The Revelation prophesies of that tremendous day

When Christ, and Christ alone, shall be the trembling sinner's stay.

KILLED WHALE IN RIVER.

Monster Stranded on Bar is Attacked by Japanese.

An extraordinary event is reported from Sin Anju, a railway town in north Pyong-an province, in the Senul Press. About noon when the tide was high, villagers at Wanpong Li, Tong

Kyon, in the Kasan district (of the same province) were amazed to see a big black object swimming in the River Tallyong, running near by.

They did not know what the monster was and watched its movements with great excitement and interest. Soon after, the monster sent up a column of water and disappeared.

On the following morning at about 7 o'clock Tomizo Tashiro, a Japanese railway linesman in service at Sin Anju station, while patrolling the line, was astonished to see a whale struggling to go down stream at a point about five cho above the railway bridge on the Tallyong river. It was low tide and the water having considerably receded the river was only about five feet deep. The whale had evidently stranded on a shallow pice and was unable to mave.

Tashiro was overjoyed to find the unexpected spoil and tried to kill it by firing at it with a fowling piece he was carrying. He fired at it eighteen times, but the whale seemed to e none the wrse in consequence. Tashiro concluded that it would not do to try to kill it in that way and running to the nearest village collected several Koreans told them of his find, and each armed with an axe, they returned to the spot.

The whale was still there, the water having further receded. They rushed into the stream and by striking the monster on the head with the axes they at last succeeded in killing it. The whale was about 35 feet in length and was valued at about 1,000 yen.

Proof of His Love.

The Chicago Record-Herald tells of this conversation: "But," she asked, "haven't you ever told any other girl that you loved her?"

"Yes," he replied. "I have told a dozen other girls I loved them. I thought I did, too; but you are the first one I have ever really loved. I know now that I never realized before what real love was."

"How can you be sure that this is real love?"

"On each of the other occasions I was unable to keep from wondering while I was telling my love, how I would be able to support the girl if she accepted me; but now I don't care."

A Credit Guide

For the District, as a Basis of Credit.

By this system each individual is placed on record showing how many places they secure credit and with what degree of promptness they pay their bills. The book will show, not the financial standing, but the credit standing, of everybody, man or woman, who trades on time, and as it is not a financial rating, the poor man who pays his bills promptly will secure a higher rating than the man of means who does not.

Labor-Saving Cole Planters and Distributors THAT EVERY FARMER NEEDS

Every farmer in this section should own one of these Cole Planters and Distributors. They positively pay for themselves after a few days in the field. The planter plants better and cheaper than any other planter ever built. The distributor makes one trip do for two—doubles the good from guano. Cole Planters and Distributors are the "Farmer's Friend." They were "born and raised" on a North Carolina farm.

You'll find them so downright useful and reliable that you'll wonder how you ever got along without them—why you were ever content to put up with out-of-date machines, when you could own a Cole!

The Cole Planter

SAVES Labor of 1 Man and Mule Seed

Plants Cotton, Corn, Peas, Beans, Peanuts and other Seed

At one trip the Cole Planter smooths the bed, opens a furrow, mixes guano with the soil, covers it, opens again, plants the seed and covers them in the most accurate manner. The guano being mixed with the soil directly under the seed, feeds the plants as soon as the seed sprout. You get a quick start, get two chances at a big crop.

The Cole Planter plants the seed in a straight line at the same depth. The depth is easily regulated. Cotton comes up in a straight line—without bunches. It can be chopped to a stand cheaper, cost of cultivation is less.

The seed fall in plain sight. The wind can't blow them away—none are wasted at the end of the rows. Don't skip or bunch the seed—as far ahead of the old style planters—as the old style way is ahead of hand planting. Works perfectly on any kind of land, where other planters are unsatisfactory.

The Cole Spreader

and Cultivator Lister and Side Dresser

Sows Guano and Throws a Good List at one Trip

With this machine you can feed guano to growing crops—get more good out of it—spread guano at the right time to make fruit, right where a network of roots need it.

By feeding the guano during the growth instead of all at one time but little is washed away. The plant receives all the benefits of the plant food.

With cultivator attached (as shown in the cut) you can sow guano and effectively cultivate at the same time—save the work of one man and one mule.

Two strong universal plow feet are furnished free. By removing cultivator and attaching plow feet, you have the best machine for sowing guano and throwing two good furrows upon it.

The hopper holds 1 sack, and spreads uniformly any quantity from 100 lbs. to 2,000 lbs. to the acre.

Pays for itself in labor saved—doubles the good from guano.

The Cole SINGLE FOOT Distributor

Opens a Furrow and Sows Guano at One Trip

Very Useful for Side-Dressing Crops

Here's a Cole Distributor with opening plow in front, which many farmers prefer.

With one, you can run off rows, open a furrow, and sow guano at the same time. It'll save the work of one man and mule every planting day. Especially good for side-dressing—can be run right up alongside plant.

Strongly made thruout, large hopper, strong plow wheel with steel spokes. Convenient lever, cuts off flow of guano. Has the reliable Cole force feed, noiseless as a bicycle. Swivel rod holds distributor rigid while you fill the hopper.

The Cole DOUBLE FOOT Distributor

Sows Guano in Open Furrow. Throws 2 Good Furrows Upon It.

Saves Labor

The form of spout used on this machine spreads the guano, instead of putting it in a small stream. The fertilizer feeds more plant roots—gets more good from guano.

Positive force feed sows from 100 to 1,500 lbs. of guano to the acre. Instantly regulated.

The plow feet throw two good furrows upon guano at the same time. Plow feet are strongly attached to side beams, so that good plowing can be done.

You can leave it without danger of its falling. Graduated hitch post adjusts the weight on the plows.

Other Styles of Planters and Distributors to Meet Every Need

Besides these machines we have the Universal Single Foot (either force feed or Knocker). Universal Double Foot Knocker, and other styles suited to different uses. Discard your old out-of-date trouble making planter or distributor, hitch up to one of these labor saving Cols! Come and see them now.

Guaranteed By Us and By The Cole Mfg. Co.

The Cole is doubly guaranteed. The maker guarantees it. We guarantee it.

Every machine must prove a practical daily working success in your field, no matter if the soil is rough or smooth, level or hilly, with crooked rows or straight.

They are made as good as money and brains can make them—sold at a fair price to everybody. Come and see these machines. Get ready for planting time.

The great tonic and stimulating properties of Sunny Brook have had much to do toward making us the largest distillers of fine old whiskey in the world. For nearly 50 years Sunny Brook has proved of real value to those who now and then require an energy-builder. When energy is lacking efficiency is lacking. Rare, old and mellow whiskey like Sunny Brook, acts as a great up-builder; and makes life worth living.

Sunny Brook is Bottled in Bond—every bottle is sealed with the Government Stamp showing that the contents are genuine, straight natural whiskey, U. S. Standard (100%) proof. This stamp however, only assures purity, but not quality. Any whiskey Bottled in Bond is genuine straight whiskey, but not all straight whiskeys are good whiskeys. When you select Sunny Brook—The Pure Food Whiskey—then you know that in addition to the assurance of Absolute Purity by the greatest government on the globe you have a guarantee of Unexcelled Quality by the largest distillers of fine whiskey in the world.
