

Give The Public a Rest. SUMMERSON, S. C., Sep. 28, 1891. The Big Tempest in a Little Teapot. My absence from home has prevented a reply to the article in your paper of September 9th in which you make further allusion to the difficulty at Foreston between my brother, Tom Sparks, and John Wilson. I hoped that when the facts were given to the readers of your paper in their true light, as in my card of late date I endeavored to do, the matter would be left to the majority of the law to prove and substantiate the correctness of the same.

St. Paul News. St. Paul, Oct. 6. We are having clear and hot days with cool and pleasant nights. Such seasons are familiar to those who camped with Lee on the Blue Ridge of Virginia. The Atlanta Herald of the 1st day with perspiration like goose eggs on his brow, and in hope for an ear of two of corn to break his fast when he could lie down on the softest side of a rock to sleep with his musket and cartridge box and a piece of his old jacket piled on him to keep his blue blood warm for the night. When he slept with one eye open he was looking for another ear of corn, but when he smiled he was reminded of the fact that he wanted that kind of corn lastening towards the enemy's gunboats or stepping lightly for the bomb-puffs of Washington. When he grinned in his sleep like the 'possum in the hamon room he was thinking of Dixie and he thought he was with her pulling 'lasses candy, but when he awoke he was with the dear old folks at home eating apple dumplings and drinking apple cider. Sweet home!

Cheney & Co., doing business in the city of Toledo, Ohio, and State of Ohio, and that said firm will pay the sum ONE HUNDRED DOLLARS for each and every case of catarrh that cannot be cured by the use of Hall's Catarrh Cure.

MALARIA. Literally means bad air. Poisonous germs arising from low, marshy land, or from decaying vegetable matter, are breathed into the lungs, taken up by the blood, and unless the vital fluid is purified by the use of a good medicine like Hood's Sarsaparilla, the unfortunate victim is soon overwhelmed. Even in the more advanced cases, where the terrible fever prevails, this successful medicine will relieve the patient, and persons who are exposed to malarial or other poisons should keep the blood pure by taking Hood's Sarsaparilla.
