| 15 00 | W | H | Bull | 12 00 | 12 00 | 12 00 | 12 00 | 15 00 | THE SUCCESSFUL CAREER OF clation is marvelous in the annals of life insurance enterprise. Its name has become a tower of strength, and has been well carned by the untiring devotion of President Harper and his associates. Its astonishing prosperity has provoked attacks which are best repelled by a frank and full exhibit of its greatly increasing line of business. Up to July 1, 1885, this shows a gain of no less than \$13 214,580 over that of the corresponping period last year. In June atone its mortuary receipts exceeded \$250,000, of which over \$60,000 went into the Reserve Fund—that triple buttress only—to pay death claims, if any should occur in excess of the American Epperience Northly Tables; to make good any possible deficiency in the Death Fund Account, and to be apportioned among those who have been members of the Association fifteen years, etc. As the first and second contingencies named are not likely to arise, then third object is the one upon which the fund is practically expended. It is full of other good points, among which may be mentioned the economical salary list—less than \$50,000 for carrying on the whole work of the vast institution—and payments to widews and orphans at the rate of over \$2,000 cash eash day.—From the old and conservative New York Daily Journal of Death claims paid from February 1882 to February 1st 1886, representing all parts of the Union, amounting to \$1,685,200.00 from, this list we take claims in South Carolina which have been paid:
