PERSONALS.

initely on account of the prevailing war work, he has double duties on his sickness and the meeting will not be hands, for is keeping the work at both he d until further notice.

Seems like nearly everybody has it. Some people think it was sent over

With no preaching and no automobiles Sunday was a most quiet day, soon be over. No need to get alarm- and one of the very quitest spots in the city was under the pretty shade of a little tree on the Methodist church lawn opposite The Herald and News office. It reminded us of how the garden of Eden must have been on the first Sabbath with Adam and Eve.

One man said another citizen was nder the Spanish influenza. That was getting it down fine.

The thing has spread until it has On account of Spanish Influenza reached the carrier boys of The Herbeing in the city the board of health ald and News, and as the substitutes at a meeting Saturday night has ore don't know the routes some of our subscribers are missing their papers. Everything is topsy turvey.

Health Officer L. M. Player says ture shows and pool rooms-and also that within five days from the first case of the Spanish influenza the town was full of it. It seems to have swcoped down all of a sudden. It is quick with its work, so maybe it will soon disappear. It began here on the 21-t, the autumnal opening.

The crowded condition of some of the stores here on Saturday night was a far greater source of dauger for the further sneed of the influenza than was the closing of the chuches on Sunday. While at the closing business The following preventive rules have why not close up everything?

Has the old grip returned with a more savage clutch? Always something. We are looking for old small-1.
