The County jail is now without a prisoner, and the jailer looks lonely.

The rake and cart have been used on the Court House square with happy effect.

Mrs. J. A. Wilson, of Mars Bluff, is visiting her daughter, Mrs. Dr. W. E. Brown.

Mr. D. T. Legg, has returned from an extended trip to Tennessee. He is as jovial and merry as ever.

Mrs. A. Loryea, from Manning, is spending a few days with the family of Mr. B. J. Barnett.—Sunter Advance.

Why not smoke the Manning Guard Cigars—a delightful "dreamer's solace"—at Dinkins & Co.

Summerton was represented in Manning Saturday, by Prof. J. C. Lanham. The Times would have appreciated a visit from him.

Mrs. J. H. McCutchen, with her little daughter, spent several days in Manning last week.

The Times acknowledges an invitation to a hop at the Jersey Hotel, of Sumter, on next Thursday evening.

The doors of the Grove Academy were closed last Friday for the summer. The scholars have vacation till the fall session commences.

The Manning Guards held a competitive drill last Friday evening. Mr. Andrew Burgess won the honorable place of the best drilled man. Lieutenant Thames was next best.

Jos. H. Montgomery, Esq., has returned home from the prosecution of his studies at Columbia. He was in town Monday.

Rachel McDuffie has at last been conveyed to the lunatic asylum. More than one timorous heart in Manning is relieved.

Mr. C. F. Richbourg has the most precious cotton farm in the county. His son reported to this office Monday, that cotton blooms had already appeared in his father's field.

Several from Manning will witness the game of base ball between the Charleston professionals and the Sumter amateurs, on the ground of the latter this afternoon.

The Times, on the outside, contains the news of the week put in a succinct, intelligent form. It is worth the full subscription price, \$1.50 a year.

Rev. S. E. Bishop filled the pulpit of the Presbyterian church here last Sunday morning and evening. Both services were well attended. Rev. James McDowell preached Sunday in Summerton.

The Manning Academy exhibition this evening, will no doubt be interesting to the large audience expected. The principals of the Academy have the sympathy of their friends, in their failure to procure the Court House.

A Gatling gun, shooting 300 times a minute, has been received in Charleston, for the use of the Fourth Brigade. The commanding officer says it will be used only in emergencies.

The Abbeville Medium has a remarkable facility for "getting up locals." Its last issue contained more than three columns of this matter closely printed. Can't you let us in to the secret of your success, brother editor?

A match game of base ball was played last Friday between the Santees of Orangeburg county, and the Panola club, on the ground of the latter. The Times correspondent at Panola has promised a spirited account of the game for next week.

The civilized world is about evenly divided between intelligence and ignorance. Unfortunately, however, the unlearned in their blind conceit conceive that they have all the wisdom, and thus the confusion arises.

Mr. J. H. T. Coulette, near Panola, has sent to this office a bunch of headed wheat. The wheat has been examined by good judges and declared to be very fine. The heads were gathered from a five acre field.

Franklin J. Moses, has been pardoned from the penitentiary of Massachusetts. It is hard and humiliating to recognize in this convict and degraded human being, an Ex-Governor of South Carolina.

Manning is not without its share of what the world is pleased to call geniuses. During the editor's absence the other day a gentleman of this exceptional class called at his office and displayed his talent for improvisation in the following lines, found on the office table:

The Editor, away— At work or at play? Work he has none, For his day's work is done; So, what the deuce is he doing? Nothing at all— And that's all— Nearly all— Unless its a "local" he's brewing.

The Major says the story of the pumpkin vine gives him numbered celebrity. That it was not he that planted the pumpkin seed, but an old Western surveyor, who told it and to whom belongs all the credit. The correction is readily made.

Mr. T. Adams Way, was in town this week. His facial organs were as radiant as in days of yore when his sprightly jokes appeared in the Times under the nom de plume of "Tom." May "Tom" renew his correspondence in the Times at an early day.

On next Thursday evening the seventeenth annual commencement of the Sumter Institute will be held. Professor Jas. H. Carlisle, L.L.D., of Wofford College, Spartanburg, will deliver the address to the graduating class.

The County Commissioners of Sumter, have notified their county papers, that they will no longer pay for the publication of the Grand Jury presentments. No pay was ever received for their publication in Clarendon. Like a great deal of other work it has been done gratuitously.

The County Commissioners of Sumter, have notified their county papers, that they will no longer pay for the publication of the Grand Jury presentments. No pay was ever received for their publication in Clarendon. Like a great deal of other work it has been done gratuitously.

A horrible discovery in Burke County, Ga., has just come to light. It seems an unnatural and ignorant mother, a negro girl of 20, buried her new born babe, which was afterwards devoured by swine. She is now in jail. She declares the child was dead when she buried it.

The Bridge over that part of Lynch's River which divides Clarendon and Darlington, is under the supervision and control of both counties. It is a large bridge and costs a considerable amount of money to keep it repaired. Recent repairs have been made on it, and June the 1st, the commissioners of the respective counties met, and received it. It is now in good and safe condition.

Weather judges declared last Thursday to be the warmest day of the season. Before the sun disappeared Friday they asserted that day was the warmest. Saturday was warmer still, and Sunday was pronounced the warmest day of all. Now which was the warmest day?

The poet Burns prayed for the power to see "ourselves as others see us." Our face would be hid under a bushel but could we get a glimpse of our faults through the same magnifying glass used by our fellow citizens.

Ridge Springs correspondence in the News and Courier, May 18th: The Rev. Mr. Perry, of Staunsville, N. C., preached in our Baptist Church on Sunday morning and evening. It is probable that he will become our pastor in a few months to succeed the Rev. G. F. Williams, who has gone back to Virginia.

A new series of postage stamps were put in use on the 1st inst. The denominations are one, two, four, and five cents. The head of Franklin is selected for the one cent stamp, and the heads of Washington, Jackson, and Grant have been for the two, four, and five cent denominations, respectively. The general design of the new series is uniform.

Messrs. J. S. Wilson, and R. O. Purdy, of Sumter, enjoyed the pleasure of a fish at Home Lake last Saturday, under the patronage of Mr. W. M. Plowden. During the process of fishing one of the attorneys involuntarily and unexpectedly plunged from a boat to the bottom of the Lake with his full complement of wearing apparel.

Very much to the regret of the teachers and patrons of the Manning Academy, the use of the Court House for the exhibition which was to have been held Thursday morning, has been refused. In consequence, the exercises will come off on Wednesday and Thursday nights, instead of as before announced—the School Exhibition the first night, and the Society celebration the second.

The Times is indebted to the County Record for the following piece of news which is the first intelligence of Dr. Stagger's mishap that reached this office: "Dr. J. Marion Stagger, of Clarendon County, was accidentally shot with a pistol a few days ago at his home in that county. He discharged a hand on his plantation, who afterwards threatened him with violence, and being about to visit a patient he carried a pistol, and while going down the steps tripped and fell. The pistol was discharged, the ball taking effect in his side. The wound, though severe, is not thought to be dangerous.

Mr. Fred Rantin, died suddenly in Charleston, last Friday. He was raised in this county, where he has relatives and a large number of acquaintances, all of whom entertained for him the kindest personal regard. The News and Courier announcing Mr. Rantin's death says:

"The deceased, while not a native of Charleston, spent the greater part of his life here, and was at one time one of the most popular and successful salesmen in the State. He entered the Confederate service while a mere stripling, and fought during the war with the Marion Artillery, and was a gallant and faithful soldier. Among the prominent firms with which he has been identified, since the war are Stoddard & Co., N. A. Hunt & Co., and Falk & Co."

Have you ever tried one of the Manning Guard Cigars. The best smoke on record at Dinkins & Co.

IN MEMORIAM.

At the last communication of St. Peter's Lodge, A. F. M., the following preamble and resolutions touching the death of Dr. G. Allen Huggins, were adopted:

Whereas, The Grand Master of the University, having summoned one of the members of St. Peter's Lodge, A. F. M., to appear before him in the Christian Lodge, and to read all true Masons' hope "to meet in part no more" and Death, the great leveler of all human distinctions having treated our Lodge and expelled us away from the "Veil of Amnesia," Brother G. Allen Huggins, who was held in high esteem for his many noble traits of character, his broad charities, noble life, and his high and pure Masonic life, and whose name we mourn his departure from us, yet, we are happy to report the blessed hope of the resurrection, through of our departed brother, believing that he has been raised by the "Strong Grip" from the dead level of earth, to the eternal, living, and immortal life of the heavens. Thus, we encourage ourselves in our sorrow and grief, and truly submit to the mandate of the Great Disposer of all things, and

Whereas, it becomes us his friends and brethren, to pay some tribute to his memory, and to honor the virtues, throw the mantle of charity over his faults, and contain his noble deeds in our hearts.

Resolved, That in the death of Brother G. Allen Huggins, St. Peter's Lodge, No. 54, A. F. M., has sustained a great loss; the Church a useful member; the State, County, and Community a prominent, large-hearted, patriotic citizen.

And, that we refer to the affectional family of our deceased brother, our deepest sympathy and condolence in his great and sore bereavement, commending them to Him who has always been, and will ever be, a Father to the fatherless, and a friend to the widow.

And, that a blank page in our minute book be suitably inscribed to his memory, and that a copy of these resolutions be sent to the family and published in the county papers.

WE TELL YOU PLAIN.

Mexican Mustang Liniment

THIS GOOD OLD STAND-BY accomplishes for everybody exactly what is claimed for it. One of the reasons for the great popularity of the Mustang Liniment is found in its universal applicability. Everybody needs such a medicine.

The Farmer needs it in case of accident. The Housewife needs it for general family use. The Cavalier needs it for his teams and his men. The Mechanic needs it always on his work bench.

The Miner needs it in case of emergency. The Pioneer needs it—can't get along without it. The Farmer needs it in his house, his stable, and his stockyard.

The Stockman needs it in his stable, his stockyard, and his stock. The Horse-fancier needs it—it is his best friend and safest reliance.

The Stock-grower needs it—it will save him thousands of dollars and a world of trouble. The Railroad man needs it and will need it as long as his life is a round of accidents and dangers.

The Backwoodsman needs it. There is nothing like it as an antidote for the dangers to life, limb and comfort which surround the pioneer. The Merchant needs it about his store and among his employees. Accidents will happen, and when these come the Mustang Liniment is wanted at once.

Keep a Bottle in the Factory. Its immediate use in case of accident saves pain and loss of wages. Keep a Bottle Always in the Stable for use when wanted.
