Cristadoro's Excelsior Fluid
HAIR DYE, NO. 6, ASTOR HOUSE.
The claims of this extraordinary article to public estimation, are not based upon the time that it has been before the world. It is comparatively a new preparation, founded on new discoveries in chemistry, and it has inaugurated a new era in hair dyeing. Whatever its recommendation is, it is based upon the fact of its being a new preparation, and it is in five minutes, 24—It assimilates with the hair, and nourishes instead of burning it.—It is pronounced by eminent chemists to be safe hair dye known to the world. It is important to name an instance of its failure. It is the most popular preparation ever yet discovered to a similar preparation. For the establishment of these assertions by proof, see the testimony of a Christiana, No. 6, Astor House, where it is manufactured, sold, and used privately.
