ORANGEBURG, S. C., SATURDAY, JANUARY 7, 1911.

NOT HANG

Sint Franklis, the Murdauer, finds a Good Friend in Gov. Annal.

COES UP FOR THE

The Death Sentence of Pink Frank tin Has Been Commutted to Imprisonment for Life by the Tender Hearted Gentleman Who Happens to be Governor.

Pink Franklin will spend the remainder of his days in the State lowe: the sentence of death imposed upon Chemical department. . court in 1907 was Thursday com- Military department . . . muted to life imprisonment by Gov.

.. This action follows the filling of a great many petitions asking executive clemency. These came from more than a score of counties and were signed by several hundred persons. There were a number of pecitions protesting against a pardon or commutation.

Franklin was convicted of the murder of H. E. Valentine, a constable, and he was to have been hanged on December 23. Recently Gov. Ansel granted a respite to the negro until January 27. The case was decided by Gov. Ansel independent of a review by the State board of pardons.

Following the conviction of the negro in Orangeburg county an appeal was taken to the South Carolina supreme court, where the judgment of the lower court was affirmed. The case was next appealed on a writ of error to the United States supreme court, but there being no federal question involved, the appeal was dismissed on motion of Attorney Until several months General Lyon. ago the case of Franklin was handled by two negro lawyers, Moorer and Adams, Mr. Bonaparte, former attorney general of the United States filed a brief with the United States supreme court in the negro's behalf.

When the appeal had been dismissed by the United States supreme court the case came back to the State supreme court . An order was fested for the Orangeburg court to makign a day for the discution of Franklin. In the meantime a new trial was asked in the Orangeburg county court on the grounds of afterdiscovered evidence. The trial was refused, and again the case came before the State supreme court. While this appeal was pending it was decided to abandon the cause and to ask that Gov. Ansel parden or comition that Gov. Ansel moted on. This case has attracted no little attention in the North and many appeals have come from the Northern press.

Following is Gov. Ansel's decree dn the case:

"The petitioner. Pink Franklin, was tried at the fall term, 1907, of the court of general sessions for Orangeburg county for the killing of one H. E. Valentine, was convicted by the jury, and sentenced by his honor, Judge J. C. Klugh, the presiding judge, to be hanged soon thereafter. An appeal was taken to the supreme court of this State, where the judgment of the lower court was affirmed, and on writ of error to the supreme court of the United States, there being no federal question involved, the appeal was dismissed. The defendant was then resentenced to be hanged on the 23rd of December, 1910, and respited by me until Friday, January numbering 140, confessed before

BURNED TO DEATH.

Five Children Lose Their Lives by

Upset of Lamp.

At Pittsville, Pa., five children of ohn Markasavage were burned to death in their beds early Monday. The children ranged in age from two months to eight years. The origin of the fire is credited to a new year's celebration by boarders in one of the houses, an upset oil lamp, it is said, starting the blaze. When the fire was discovered Markenvage and his wife ran into the street and being unable to speak English, gave rescuers the impression that there were no children in the house and they made on efforts to enter the place. The father, unmindful of the flames dashed back into his home but failed to reach the little ones. He was serionaly burned.

Fire on Street Car.

Fire which broke out in the middle car of a speeding "L" train at the highest point of the Ninth Avenue Elevated railroad in New York furnished an unusual morning spectacle. The car burned like tinder. Thirty passengers fled to the rear of the train in a panic. 'Firemen were half an hour extinguishing the blaze. The blaze was due to defective insulation.
