Astonishing Success.

It is the duty of every person who has used Bochee's German Syrup to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all Druggists to recommend it to the poor, dying consumptive, at least to try one bottle, as 80 000 dozen bottles were sold last year, and no one case where it failed was reported. Such a medicine as the German Syrup cannot be too widely known. Ask your druggist about it. Sample bottles to try, sold at 10 cents. Regular size, 75 cents. Sold by all Druggists and Dealers, in the United States and Canada.

History of the United States.

One of the most meritorious productions of the literary world, recently brought before the public, is a Pictorial history of the United States written by Hon. Alexander H. Stophens, distinguished as one of the most eminer t writers of his day. What the people of our day and country has long needed, has been an elaborated history of the United States. Stepiaens' Pictorial History supplies the want. It commences with the discovery of America and comes down to the assussination of President Cartield. Then an appendix is added by Mr. R. A. Brock, completing the history to the present time. It contains 1,060 County, P. O. address, Panols, S. C. pages and is elegantly illustrated with 300 steel and wood engravings. The opportunity is offerred the people of Clarendon to purchase this valuable work from the Key, W. G.
