A Rejoinder.

Editor Times and Democrat. I have made it a rule in life 'never to enter into a newspaper correspondence, unless I knew the man to be of such standing, as that, I would not lower myself by noticing him. I therefore, do not intend this as a reply to A. M. Snider, about whom I know but little; but I am impelled by a sense of justice to my constituents, to answer the unto my constituents, to answer the unjust and unfair criticisms circulated through the columns of "THE TIMES AND DEMOCRAT" and otherwise over the county. These criticisms culminate in villainy and falsehood in pamphiet form. I met Mr. Snider in the county with the county reputed the criticisms in "TIMES AND DEMOCRAT" of August 26. I produced and read publicly testimonials from two of the Orangeburg delegation and one from Barnwell, members of the House during two years of my term, (the third from Orangeburg I received afterwards) of which I will take notice later. Mine accuser was present but did not reply. The next week, only a few days before the primary, he floods the county with more false statements which I did not then have time to stamp as they deserve. Mr. Snider says, "If I fail to give you a clear, lucid, unbiased and satisfactory proof and evidence of these charges upon a demand (or not) for the same, then brand me forever as a black-coat" etc. Now, I demand, from what follows, that his own imprecations be visited upon him. In the lirst place, he has misquoted the letter of Hon. M. F. Molony. The "Constitution" allows any citizen to attack another, but it does not allow any citizen to propagate falsehood on another. He attemps to quote: "Rev. R. B. Tarrant. Rev. and Dear Sir. Yours to hand and I hasten to reply," I have the original letter from which I read, and that quotation does not occur. As to "unsolicited." A friend of mine called to see me, in my absence he left a message that Hon. M. F. Molony had expressed himself publicly, on this matter and was willing to give his testimony; hence I wrote for what was already offered. Why did not Mr. Snider criticise the other testimonials read from his own County, one of which used his name, in such a manner as might well have excited his indignation; it looks to be the act of a coward, to attack a gentlemen who makes no allusion to him, but simply gives his testimony as to the action of a member of the House of Representatives, at the time that he was a member. But why this? The name of M. F. Malony needs no encommum at my hands, needs no defence. That name will live en-shrined in the memory and heart of every true Democrat of South Carolina for ages when that of A. M. Snider and "graduate" shall have sunk into oblivion, "unwept, unhonored and unsung." The pamphlet mistakes again, when it says: "Got leave of absence to go to Grand Lodge in Charleston '84 and '85." I said no such thing, but mentioned the years '82 and '83 as obtaining leave of absence to attend Grand Lodge. In '84 I obtained leave of absence to see my sick family. I left Columbia Sunday morning, (so anxious was I about them) stopped at Orangeburg, hired conveyance and went home same day. Great stress is laid on my taking the cars at Graham's instead of riding twenty-five miles to Orangeburg in buggy. The Comptrol-ler General must have made a mistake, (Mr. Snider never does) for I generally board the train at Blackville as that is my depot of trade, but I confess, I never thought of it before, and plead guilty, for I might have gone all the way to stantiated, publish to the detriment of the humblest citizen a false statement. I have a record of every marriage ceremony ever performed by me, and that record is open for public inspection. I have never attended a marriage ceremony nor been present at one during any session of the Legislature since I have been a member. Mr. Snider must produce his "authority" or stand branded before the public as a liar. In the last clause of the pamphlet Mr. Sni-der says, "nor did I get any aid from Now, every body knowns the House Journal don't tell when "I went to dinner," when I went to 10 cents shows ner," when I went to 10 cents shows or when I went home to marry couples that I did not marry. Mr. Snider says. by inference at least, that he got all this mass of information from the "Daily and Weekly News and Courier." "Daily and Weekly News and Courier."
Why does he read both, Daily and Weekly? I have never seen any such stuff in the "News and Courier" and family of four small children, were lively found think it was ever in its columns. In the content of think it was ever in its columns. for I think it was ever in its columns, flome was ussuested as the for I think that paper is careful as to day night, and in making their escape the truth of what it publishes and from the burning building four of them would not belittle its columns with were injured. You must judge between them and Mr. Snider and his prolific "source of information." I have no time nor disposition to bandy epithets with Mr. Snider nor any one else, therefore I have done, and leave the matter to public judgment and am willing to abide that decission. BLACKVILLE, S. C., August 31st, 1886.

Rev. R. B. Tarrant:

My DEAR SIR:—Your favor just received in which you say that some party has circulated a report that you were absent frequently during the Sessions of the Legislature in 1882 and

During the years mentioned I was a member of the House of Representa-tives, your seat was near mine, and I often remarked that you were always at your post doing your duty to your conscience and State. I say more, that in the sessions of the Legislature referred to your course was distinguished by intelligence and patriotism.

Were I a citizen of Orangeburg County I would support you with all my zeal, and all the gifts God has given me. Yours faithfully. M. F. MOLONY.

I had the honor of being a member of the Legislature from Orangeburg County during the terms 1882 and 1883 at the same time Hon. R. B. Tarrant was a member. I hereby certify, that to the best of my knowledge, he was absent from each session but once and then on "leave of absence." That he attended the sessions as regularly as other members and attended, as far as I know, faithfully to his duties. Signed this 30th day of August, 1886. B. G. FREDERICK.

I was in the Legislature with Rev. R. B. Tarrant during the session of '82 and part of 83, and I do not think he was absent from roll call any more than the rest of the Orangeburg Delegation. He was as watchful in attending to the interest of his constituents, from his standpoint, as any of the delegation.

An Appeal to the Ladies of Orangeburg County.

At a meeting of the Survivors of the Second Regiment S. C. V. Artillery, (Confederate States Army,) held at Branchville on the second day of July, 1886, it was determined to erect a monument to those brave and gallant sons of the County who fell fighting for the "Lost Cause." The undersigned were appointed a committee to carry out this determination. To effect this noble and patriotic purpose the committee would appeal to the ladies of the County to lend their assistance. The object is one that commends itself to every true heart. Our honored dead must not be forgotten. We mave neglected this duty too long already. Let us with one mind engage in this excellent work. Let there be no abatement in our zeal until we shall have completed a Monument worthy of our dead heroes. We would therefore call upon the ladies in each Township in the County to form Monumental Associations, for the purpose of raising funds for building a suitable monument to our Confederate dead. When ten Townships have organized, let these Township associations form a central association, with the proper and necessary officers. We sincerely trust that this appeal will not be in vain. What Township will be the first to organize, and engage in this important work?
