THE TAPE WORM!
This is the most difficult Worm to destroy
of that infest the human system; it grows to an
enormous length, becoming so collected, as to
fasten to the Intestines and Stomach effecting
the health so sadly as to cause St. Vitus Dance,
Fits, &c., that those afflicted seldom if ever
escape, unless they are cured by the use of an
early grave. In order to destroy this Worm, a
very energetic treatment must be pursued. It
would therefore be proper to take 6 or 8 of my
Liver Pills daily, for 10 or 12 days, and then
take the Worm Syrup as directed upon the Worm
which must be taken in doses of 2 Tablespoon-
fuls 3 times a day, these directions followed
have never been known to fail in curing the
most obstinate case of Tape Worm.

Administrator's Notice.
