

most extensive and costly correspondence with his agent in Europe, transmittal of course, his letters by private messengers, who went at the risk of their lives, and had to be paid proportionally, and who, of course, had to be amply furnished with money for emergencies. Every letter which Kossuth sent to Hungary cost him on an average \$500. The money that he raised here was, of course, easily absorbed by these expenditures, and with it, as we know, was spent a considerable sum belonging to his wife, which her relatives in Hungary sent to her for her own use, but which she gave to her husband for his cause. Kossuth left America penniless and in debt, as in 1840 he left Hungary, after two years' administration of the treasury of that rich kingdom.

EARLY FROST IN A LOW LATITUDE.—The Texas papers mention a frost as occurring at Chambers, on Cypress Creek, Texas, on the 21st ult.

NARROW-MINDED MEN.—As a general rule, merchants who do not advertise are close and narrow-minded in their views, and a perfect type of the greedy impatience of the fellow who, in order to realize a fortune by a single operation, killed the goose that laid the golden eggs. The same sordid contractedness of intellect which prevents them from seeing their interest in advertising, is akin to that of the farmer who stunted his land to half the seed necessary to produce a full crop, under the expectation of having at seed time, and at the same time of gathering an abundant harvest. As a general rule, those who are wanting in the liberality necessary to make their business extensively known, will not hesitate to skin every customer who comes within their reach. Ladies are sagacious—they know who advertise and who do not; and it is well known that they never expect a bargain in a non-advertising establishment. So, too, with men. They say that the man who does not advertise has nothing worth advertising, or if he has and does not, he is a skin flint, and it is best to keep clear of him.

SPECIAL NOTICES.

Poisoning.
Thousands of parents who use Vermifuge, composed of Castor Oil, Colomel, &c., are not aware that while they appear to benefit the patient, they are actually laying the foundation for a series of diseases, such as salivation, loss of sight, weakness of limbs, &c.
In another column will be found the advertisement of Hobe's Medicines, to which we ask the attention of all directly interested in their own as well as their children's health. In Liver Complaints and all disorders arising from those of a bilious type, should make use of the only genuine medicine, Hobe's Sarsaparilla Liver Pills.
"Do not deceive," but ask for Hobe's Sarsaparilla's Worm Syrup and Liver Pills, and observe that each has the signature of the Proprietor, J. N. HOBE, as none else are genuine.
August 10, 42-ly.

Hoodland's German Bitters.
Hundreds of our citizens complain of debility and languor of the system, derangement of the liver and stomach, want of appetite, &c.; they are frequently the result of too close application, and a thousand other causes we cannot here name; but we would say to all afflicted, do as we have done—get a bottle or two of Dr. Hoodland's German Bitters, prepared by Dr. Jackson, and our word for it you will be cured. We recommend this medicine, knowing from experience that it is much superior to the generality of patent medicines. We would say to our readers, purchased none unless prepared by Dr. C. M. Jackson, Philadelphia. July 1

Steam Saw Mill For Sale.

The subscribers offer for sale their Steam Saw and Grist Mills, situated about one mile East of Sumterville. The Engine is 25 horse power, has been in use about three years, drives 3 upright saws, one circular saw, and is in full operation, with an excellent run of custom. The mill house is a two-story substantial frame, together with two timber wagons and gear, one excellent ox-cart, mules, horse and oven, negro houses, stables, and every thing necessary for carrying on the business successfully. Also, a lot of about six acres of land, on which the mill and buildings are located. If not sold at private sale previously, the same will be sold at public sale on the first day of January next, and possession given on that day. Persons wishing to purchase can examine the mill and witness its operations and obtain any information they may desire, concerning the same by applying to T. J. Coghlan.

TO PLANTERS.

IT has been my pleasure to trade with the planters of this State for the past fourteen years, and I particularly solicit their trade this season, stating that they could not but be more highly appreciated than in the hands of STEELE, for several reasons. I will make the reasons so clear to you, that I think the invitation to call will be accepted. I buy for cash—well, that gets Hats low. Next, when I sell a planter a hat, the cash is certain to come, that makes me offer inducements. When you buy 5 doz. Wool or glazed Hat, or a lot of Caps from STEELE, you can depend that they are not suffered into a box badly packed and all of one size—for great pleasure is taken to put them up in such a way that they will open to the satisfaction of all parties.

Plantation Hats.

Black, White, Pearl, Blue, Gray and Drab Wool HATS for negroes, of all shapes and all prices, also Glazed Hats.
BY THE CASE OR DOZEN.
If Planters will forward their orders, direct, or through any of our Factors or Commissionaries, mentioning the number of heads and the average age, I will insure the size of the Hats, as nothing is more perplexing than to have ninety Hats, all of one size.
