

THE SPEED LUST.

Editor The Herald and News:
If the ordinance against fast speeding and failure to sound the alarm on approaching all crossings is not enforced, and enforced right now, there is going to be some "weeping and wailing and gnashing of teeth" before "many moons" or your correspondent is very much mistaken. I do not wish to pose as a "calamity howler" nor a usurper of anyone's authority, but I see things happening every day on the streets of Newberry, that is enough to make him "speak up and spress himself."

On that stretch of level pavement from the bakery to the depot, the temptation to motorists is so strong to "let-er-out" that it is hard to resist it, and yet there is no power on earth that could avoid a tragedy should a motorist come dashing from a side street, with a bad spell of speed fever on him.

The writer has seen some very close calls at the intersection of College and Main streets.

And while we are on this subject of automobile ordinances, there is another evil that should be abrogated, and that is cutting out the muffler. In all the large cities they are only allowed to do this as a warning, after first using the horn, and falling with that. The way most of our motorists are using it, is a nuisance. They are not using, but ab-using it. This muffler cut out, was primarily placed on cars for the purpose of giving the motor more power on hard pulls, and afterwards it was discovered to be a very efficient warning, but where it is used as much as it is here, it will lose its effect, and that will be a 'pity 'tis true, 'tis true 'tis pity.'

Automobileabus, Crankabus.

The Child, the School and Citizenship.

The twentieth century is distinctly the day of the child. The leading factor in education, the first element in the home, the hope of the nation is the child. The public school system is maintained as a sacred trust, not to suit the whims of teachers or the caprice of officials, but to provide a tower of defense for the State by the improvement and correct development of children. School buildings are erected not simply to adorn some public plot to be pointed out from a distance with pompous boast; but they are put there for the intellectual, moral, social and esthetic training of the makers of the next generation, the future guardians of our liberties.

Who would not lay down his life for his country? Who would not sacrifice his wealth and his life in driving from our borders an invading enemy? Have you ever stopped to consider the fact that the most dangerous and the most costly enemy to our principles is ignorance? Ignorance at the polls is a threatening menace to our government; ignorance costs our nation millions of dollars annually through inefficiency in the industrial and commercial world; ignorance has hindered our people from producing a great literature, and from achieving and appreciating great ideals in art; ignorance of the laws of health and sanitation causes unspeakable pains, premature old age, early deaths. Yet South Carolina pays proportionately less than one-tenth as much for education as some states, and is next to the lowest in literacy.

Suppose you had a large interest in a large business and an annual stockholders meeting were to be held, would you attend the meeting? If you could probably learn something about the business that you as stockholder ought to know, or if you could do or suggest something that might add to the productiveness of the business it would be your duty to attend the meeting.

Today, Friday, July 25, at 11 o'clock at the new court house an annual stockholders meeting will be held. The board of trustees of the city schools of Newberry will make an annual report on the conditions of the public schools. Every man whether he has a child or not, every woman, and every child, whether he own a dollar in the world or not, is a stockholder in our public school system. We appeal to you to show your interest in your business by being there.

Hon. J. E. Swearingen, State superintendent of education has been invited to address you.

AN ORDINANCE.

Be it ordained by the mayor and aldermen of the town of Newberry, South Carolina, in council assembled, and by authority of the same.

Section 1. That it shall be unlawful for any person to operate or run any automobile, autocar, mobile, locomobile, or other motor machine or vehicle, or any machine or vehicle of a similar character, at a greater rate of speed than twelve (12) miles per hour within the corporate limits of the town of Newberry, S. C.

Section 2. That it shall be unlawful for any person to operate or run any automobile, autocar, mobile, locomobile or other motor machine or vehicle, or any machine or vehicle of a similar character, at a greater rate of speed than four (4) miles per hour at or on the crossing of Main and College streets; Main and McKibben streets, and Caldwell and Friend streets, of the town of Newberry, S. C.

Section 3. That any person or persons, firm or corporation, violating sections 1 and 2 of this ordinance, or any part of the provisions thereof, shall, upon conviction, be fined not more than one hundred (\$100.00) dollars; or be imprisoned in the town guardhouse, or labor on the public works of the town of Newberry, S. C., for a term not exceeding thirty (30) days.

Section 4. That all ordinances, or parts thereof, inconsistent with this ordinance are hereby repealed.

Done and ratified this the 22nd day of July A. D., 1913.

Z. F. Wright,
Mayor.

Attest:
J. R. Scurry,
Clerk and Treasurer.

S. C. REVENUE DISTRICT.

President Orders Abolished District Restored.—Wilson Reverses Taft's Order.

Washington, July 23.—Senator E. D. Smith, who has been for some time urging the president to restore the internal revenue district of South Carolina, today informed the correspondent of the News and Courier that President Wilson has issued the following executive order, dated July 21, 1913:

"I, Woodrow Wilson, president of the United States, by virtue of the authority vested in me by Section 3,141, of the revised statutes of the United States, hereby order that the State of South Carolina, now a part of the 4th internal revenue collection district of North Carolina, be detached from said district and constituted one collection district to be known as the district of South Carolina. This order to become effective upon the appointment and qualification of the collector."

When asked who would be recom-

mended to the president for nomination as collector of the restored South Carolina district, Senator Smith said that he could not answer this question now and refused to say whether or not he had anybody in mind. It is said that the matter of collectorship is being discussed by the two South Carolina senators and that announcement is withheld pending their agreement upon a name.

It will be recalled that the internal revenue district of South Carolina was abolished by executive order of President Taft last winter.

St. Louis, Mo., July 23.—After falling 110 feet from the top of a smokestack to a steel roof and after stopping with his head a bucket of tar which had followed him in the plunge, Edward Horner, a steeple-jack at the Granite City, Ills., Steel Works today waved aside hospital attendants who had come to remove his remains and then walked half a mile to his home.

There a physician said although Horner's head and shoulders were badly bruised and that he was internally hurt he would probably survive.

USE OF CALOMEL PRACTICALLY STOPPED

Dangerous Drug Giving Way For Safer More Reliable Remedy.

Hundreds of people in this vicinity alone have stopped the use of dangerous calomel when their liver is acting slowly, and take Dodson's Liver Tone instead.

Dodson's Liver Tone is always safe and has none of the bad after-effects which so often follow the use of calomel. It is a pleasant-tasting vegetable liquid that starts the liver gently and surely, and relieves constipation and biliousness and causes no restriction of habit or diet.

Many preparations have sprung up that imitate the claims made for Dodson's Liver Tone, but remember Dodson's Liver Tone is the tried and tested remedy that has proven such a good medicine and is so satisfactory to every user—is the reason these imitations are on the market.

Dodson's Liver Tone cannot hurt anyone and if it fails to do all that is claimed for it Mayes' Drug Store who sells it, will give your money back with a smile.
