KIDDER'S HANGING PORTERS, I can recommend them as being finished in exquisite manner, with an entire Iron Frame to keep them in tune, and not liable to get out of tune so readily, with English Grand Action, 6 to 7 octaves, in Rosewood cases. These Pianos are manufactured in Baltimore, in a Southern State, warranted to stand the climate; not to wind or draw up. I shall be pleased to receive orders, and will have them delivered by a competent person, who will put them up and tune them.

Another Scientific Wonder! GREAT CURE FOR DYSPEPSIA! DR. J. S. HOUGHTON'S PEPSIN

THE TRUE DIGESTIVE FLUID, OR, GASTRIC JUICE.

Prepared from RENNET, or the fourth Stomach of the Ox, after directions of Baron Liebig, the great Physiologist, by J. S. HOUGHTON, M. D., Philadelphia, Pa.

Scientific Evidence! Baron Liebig in his celebrated work on Animal Chemistry, says: "An artificial Digestive Fluid, analogous to the Gastric Juice, may be readily prepared from the mucous membrane of the stomach of the Calf, in which various articles of food, as meat and eggs, will be softened, changed and digested, just in the same manner as they would be in the human stomach."

Dr. Combe, in his valuable writings on the "Physiology of Digestion," observes that a diminution of the quantity of the Gastric Juice is a prominent and all-prevailing cause of Dyspepsia; and he states that "a distinguished professor of medicine in London, who was severely afflicted with this complaint, and every thing else to fail, had recourse to the Gastric Juice, obtained from the stomachs of living animals, which proved completely successful."

Dr. J. S. HOUGHTON'S PEPSIN has produced the most marvellous effects, in curing cases of Debility, Emaciation, Nervous Decline, and Dyspeptic Consumption. It is impossible to give a full and complete list of the numerous testimonials; but authenticated certificates have been given of more than Two Hundred Remarkable Cures, in Philadelphia, New York, and Boston.
