Entered as second-class mail
matter at the post office at Page-
land, S. C., under Postal Act
of March 3, 1879.

July 19, 1916

The orchard owners recovered from their storm fright in time to gather up the many apples beaten off by the wind and make them into cider.

The first estimates of the damage to crops were probably too high. We believe a few days will make such a difference in the prospect that the most pessimistic will agree that it could have been worse.

There are several candidates for office in this county who have announced in only one paper. They, perhaps, do not want votes from other sections of the county, and they will not likely get any too many.

Look out for mosquitoes now. The rains have filled every old can, bucket and hole with water. Before you think of it the little wigglers will appear, and then it is but a very short time until the full grown mosquito begins to sing and bite. Pour out the water in the cans, buckets and pots. Drain or oil all the holes and ponds where water stands. Wigglers are young mosquitoes, you know, and if you keep down the wigglers you have no mosquitoes.

WE LOVE THEM FOR THE CASH ONLY

This paper is absolutely non-partisan in county and district politics. So far as he knows the writer is on friendly terms with every man who is seeking office in the county or district. No issues are at stake. It is to be merely a selection of individuals to fill the offices. To be sure the writer has his choice, but the other man has a right to his also. This paper is neither fighting for not against any of them. It has space for sale at the very low rate of twelve and a half cents an inch for the first insertion, and 10 cents for the second. This is as cheap as this paper can fight for any one of the many, and then the "dope" must be furnished by the aspiring one. If a man has special qualifications for filling an office better than the other man we shall be glad to assist him in giving the facts to the public at the regular rate. This is the only fair method to all. This paper will carry a message a column in length to thousands of people for only two dollars and a half. How many homes can you reach in person for this amount? In a carefully written article you can say the right thing in the right way, while you might not say what you would like to say in an off-hand conversation. Newspaper space is being used more and more by the candidates who are quick to see and grasp an opportunity. Why don't you try it?

When the rich man brought his son for entrance to the state college he told the president he wished a short course.

"The boy can never learn all you teach here," said the father. "Can you arrange it for him so he'll go through quick?"

"Oh, yes," said the president; "he can take a short course. It all depends upon what you want to make of him. When God wants to make an oak He takes a hundred years, but He takes only two months to make a squash."
