WASHINGTON, Feb. 12.—The letter of Ex-President Cleveland, committing simself against the free coinage of silver policy, was the absorbing topic of discussion at the Capitol to-day. It was a lively day, too, for the representatives of the press, and the opinions of leading men from all sections of the country were solicited, the intention being to telegraph these expressions to all news centers in the United States.

erage Democrat espressed a decided willingness to be interviewed on so important a subject. As a rule the Democrats from the Eastern and Middle States agreed with Mr. Cleveland in his opposition to the free and unlimited coinage of silver. Senator Wilson, of Maryland, one of the few Democrats who recently voted against the free coinage bill, expressed himself cautiously and conservatively. He said that Mr. Cleveland had a right to his views on the question, and called attention to the fact that the Democratic party had never yet in a national convention decleared for free that the plot was to blow up Shufeldt's

Two previous attempts, which were attributed to the Whiskey Trust, but not proved, were made to destroy Shufeldt's place with dynamite. One of them occurred two years ago last fall.
