

**KNAPP MEMORIAL WILL BE COUNTRY LIFE SCHOOL**

**General Education Board Plans Fitting Tribute—Gives Nearly One Million.**

New York, May 24.—Nearly \$1,000,000 was contributed to the cause of education by the general education board founded by John D. Rockefeller, at its meeting here today. Of this sum \$700,000 was appropriated for distribution among five colleges, the largest contribution of \$250,000 going to the George Peabody College for Teachers of Nashville, Tenn., for the establishment of Seaman A. Knapp School of Country Life.

It is explained that the gifts to the colleges are conditional upon an equal sum being raised by the respective institutions.

The sum of \$210,100 was set aside for demonstration work in agriculture in the Southern States, for professors of secondary education in State universities of the South, and to aid the work of negro education in the South. The demonstration work appropriation is \$133,000.

The miscellaneous appropriations were:

**For Secondary Education.**  
For professors of secondary education in the several State universities of the Southern State, \$33,100.  
For supervision of negro rural schools in Kentucky, North Carolina and Virginia, \$9,000.

To three negro schools—Hampton institute, Hampton, Va.; Tuskegee institute, Tuskegee, Ala., and the Spelman seminary of Atlanta, Ga.—the sum of \$35,000.

What may be regarded as the board's most important appropriation is for the establishment of the Seaman A. Knapp School of Country Life. The late Dr. Seaman A. Knapp had been in charge for the past ten years of the farmers' co-operative demonstration work in the South. In connection with this gift, a statement was issued in part as follows:

"The general education board recognizes that the George Peabody college for teachers at Nashville, Tenn., promises to render conspicuous and permanent service in the promotion of popular education through the Southern States.

**Help From Vanderbilt.**  
"It further recognizes that the affiliation of this institution with Vanderbilt university will greatly enhance the value of both institutions. The board has therefore watched with sympathetic interest the progress of the movement.

"The general education board has been interested in the promotion of practical farming in the Southern States and in the development of an efficient system of rural schools. The George Peabody college for teachers propose to train leaders for rural schools; not for the traditional rural school, but for the new school which shall meet the needs of an agricultural population.

"After consultation with the president and trustees of the college the general education board now makes a contribution of \$250,000 toward the endowment of the George Peabody College for Teachers and for the specific purpose of supporting the Seaman A. Knapp School of Country Life. For ten years the late Dr. Knapp was the recognized leader of the new agricultural life of the South. It is fitting that his name be associated with the George Peabody College for Teachers, his great work perpetuated through this institution and his name beside that of George Peabody.

**OTTS IN A FRENZY.**

**Uproar Follows Solicitor's Announcement of His Position and Reference to Gov. Blease.**

Spartanburg Herald, 25th.

Solicitor J. C. Otts flung down the gauntlet to his two opponents for the office of public prosecutor when all three met upon the stump for the first time in the campaign at South Church street and Bomar avenue last night, and practically challenged them to come out in the open and tell where they stood as between Governor Blease and Judge Jones. Amid mingled applause and jeers he announced that he intended to vote for Judge Jones himself, and proceeded to score Governor Blease, who, he said, had set the courts at naught by his undue use of the pardoning power. Mr. Otts' opponents, Albert E. Hill and Ira C. Blackwood, refused to be "smoked out." Neither made any reference to the issue of Bleasism.

Disclaiming any intention of being a "coat-tail swinger" and declaring that he was making the race on his own merits and expected the votes of both Blease men and Jones men, Mr. Otts at the same time said that he un-

derstood that the people would like to know how the candidates for solicitor stood in regard to Blease, and he did not lack the manhood to tell them: he was for Jones.

**Causes an Uproar.**

The meeting had been as tame as a church service up to this time, but Mr. Otts' declaration precipitated an uproar. While a good proportion of the crowd clapped their hands in approval others yelled for Blease, and one man shouted: "That's enough. We don't want to hear any more from you. Come down."

The same man continued to interrupt at intervals thereafter until Mr. Otts took notice of him and withered him by saying: "I don't want the votes of your kind." The man was quiet during the rest of the meeting.

Solicitor Otts had confided to friends before the meeting that he was tired of the "pig-in-the-poke" campaign which has been conducted up to this time and intended to force the issue and get down to brass tacks himself. The candidates have been making nice speeches, telling the audiences about being born on the farm and working hard as boys, and indulging in glittering generalities, but sedulously avoiding telling the voters what the latter want to know—that is, the attitude of the candidates towards present conditions in the State.

There were about 200 persons at the meeting, which was held in front of Dominey's store. Many of them were workers in the Crescent and Arkwright mills.

**"UNLESS SENT TO ASYLUM, CANDIDATE FOR PRESIDENT."**

**Stinging Arraignment of Theodore Roosevelt by Henry Waterson.**

Louisville, Ky., May 23.—In a stinging editorial in the Courier-Journal today Colonel Henry Waterson asserts life tenure of office is Colonel Roosevelt's aim and that the ultimate result will be civil war. He says:

"The result in Ohio makes it certain that the voters of the United States will have to reckon with Theodore Roosevelt next November at the polls.

"It will matter not whether he appears under the emblem of a regular party nomination or as an insurrection appealing to all parties. Unless he breaks down under the strain and is taken to a lunatic asylum he will be a candidate for president.

"There can be in his name and person but one issue—life tenure in the executive office, and a civil fabric imperial in everything except its nomenclature.

"The hideous spectacle of an ex-president, bawling like a drunken harlot from one end of the land to the other, dragging republicanism through an ocean of filth, gives us a foretaste of the infamies before us.

"There is nothing which this madman will not dare to attempt under the excitement and the passion of the state of war he has stirred up in his own mind and in the minds of the crazy mobs that follow and applaud. That he was able to draw a man like Taft into a cesspool attests the cruel injury and wrong a man, armed to the teeth, may accomplish, for Taft is not only president of the United States, but he is a gentleman of upright, self-respecting character. It is clear now that he had been better remained in the White House, leaving the frenzied paranoiac the field to himself.

"At length this nation is a world power. The issue precipitated by Theodore Roosevelt is whether, become a world power, this nation shall proclaim to mankind its own failure by the abandonment of its constitution, the overthrow of its safeguards and the naming of a dictator. He who says this is not the issue, little reckons what he is saying; he who thinks it is not were prudent to question his sanity. In its ultimate analysis and its last word the Roosevelt propaganda is the invocation of a madman to civil war."

**NO INSTRUCTIONS BY OLD DOMINION**

**Virginia Democrats Express No Presidential Preference—Eleven Wilson Delegates.**

Norfolk, Va., May 28.—Democrats of Virginia in State convention here today named 32 delegates to the Democratic national convention at Baltimore in June to cast the Old Dominion's 24 votes in that convention.

With the exception of two instructed votes for Woodrow Wilson, the Virginia delegation is without ties of instructions or preferential resolutions. The First district instructed for Wilson.

Of the State's 24 votes the line-up is

believed to be 11 pronounced votes for Wilson and 13 unpronounced in choice. Of the latter 1-1-2 are expressed for Underwood, 2-1-2 lean to Underwood, 1 is for Clark and 1 for Harmon. The unit rule will not be applied until the delegates get to Baltimore and then not until after several ballots shall have been taken and two-thirds of the 24 votes are cast for a unit rule.

The convention was attended by nearly 1,200 delegates and alternates, and on the whole was harmonious. The names of Wilson, Clark, Underwood and Harmon were cheered at every mention. The name of William Jennings Bryan was cheered, but a few hisses also were heard.

One of the features of the convention was the election as a delegate to Baltimore in the Tenth district convention of Thomas S. Ryan, son of the New York financier.

**VIRGINIA OPPOSED TO WILSON**

**Result of Democratic Convention Explained—Alleged Fertilizer Trust.**

Washington, May 25.—Because of imperfect comprehension of the "modus operandi," some very inaccurate reports of the result of the Virginia Democratic convention, at Norfolk last Friday, have been circulated. Those who understand the situation know very well that the Wilson forces were heavily defeated and that the compromise, whereby the few Wilson delegates will be allowed to vote their preference on the first ballot, after which the unit rule will apply, amounts to very little at first and nothing in the long run.

The Virginia delegation is controlled by the State Democratic machine, which is opposed to Wilson and less opposed to Bryan. There is more Underwood than Clark sentiment in the delegation, but if it had to choose between Clark and Bryan, or Clark and Wilson, it would unhesitatingly take Clark.

**KENTUCKY FOR CLARK.**

**Speaker's Forces to Control State Convention.**

Louisville, Ky., May 25.—Champ Clark swept Kentucky in the Democratic conventions held in 115 of the 120 counties in the State today. Returns from about half the counties give him more than the 613 instructed votes necessary to control the State convention here May 29. One county instructed for Harmon, giving him eight votes, and one and part of another for Wilson, giving him 16 votes. This, the 5th district, comprising Jefferson county, which held precinct conventions today was carried for Clark.

Victory today will give Clark the entire delegation of 26 votes from Kentucky to the National Democratic convention.

**THE LABEL CASE AGAIN.**

**J. B. Towill, L. W. Boykin and W. O. Tatum Are Defendants.**

Columbia State.

The case against John Bell Towill and L. W. Boykin, former members of the State dispensary board of control, and W. O. Tatum, former commission-

er of the State dispensary, who are charged with conspiracy to defraud the State of South Carolina in connection with the purchase of 21,671,000 labels during the last days of the old State dispensary, will probably be called next Wednesday in the Richland court of general sessions by J. Fraser Lyon, attorney general. The case was heard last September and resulted in a mistrial.

The labels were bought from the Nevisson-Weiskopf company, of Cincinnati in May, 1905. Towill, Boykin and Tatum with Dennis Weiskopf and Morton A. Goodman were indicted in 1909, on the charge of conspiracy to defraud the State in connection with the transaction. The indictment against Weiskopf and Goodman were later not pressed, and they testified last September for the State of South Carolina.

In the trial last September the defense did not put up any witnesses. The case lasted for three days. The jury failed to reach an agreement after being out for a day and two nights.

The first trial of the case was marked by prolonged arguments over the admission of certain evidence offered by the State. The actual taking of the State's testimony consumed a comparatively short time. The attorneys for the State in the trial last September were: J. Fraser Lyon, attorney general; W. H. Cobb, solicitor fifth circuit; W. F. Stevenson and B. L. Abney.

**Why Every Third Car Sold in America is a FORD Model T**

Most people whose business demands automobiles buy FORD Model T cars. If the element of business enters into the purchase of the motor car, necessity demands that it be a FORD because efficiency, low first-cost, and low cost of maintenance all point to the FORD as unqualifiedly in a class by itself.

As a car of general utility, the Ford has no limitations. Its light weight enables it to traverse any passable road at a minimum of expense. Its tires last from 8,000 to 10,000 miles and a gallon of gasoline drives it from twenty to twenty-five miles.

These are time-tried facts which the people of all nations have learned by personal observation through the FORD Model T's long years of service. They know when they get a FORD Model T that they will get a car whose first cost includes every detail of equipment and whose up-keep will not be a burden to them. Simplicity of design and sturdiness of construction, made possible by the exclusive use of Vanadium steel, make the FORD Model T a car for the severest service.
