

SULZER AND GLYNN EACH CLAIM POWER

IMPEACHED GOVERNOR REFUSES TO VACATE OFFICE.

Indications Point to Clash When Mr. Sulzer and the Lieutenant Governor Meet.

Albany, N. Y., August 13.—With Governor Sulzer impeached by the assembly and the date of his trial before the senate and the judges of the court of appeals set for September 18, the spectacle was presented tonight of two men claiming to be governor of the State of New York.

As soon as the articles of impeachment, adopted early today by the democratic majority in the assembly, were presented to the senate, shortly after 3 o'clock this afternoon, Lieutenant Governor Martin H. Glynn announced his intention of occupying the executive chamber.

Friends of Governor Sulzer declared that the governor intended to continue in office and would use every weapon in his power to maintain his power on the ground that the assembly had no constitutional right to consider impeachment at its extraordinary session.

Some asserted that the governor would go so far as to summon military protection if necessary to prevent the lieutenant governor from occupying the executive chamber.

Judge D. Cady Herrick, who will act as chief counsel for the governor at his trial, said tonight that "talk of resort to force is the merest rot."

Seal Locked From Sulzer

Albany, N. Y., August 14.—The great seal of the State of New York was locked and chained this afternoon to prevent its unwarranted use. The seal is in the office of Secretary of State May. Mr. Glynn's confidants assert that Mr. May will permit the lieutenant governor, but not Governor Sulzer, to use it. The key is in possession of a deputy to Mr. May.

The question of who is chief executive of the State of New York—William Sulzer or Martin H. Glynn—still was unsettled when the lights went out in the capitol tonight. Both the impeached governor and the lieutenant governor claimed to be directing the machinery of government, and both spent a busy day in their respective offices with counsel and friends formulating plans to maintain their authority.

Meanwhile, the governor's wife, who is expected to be the star witness at his trial, lies in a critical condition in the executive mansion. Her nervous collapse yesterday, which was accompanied by hysteria, grew so serious this morning that the governor sent to New York for two more specialists. Mrs. Sulzer had a high temperature and a rapid pulse during most of the day, but her condition was reported as somewhat improved tonight.

The whole machinery of State government was demoralized today as a result of the unique contest between the rival claimants for the executive office, and already the double exercise of authority has precipitated complications with two other States—New Jersey and West Virginia.

Sulzer Signs Papers.

The impeached governor signed requisition papers today for the governors of each of the States for the extradition for prisoners in the State of New York.

Whether the officers in charge of the prisoner—the police commissioners of New York City—would recognize the requisition papers when served upon them; whether the governors of the two States would also recognize them; whether in the event of such recognition counsel for the prisoners would resort to the courts with a plea that the extradition of their clients was illegal—these were unprecedented questions which the situation presented tonight.

The prospects tonight were that the contest between the rival claimants to the governor's chair might be decided in the courts by the presentation of an agreed statement of facts arrived at after consultation between their respective counsel. Such a consultation has not yet taken place, but D. Cady Herrick, chief counsel for Sulzer, indicated that such procedure was likely to follow.

TO GO THROUGH CANAL FIRST.

Explorers Peary and Amundsen to Make Trip on Whaler.

Buenos Ayres, Argentina, August 14.—The whaler Fram, commanded by Capt. Dohrn, left here today for Colon to take on board there Rear Admiral Robert E. Peary and Capt. Roald Amundsen, the explorers, who will be the first to pass through the Panama Canal on board ship. Capt. Amundsen afterwards will proceed in the Fram toward the North Pole, and, taking advantage of the arctic cur-

rents, will return on board her to Christinania, Norway, traversing en route the Spitzbergen archipelago. Capt. Dohrn proposes to take aviation lessons in San Francisco to perfect himself for flights in the polar regions. The expedition is expected to take six years to complete.

SHOT HUSBAND AND HER GUEST.

Mrs. Adams Said She Found Mr. Adams in Room With Woman.

Dallas, Tex., August 14.—Miss Bertha Neeze, aged 24, was shot and killed, and Robert L. Adams, aged 43, was shot through the spine and probably fatally injured at the Adams farm house, near here last night. Mrs. Adams, who was released on \$1,000 bond, is charged with the shooting. In a statement she declares she found the girl, who was her guest, and her husband in a room and warned them she intended to shoot.

SHE STOPPED THE PAPER.

The Editor Didn't Know Why, but Followed Instructions.

She came down the street three steps at a time and sailed into the newspaper office like a whirlwind. She waited for no ceremony, but wildly asked:

"Is this the printing office?"
"Yes, madam."
"I want to stop my paper."
"All right, madam."
"Stop it right away, too."
"It's stopped," we replied, making a blue line through her husband's name on the subscription list.

"Mebbe that will learn you some hoss sense and how to do the square thing next time and not to slight people just because they are poor. If some rich, stuck up folks happen to have a homely baldheaded baby born to 'em you're in an awful hurry to put it in the paper and make it out an angel, but when poor people have a baby you can't say a word about it, even if it is the purtiest child borned. That's what I'm stoppin' the paper fur. This ort to be a lesson to every paper in the United States." And she went out of the office as mad as a wet hen.—Kaw City, Okla., Tribune.

STORM HITS FLORENCE.

Telephone, Electric Lighting and Fire Alarm Systems Affected—Houses Struck.

Florence, August 14.—This city and section was visited last night by one of the most violent electrical storms that has ever occurred here. The storm swept over the city from the northeast and for about two hours the electrical display was beyond description. The thunder was deafening and was almost one continuous crash after another. Accompanying the electrical display was a downpour of rain. The fall measured 1.69 inches.

The streets were torrents of water, and on West Evans the water was so deep that it ran into the front doors of many of the stores.

During the storm the telephone system was almost completely put out of commission. The incandescent lights of the Florence Electric and Utility company were put out of business for the night and the fire alarm and city clock were also cut out by the electrical force. The light and power company lost heavily. A number of their large transformers were ruined.

Several houses in the city were struck by lightning, but no one was injured, as far as can be learned today.

The storm struck the city shortly before 8 o'clock, just after several of the mountain and seashore excursion trains ran into the union station of the Atlantic Coast Line, and it was the cause of delay in getting the trains out of the yards here for about one hour.

The oldest inhabitants say that last night's storm was the "greatest electrical display they have ever seen at Florence."

EASY RELIEF FROM CONSTIPATION

The Remedy that Replaces Calomel—
Causes No Restriction
of Habit or Diet.

It is a mistake to take calomel when your liver is lazy and needs toning up. Hundreds of people in this section have discovered that Dodson's Liver Tone is a thousand times better and safer and its action is just as sure. There are none of the bad after-effects of calomel to Dodson's Liver Tone and no danger of salivation.

For attacks of constipation or biliousness one or two spoonfuls of this mild, pleasant tasting vegetable liquid are enough and W. G. Mayes gives a personal guarantee that every bottle will do all that is claimed for it. Money back in any case where it fails.

Dodson's Liver Tone costs only 50 cents for large bottle. Remember
