from animals, are well known. "In cases," he says, "digestion occurred as perfectly in the artificial us in the natural digestions."

Dr. John W. Draper, Professor of Chemistry, in the Medical College of the University of New York, in his "Text Book of Chemistry," page 336, says.; "It has been a question whether artificial dig. stion could be performed—but it is now universelly admitted that it may be."

Dr. Carpenter's standard work on Physiology, which is in the library of every physician, and it used as a Text Book in all the Colleger, is full of evidence similar to the above, respecting the remarkable Digestive power of Pepsin, and the fact that it may be readily separa-Dry Goods for Fall Trade IN CHARLESTON, S.
