"DIXIE" IN OREGON.

The Strong Sympathy Existing Between the People of the Northwest and Southerners.

Special Correspondence.

Portland, Oregon, April 3.—To hear an orchestra cheered in Portland as it plays "Dixie," just as hearing as in any section of the south, would convince visitors from Dixie land that they would have a sure welcome here. Members of the Dixie Society of Oregon were invited to attend a reception given by the Michigan society. The orchestra rendered a medley, but nothing got the cheers that were given "Dixie."

The magnificent development that is now taking place in the south is frequently commented on editorially in the papers here, the press of this city being especially friendly. Within the last few days the editorial columns of leading dailies have accorded most complimentary notice to the splendid progress made by New Orleans and all that section of the south as a result of the thirty-five foot channel at South Pass, and the almost incredible rapidity with which temporary improvements were made so that the business of that city should not suffer through the great Stuyvesant Dock fire.

The truly remarkable growth of the exports of Galveston has received much attention, as has the superb advance of Birmingham, Houston and Atlanta.

Although this strong sympathy between our people and the south has always been recognized, until the call was sent out for the formation of a Dixie society, many people had not realized the great number of former southerners who now claim Oregon as their home—this first meeting resulted in a roll of a hundred and fifty members and in the very few weeks which have elapsed since its organization the society has gained a third as many more.

The official roster is headed by Hon. George E. Chamberlain, governor of Oregon and a native of Mississippi. Governor Chamberlain made a special trip from Salem in order to preside at the last meeting.

That every southern state might be represented, a vice-president from each was chosen, and Col. R. S. Howard, for many years president of the New Orleans Chamber of Commerce, is Louisiana's representative; Mr. C. Lombardi, formerly of the firm of Wm. D. Cleveland & Co., Houston, and president of the school board of that city, is vice-president for Texas; for North Carolina, Dr. R. C. Coffey, president and medical director of the North Pacific Sanatorium in this city.

The list further includes Mrs. Elizabeth A. Ansley of South Carolina.

To arouse the interest of southern friends and relatives in the Lewis and Clark exposition, to tell them of the delights of an Oregon summer, to welcome them when they visit Portland and to receive distinguished guests—all these are objects of the Dixie society. The stationery used in its correspondence gives interesting data on the state and city, for while its members are full of pride and affection for the south they are at the same time intensely loyal Oregonians.

In a word, the close and cordial relations between the Pacific Northwest and Dixie will be rendered even closer and more cordial by the efforts and work of the Dixie society, which extends to every citizen of Dixie an invitation to partake of its hospitality this summer.

W. L. Crissey, Assistant Secretary Dixie Society.

Reflections of a Bachelor.

The only time to speculate is when you haven't any money.

When you tell a girl how beautiful she looks it is a sign she believes you.

There is something excruciatingly funny about the way a woman plays whist unless you are her partner.

It is very hard for a woman to make herself believe that her boy's school teacher isn't jealous of his brains.

If a man can't get enough trouble to suit him any other way, he can always try to raise a vegetable garden.

A woman dresses very queer to have her figure always look different from what it is.

The Wonderful Egg Producer.

The great increase in production of eggs has given "International Poultry Food" a wonderful reputation all over every State. We guarantee that it cannot be fed to hens at any time, winter or summer, without showing a large increase in eggs. You do not have to use the food at an extra expense because it will make you more money after deducting its cost. One extra egg per month will pay the entire cost of feeding it and often more than doubles the supply. It contains no poisonous or injurious ingredients and has very superior merits.

It Gives a Glossy Plumage.

It prevents sickness, promotes good health, causes young chicks to grow very rapidly, invigorates the digestive organs, supplies material for bone, muscle and feathers, and is very beneficial during moulting season. It invigorates the egg producing organs and hens will lay more and longer.

It will prepare your chickens for the market more rapidly than any other preparation and has been used for years by prominent chicken breeders.

Also Cheapest to Use.

Our 25 cent box contains 100 feeds for 12 fowls. Our \$1.00 size box contains 400 feeds for 12 fowls. You cannot afford to pay 25 cents per box for some other kinds that only contain 25 feeds. 100 feeds for 25 cents is certainly very much cheaper than 25 feeds for 25 cents. We save you 75 feeds over other kinds.

The New Indemnity Policy On the 20 Payment Life Plan

Appeals, perhaps to more classes of assureds than any other form of policy issued. It appeals alike to those who desire their dividends paid annually and to those who prefer the deferred dividend plan. It guarantees a return of 25 per cent. of all premiums paid, in the event of the death of the assured during the accumulation period. If the assured survives this period he will realize, as do all holders of the Equitable's deferred dividend policies, the full advantage of the dividend then declared. This policy contains, in addition, liberal guarantees in loans, cash and paid-up assurance values during the period as will be shown by the following table of guarantees as is in every policy:

At End of Y'rs	Age 35			
	Guaranteed Value			
	Cash or Loan	Paid up Policy	Ext'd Years.	Assurance Months.
