Remarks

While the clays that formed what the geologists call the Morrison shale were being laid down in water in southern Colorado, there lived in that region many remarkable reptiles of huge size and great variety. According to the United States Geological Survey, Department of the Interior, many of these animals were mired in the soft clay of which the Morrison formation largely consists, and their bones, which are in places abundant, are now collected and studied by geologists.

Some of these creatures, such as one known as the Brontosaurus, were sixty feet long. Many of them had remarkably small heads, notably the Stegosaurus, whose diminutive brain suggests that it must have been very stupid. This animal was undoubtedly very clumsy also, but its huge size and its protective armor aided in its preservation.

Citation for Letters of Administration

The State of South Carolina,
County of Chesterfield
By M. J. Hough, Probate Judge.

Whereas, H. W. Pate and G. C. Pate made suit to me to grant them Letters of Administration of the Estate and effects of Mary M. Pate, deceased, these are therefore to cite and admonish all and singular the kindred and creditors of the said Mary M. Pate, deceased, that they be and appear before me, in the Court of Probate, to be held at Chesterfield, S. C., on October 10 next, after publication hereof at 11 o'clock in the forenoon, to show cause, if any they have, why the said Administration should not be granted.

Given under my hand this 25th day of September Anno Domini 1922.

M. J. Hough,
Probate Judge.

Firestone

GUM-DIPPED CORDS

Most Miles per Dollar

Everywhere You Hear It -
Firestone Builds the Finest Cords

HARDLY a day goes by but some one goes out of his way to tell us that Firestone Gum-Dipped Cords are the best tires built. Cords—as only Firestone builds them—will give you many extra thousands of miles of wear. And for fall and winter driving there's nothing like them. The strong, resilient Firestone carcass of gum-dipped cords, can stand the hardest punishment.

With the reputation Firestone Cords hold, it is not surprising that so many motorists in this community have made them standard equipment. The demand for Firestone Cords in the last few months has broken all records.

Prices were never so low as they are now. Perhaps never again can mileage be sold so cheaply.

Decide now that you will get Most Miles per Dollar. Drop in any time and let's talk tires.
