

**EX-PRESIDENT PROBLEM SOLVED.**

**Nation's Biggest "Has Beens" to Get \$25,000 Annual Carnegie Pension.**

New York, Nov. 21.—Future ex-presidents of the United States are to be pensioned in the sum of \$25,000 each annually, by action of the Carnegie Corporation, of New York, today. The grant is provided with the idea of enabling former executives to devote their unique knowledge gained in public affairs to the public good, free from pecuniary care. A similar amount is to be paid widows of ex-presidents as long as they remain unmarried.

The pensions are to be promptly offered to the ex-presidents or their widows, so that no application will be required from them. Payment is to be continued so long as the recipients "remain unprovided for by the government."

The announcement followed the second annual meeting of the corporation, held at the residence of Andrew Carnegie here, and attended by the corporation's eight trustees.

The trustees announced that a total of \$125,000,000 in securities has thus far been transferred to the corporation, which will carry on the various works in which Mr. Carnegie has been engaged, and such others as he may from time to time think it advisable to establish.

**NATIONAL CORN SHOW.**

**State Superintendent of Education Recommends Holiday for School Children.**

Columbia, Nov. 25.—Calling attention to National Education Day and Boys' Day at the Fifth National Corn Exposition here next January, Mr. J. E. Swearingen, State superintendent of education, has addressed a letter to all county superintendents of education and county rural school supervisors, recommending a holiday in the county schools to allow teachers, pupils and trustees to attend the exposition on these two days.

National education day has been fixed for Friday, January 31, the day following being Boys' day, the latter marking the close of the exposition school for prize winners which will be attended by a thousand boys from all parts of the South. Prominent educators will deliver addresses on national education day on subjects pertinent to school improvement problems, and a series of exhibits demonstrating methods and results of improvement in the rural schools is being prepared under the direction of President D. B. Johnson and other members of the Winthrop faculty. Dr. S. C. Mitchell, president of the University of South Carolina, is in active charge of program arrangements for national education day.

Superintendent Swearingen opens his letter with the statement that "The Fifth National Corn Exposition to be held in Columbia the last week in January and the first week in February, offers a rare educational opportunity not only to the farmers, but also to the teachers, patrons and pupils of South Carolina." After speaking of the value of industrial education, and its demonstration in the boys' and girls' clubs, Mr. Swearingen says: "It is highly desirable that the people of every county, of every school district, and of every community, should profit by this practical demonstration of the worth, methods and accomplishments of industrial education. The teachers, trustees, patrons and pupils of every school in your county should be invited to take part in the exercises of educational day."

Concluding, Mr. Swearingen says: "The program for these two days will furnish you a message to take home. I recommend that every school in your county be given a holiday Friday, January 31, on condition that the teacher and trustees bring at least six pupils to the exposition on educational day and boys' day."

**JERRY MOORE GOES TO CHICAGO.**

**Will Be Big Attraction at National Land Show—South Carolina Has Exhibit.**

Columbia, Nov. 22.—Jerry Moore, of Winona, S. C., who produced 228 bushels of corn on one acre, and who is styled the "Champion Boy Corn Grower of the World," was in the capital city today. He left this afternoon with Col. E. J. Watson, State commissioner of agriculture, commerce and industries, for Chicago, where he will be a star feature for the National Land Show, that will start tomorrow, in which South Carolina will play a most conspicuous part.

Jerry this morning was in his uniform. He is a cadet in the freshman class at Clemson college. W. M. Riggs, president of the college, has granted Jerry a furlough, in order that he might be one of the representatives

from this State in Chicago. One of the features of the show will be certain hours daily allotted to the States, in which their representative can give talks along the lines of improved agriculture.

Jerry Moore will lecture daily, telling now and by what means he produced his prize acre of corn. In writing to Col. Watson several months ago, requesting a sketch of Jerry's nit, the Chicago Tribune stated that he would be more of a drawing card than Col. Roosevelt. All of Jerry's talks will be made in the Coliseum, where the Land Show will be held.

Jerry Moore said this morning that he had prepared no address, to deliver, but that, if required, he would endeavor to plainly state how he made his famous yield of corn.

Jerry Moore, as has been repeatedly stated, is a modest youth, and his success and fame has not, it seems, unbalanced his mental equilibrium, and he has not, what is known in modern parlance, as the "big head."

The South Carolina exhibit, which has been assigned to one of the most conspicuous reservations in the Coliseum, was sent to Chicago Thursday in charge of James D. Lee. The exhibit has been selected with the minutest care and will be one of the most attractive ever sent out of this State. It will be preserved intact to be shown at the National Co. Exposition to be held here from January 28 to February 8.

**NO REASON FOR IT.**

**You Are Shown a Way Out.**

There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney ills will fail to heed the word of a resident of this locality who has found relief. The following is convincing proof.

Mrs. J. M. Wheeler, Prosperity, S. C., says: "My kidneys were disordered for a long time, causing terrible pains through my loins and limbs. There was also a constant ache in my back and on some occasions I could scarcely get about. The kidney secretions were unnatural and annoyed me greatly. I consulted several physicians and tried a number of kidney remedies, but did not improve in the least. I had about given up the hope of ever being cured when my son-in-law procured a supply of Doan's Kidney Pills for me at W. E. Pelham & Son's drug store. He had read that they were good for kidney trouble and induced me to try them. I did so and after I had taken the contents of two boxes my backache had disappeared and my kidneys had been restored to their normal condition. I have recommended Doan's Kidney Pills to many of my friends and shall continue to do so."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
