

**HAS NO REFERENCE TO STATE WAREHOUSE SYSTEM**

**Tentative Proposal For Merger of Warehouse Companies Discussed**  
By T. B. Stockhouse.

The State. Regarding the publicity given through various media other than The State to the tentative proposition for a merger of the Standard Warehouse company of Columbia, operating plants in seven South Carolina cities, with the Atlantic States Warehouse company of Augusta, the president of the former concern, T. B. Stockhouse, said yesterday:

"My purpose had been not to give any statement to the newspapers relative to the proposition of merging the Standard Warehouse company and the Atlantic States Warehouse company, which was recently presented to the stockholders of the Standard Warehouse company, but as considerable publicity of a misleading nature has been given the business from an unauthorized source, finally resulting in a lengthy comment by Gov. Manning, I now feel it incumbent upon me to give facts and allay the suspicion that the question of competing with the system of State warehouses suggested a merger.

"On the contrary, the State licensed cotton warehouses have not been even remotely thought of in the consideration of a merger. The suggestion came from a New York broker, who expected from such a consolidation a good commission. I do not believe the suggestion of a consolidation of the two companies came from officers or stockholders of the Atlantic States Warehouse company and I know the idea did not originate in the office of the Standard Warehouse company.

"In calling a meeting of stockholders to consider the proposition, I believed it my duty to furnish them a statement of the earnings of the two companies for the past several years, in order that an intelligent decision might be formed. I furnished this information only to the stockholders of the Standard Warehouse company, and the use of it in a newspaper (not The State) was without my knowledge, and had I been consulted, I would not have consented for the figures to be used. It is practically certain that an alarm has been raised without cause, for it is very probable the stockholders of the Standard Warehouse company will feel no interest in the suggestion."

**THE RED CROSS SEAL COMMISSION OF S. C.**

**Fight Against Tuberculosis—Four Hundred Thousand Red Cross Christmas Seals.**

The Red Cross Seal commission of South Carolina has reopened its office in the Union National bank building and is planning to conduct again the energetic State-wide sale of the seals which are to be used during the month of December on the back of letters, packages, men's theater programs and any place they will stick.

The commission has sent in an order to the National Red Cross society for a shipment of 400,000 Red Cross Christmas seals and advertising material in proportion. In 1913 there were sold in South Carolina approximately 250,000 of these little messengers of health. In 1914, owing to the depressed financial condition of the State, the sale approximated only about 150,000. This year, with the financial outlook more encouraging, the commission hopes to be able to dispose of the entire lot of 400,000, and an enthusiastic campaign for securing agents in the towns throughout the State to place the seals on sale is now begun.

The officers of the commission for 1915-16 are Jas. H. Fowles, Columbia, chairman; Miss Louly Shand, Columbia, vice chairman; Mrs. Philip Rich, Orangeburg, vice chairman, and Miss Julie Heyward, Columbia, secretary and treasurer.

The Red Cross seals sell for one cent each, and ninety per cent of the proceeds from the sale during the Christmas season is kept in the State of South Carolina to aid in the fight against tuberculosis. Therefore every penny that is put into a Red Cross Christmas seal is a bullet in the great battle against consumption in our State.

**TIDE OF CONFLICT FLOWS OVER BALKAN MOUNTAINS**

**Wave of Teutonic Forces Directed Across Servian Border in Drive At Constantinople.**

The invasion of Serbia by the Austro-German allies has begun and two Russian cruisers are reported bombarding Varna, Bulgaria's principal Black Sea port. Across the Danube, the Sava and the Drina rivers the Germans and Austrians have sent 400,000 men in an attempt to cut their way through to Bulgaria and eventually reach Constantinople.

Along the Servo-Bulgarian frontier, or scattered at strategic points, are several hundred thousand Bulgars, while farther southeast behind the Tchatalja line the Turks may also have strong reserve ready to be thrown into battle.

The British and French forces landed at Saloniki already are well on their way along the railway running north from Saloniki to Nish, the Servian war capital, a distance of about 250 miles, to aid the Servians.

The ultimate stand that Greece and Roumania will take is not known. Roumania's mobilization continues.

A new Greek coalition cabinet, headed by Alexander Zaimis, a former premier, has been formed. The new cabinet will announce its program to parliament next Monday. Although the retiring premier, Eleutherios Venizelos, and his followers in parliament and a majority of the parliamentary body and of the people still favor Greece going to the aid of her treaty ally, Servia, King Constantine has given no indication that he intends to swerve from his original position that Greece should not enter the war.

The penetration by the Germans of Russian positions before Dvinsk is the greatest gain claimed by any of the war chancelleries and would indicate that von Hindenburg at last has broken down in a measure the Russian resistance.

Both the French and the Germans announce slight gains or the repulse of attacks along the Western line.

The Turks announce that one of three allied torpedo boats which appeared off Kereves Dere, inside the Dardanelles, was set on fire by the guns of the Turkish Asiatic batteries and that the boats then retired.

**BIG CIRCUS COMING.**

**Carl Hagenbeck-Wallace Shows to Appear Here Soon.**

The Carl Hagenbeck-Wallace shows combined will visit Newberry on Wednesday, October 27.

For more than a quarter of a century the great Wallace circus was the best in all the land. Several years ago he big circus was consolidated with Carl Hagenbeck's trained wild animal exhibition. Carl Hagenbeck, before his death, was the "animal king," and the combination of the two shows for a single price of admission makes it something unheard of in the amusement world. With few exceptions great arena acts originate in Europe. They are invariably introduced in America by the Carl Hagenbeck-Wallace circus, which maintains agencies in Europe and Asia for the purpose of keeping in touch with the latest achievements.

The Carl Hagenbeck-Wallace circus has either originated all great attractions in the past few years or have searched them out from distant lands. It has offices in London, Liverpool, Paris, Berlin Hamburg, Vienna, Constantinople, Calcutta, Hong Kong and Buenos Ayres. Its agents are always looking for novelties. B. E. Wallace may be justly called the "circus king," as he is the largest individual circus owner in the entire world. His name has been listed by the mouths of two generations of children.

Today the circus has reached a size that is giving the railroads much concern. If the three trains were any longer they could not handle them. It enrolls almost 1,000 people, who travel along with the show. It has over 810 horses and animals, together with three herds of elephants. All of the equipment throughout this season is new. It cost the owner, Mr. Wallace, \$3,000,000. The parade alone represents a cash outlay of \$1,000,000. The menagerie is worth half as much. The best circus artists in the world have been engaged for this season; there are 400 of them.

Doors to the big show will be opened at 1 and 7 p. m. Performance will begin an hour later. The parade leaves the grounds at 10 o'clock.

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered will prove comforting words to hundreds of Newberry readers.

Mrs. B. F. Cannon, 1902 Harper street, Newberry, says: "I suffered terribly from kidney ailment. I had such terrible pains in the small of my back that I couldn't turn over in bed, and many nights I didn't rest at all. I was nervous and out of sorts. The kidney secretions were unnatural and caused me a lot of annoyance. I finally got Doan's Kidney Pills from Glider and Weeks' Drug Store and began taking them. They helped me right away and one box fixed me up in good shape."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Cannon had. Foster-Milburn Co., Props., Buffalo, N. Y.
