In an Engine Cab, An incident which occurred on Mrs. Cleveland's trip to New York State, and which is so thoroughly illustra-tive of her graciousness and real Democracy as to be worthy of record, is thus related to a Washington Critic re presentative:

The train had just pulled into a station on the Rome, Watertown, and Ogdensburgh Road, when the engineer opened the door of the special car. doffed his cap and inquired in a tone of bluff heartiness: "Would not the first lady of the land like to ride on the locomotive?"

"That is just what the first lady in the laud would like to do," laughing-ly replied Mrs. Cleveland, as she allowed herself to be assisted to a seat in the engine cab.

She remained there some time and was fully initiated into the mysteries of the iron horse. On rejoining the Presidential party she expressed herself as greatly pleased and interested by her novel experience. A few days later she met the same engineer on the streets in Albany and gave him a pleasant bow of recognition. He was completely taken aback at her remembrance, but finally managed to acknowledge it. He was, however, much elated, and afterward, in describing it said: "I was all used up."

IS CONSUMPTION INCURABLE? Read the following: Mr. C. H. Morris, New-

ark, Ark., says: Was down with abscess of the Lungs, and friends and physicians pronounced me an incurable consumptive. Began taking Dr. King's New Discovery for Consumption, am now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made.

Jesse Middlewart, Decatur, Ohio s.ys:
Had it not been for Dr. King's New Discovery for Csnsumption I would have died of Lung troubles. Was given up by doctors.
Am now in best of health." Try it. Sample bottles free at Dinkin's & Co's Drug

Homicide in Sumter.

About 8:30 o'clock on last Sunday night, while some of the negro railroad hands were sitting around the fre at Hardin's camp in the Green Swamp neighborhood, Henry Drown came up behind Abram Allen and struck him on the head with a part of an iron-bound hame and death resulted almost instantly.

It seems that there was bad blood between the slayer and the slain. Brown has not been arrested yet and his whereabouts are not known. The verdict of the Coroner's inquest

was in accordance with the facts of the homicide.—Watchman and South-

We have at last something that may well be told to marines. Six powers -contiguous to the North Sea-namely, Great Britain, France, Belgium, Holland, Germany, and Denmark, have formerly agreed to prohibit the sale of spirituous liquors to fishermen and other persons on board fishing vessels. This is a significant covenant between high contracting parties. Prohibition's line of march is on sea as well as land. As soon as Prohibition finds a backbone, it will stand on sea as well as land. Nor ought it to be put on its feet until it has a spinal column.—Columbia Register.

RENEWS HER YOUTH. Mrs. Phœbe Chesley, Peterson, Clay Co., Iowa, tells the following remarkable story, the truth of which is vouched for by the re-sidents of the town: "I am 72 years old, have been troubled with kidney complaint and lameness for many years; could not dress myself without help. Now I am free from all pain and soreness, and am able to do all my own housework. I owe my thanks to Electric Bitters for having renewed my thanks to the country of the youth, and removed completely all disease and pain." Try a bottle, 50c. and \$1 at Din kins & Co's Drug Store.

A grocer being solicited to contribute to the bullding of a church, promptly subscribed his name to the paper in the following manner: "John Jones (the only place in town where you can get eleven pounds of sugar for a dollar) twenty-five cents.

### ...t is this Disease that is Comip. Upon Us ?

Like a thief at night it steals n upon us unawares. The paients have pains about the chest and sides, and sometimes in the back. They feel dull and sleepy; the mouth has a bad taste, especially in the morning. A sort of sticky slime collects about the teeth. The appetite is poor. There is a feeling like a heavy load on the stomach; sometimes a faint, all gone sensation at the pit of the stomach which food does not satisfy. The eyes are sunken, the hands and feet become cold and clammy. After a while a cough sets in, at first dry, but after a few months it is attended with a greenish-colored expectoration. The patient feels tired all the while, and sleep does not seem to afford any rest. After a time he becomes nervous, irritable and gloomy, and has evil forebodings. There is a giddiness, a sort of whirling sensation in the head when rising up suddenly. The bowels become costive; the skin is dry and hot at times; the blood becomes thick and stagnant; the whites of the eyes become tinged with yellow; the urine is scanty and high colored, depositing a sediment after stand-There is frequently a spitting up of the food, sometimes with a sour taste and sometimes with a sweetish taste; this is frequently at-

lation has this disease in some of its varied forms. It has been found that physicians have mistaken the cause of this disease. Some have treated it for a liver complaint, others for kidney disease, etc., etc., but none of these kinds of treatment have been attended with success; for it is really constipation and dyspepsia. It is also found that Shaker Extract of Roots, or Mother Seigel's Curative Syrup, when properly prepared will remove this disease in all its stages. Care must be taken, however, to secure the genuine article.

IT WILL SELL BETTER THAN

COTTON. Mr. John C. Hemptinstall, of Chulafirmee, Cleburn Co., Ala., writes: "My wife has been so much benefited by Shaker Extract of Roots or Seigel's Syrup that she says she would rather be without part of her food than without the medicine. It has done her more good than the doctors and all other medicines put together. I would ride twenty miles to get it into the hands of any sufferer if he can get it in no other way. I believe it will soon sell in this State better than cotton.

TESTIMONY FROM TEXAS. Mrs. S.E. Barton, of Varner, Ripley Co., Mo., writes that she had been long afflicted with

dyspepsia and disease of the urinary organs and was cured by Shaker Extract of Roots. Rev. J. J. McGuire, merchant, of the same place, who sold Mrs. Barton the medicine, says he has sold it for four years and never knew it to fail.

SHE WAS ALMOST DEAD

I was so low with dyspepsia that there was not a physician to be found who could do anything with me. I had duttering of the heart, and swimming of the head. One day I read your pamphlet called "Life Among the Shakers," which described my disease better than I could myself. I tried the Shaker Extract of Roots and kept on with it until to-day I rejoice in good health. Mrs. M. E. Tinsley, Bevier, Muhlenburg Co., Ky.
