New houses for residences are badly needed in Newberry. We know of families wanting to rent and unable to find places. Monied men, make a motion.

Ringling Bros. are using the columns of The Herald and News to advertise their great circus in Columbia Oct. 17. People from Newberry will go to see the shows.

Expect big crowds at the State fair. Good times will take thousands to Columbia for the Fair and Harvest Jubilee.—Flaming headlines in the daily papers.

A commission has been granted to the Newberry Palmetto Trust company, with a capital of \$500, the petitioners being John M. Kinard and O. B. Mayer.

Spartanburg Journal reminds us that it was just about this time two years ago, if he remembers correctly, that we had our big "Buy a bale of cotton at 10 cents a pound" day.

An exchange suggests that "The Farmer in His Auto at the Bank" would be a good title for another prosperity song. That exchange man must have stopped over in Newberry last or this week.

The Calendar society will conduct a rummage sale on Saturday of this week in the vacant store next to E. M. Evans and Son. All the ladies of the congregation are asked to contribute rummage.

There will be preaching at the Helena church next Sunday afternoon at 3:30. The Rev. E. V. Babb will do the preaching. The Helena people will hear good preaching and return to their homes feeling that life is worth living.

There will be an oyster and fish supper at the residence of Mrs. W. F. Ruff Saturday night from 7 to 11 o'clock. An old time cake walk will be a feature of the occasion. Special arrangements will be made for the entertainment of the old as well as the young.

There are a good many "finest evers" in Newberry. Every once in a while we hear some man, in speaking of his clerk or stenographer, say: "She's the finest ever." Which, however, is always brought out by the first remark of the interrogator.

The new steam laundry for Newberry is looming up in the distance. Mr. Julius B. Boozer assures us that he has about \$1,000 subscribed. When this contemplated enterprise is encouraged here it will help Newberry along in the onward march of progress with clean apparel.

Music is a wonderful influence for good; it is impossible to think of evil or commit evil deeds while listening to the sweet harmony of voices or instruments.—Selected. You will hear such music in most of the churches of Newberry every Sunday morning and night.

The revival conducted at the Presbyterian church by Mr. Croker of Newberry closed Friday. It was one of the best meetings of the kind ever held here and the preacher is one among the few who held the interest of all. Two new members were added to the church.—Donalds Cor. Abbeville Medium.

A soap factory is another new enterprise for the town. Mr. R. C. McCarty, a young man, has opened it up and is running it in the block near the depot, from Main street. If this doesn't show that Newberry is growing it at least shows that she has better facilities for keeping clean. We hope Mr. McCarty will have success. Mr. McCarty will have success with his venture.

There is a recruiting officer in town, stopping at the Central house. He came from Spartanburg Wednesday and will be here until next Tuesday. If any of our young men wish to see this officer of the recruiting service they have a good opportunity now. The country needs men for military duty. If you want to enlist

Ford touring cars by freight Saturday for Fridy and sold them right away, delivering them this week to the following town and county persons: Yancey T. Dickert, F. R. Reddick, W. R. Schumpert B. L. Albritton, Pat A. Stockman and S. R. Metts.

Tom Gray the colored drayman of the J. W. Kibler Company had a narrow escape from being killed late Tuesday afternoon. At the corner of Nance and Pope streets the mule became frightened at a bale of cotton on the ground nearby and ran up on the sidewalk. This tilted the dray throwing the driver out. He was run over by the wheels and received a considerable jolt and jar, with some bruises which laid him off for several days. Gray was not seriously hurt, but it was a scary and dangerous fall.

How many of you have mentioned the fact to the city officials that you appreciate the splendid work being done at the streets of Lancaster.—Lancaster News. None. They will wait until the officials are dead to put flowers on their graves. But we will give the Supervisor Joe Werts a bouquet now. Look at the fine work going on from the corner of Mr. O. Klettner's residence up to Mayor Wright's. It is improving and beautifying the street. Let's put flowers on people's graves before they die; they can't smell them after they're dead. A dead man doesn't care whether you decorate his grave or not, but it means a whole lot to the living. It might help to keep some poor fellow living.

TANLAC HAS BEEN WORTH \$500 TO HIM, HE SAYS

RICHARDSON DECLARES "TWO YEARS HAVE PASSED SINCE TANLAC RESTORED MY HEALTH."

ONCE LIVED ON MILK
Removed by Tanlac, He Says "I've had no Return of my old Troubles."

A few days ago, Frank Richardson, a well known employe of the Byrd Printing Company, residing at 52 West Lake St., Atlanta, came into Jacob's Pharmacy and in relating his experiences with Tanlac said:

"About eighteen months ago, while I lived in Knoxville, Tenn., I made the statement that I wouldn't take \$500 for the good Tanlac did me. Well, I just want to tell you I still feel the same way about it. I suffered with the most terrible case of stomach trouble, which had followed me for seven long years and pulled me down almost to the point of despair. Tanlac gave me relief when everything else had failed and I can never forget it.

"My diet was restricted to milk and occasionally a soft boiled egg, and I wouldn't dare touch meats of any kind. I was habitually constipated and extremely nervous. No matter what I would eat, I would always have an awful pain in my stomach, and this with my stomach, kept me awake for hours every night. My condition alarmed my wife and I was almost at the turn of the road where I hadn't strength to follow my vocation.

"I read about Tanlac helping so many people who were afflicted as I was, and I determined to try it. I started to the drug store one evening for my first bottle, and I was so weak from loss of strength and energy that I fainted. I managed to get back home after so long and started on my Tanlac, and the first few doses made me feel better. I continued improving, and, after taking the fourth bottle, there was a most wonderful change in my condition. I found that I could eat just anything I wanted, and, for the first time in years, I could eat boiled ham and potatoes and felt no ill after-effects. The pains all left my stomach, my nervousness disappeared and I could sleep like a child. My troubles all went away with those few bottles of Tanlac and left me stronger and more energetic than I had been in years. Yes, sir, eighteen months have passed since Tanlac so wonderfully restored my health, and it gives me pleasure to tell you that I have no return of any of my old troubles to this day, and I have kept my average weight all along. Tanlac made life a real pleasure to me, and I go about my work with a feeling that reminds me of the days of my young manhood."

With flour close around \$10 a barrel, our farmers should put in a good crop of wheat this fall. Our people should begin to provide for the hard times just ahead of us. The cost of living has more than doubled.—Camden Messenger. This is excellent and wholesome advice, which we hope will be heeded.
