

The re-appointment of Mowry as post master at Charleston seems not to be going through smoothly.

Circuit Judge Simonton yesterday rendered an important decision in the railroad cases, which will, in part, atone for his past adverse decisions to the State.

Last week we published a proclamation from Governor Tillman in which he offers one hundred dollars reward for the apprehension and conviction of the parties that burned Legg & Hutchinson's stables and Moses Levi's stores.

We are glad to see that Editor Gant, of the Headlight, has seen his error in attacking the Congressman from this district, and instead of sulking when convinced of wrong, he comes out manfully and tells the people that John L. McLaurin should be re-elected.

The Sumter Freeman, edited by Col. John J. Dargan, greets Judge Benet to Sumter in an editorial of the 6th inst., as follows:

"Judge W. C. Benet is presiding in our court this week. His presence here reminds me most forcibly of the time when Thomas J. Mackey was here. The two men have many points of resemblance. Both are political acrobats. Both reached the bench by zealous espousal of political unrighteousness.

After reading the above, which seemed to us to be a mean, and an unjustifiable attack, we went to Sumter, principally to ascertain whether or not the Freeman was being sustained in this onslaught by the citizens of that county.

The scandal suit in Washington in which Congressman Breckinridge and his former mistress, Miss Pollard, are actors, is now in progress and bids fair to expose the evil machinations of men and women in high life in that city.

The State Supreme Court has sustained Judge Gary's decision in the Columbia case where he refused to grant a writ of prohibition against the establishment of dispensaries in that city.

The political ball is rolling and the work of organization has begun. Nearly every county in the State has called for an expression from the people as suggested by what is known as the Colleton plan.

The property of the Reform clubs should turn out to his club meeting and assist in selecting proper delegates to represent their views. This is truly a movement of the people and for the people.

Clarendon is opposed to any wrangling in our ranks and will do what it can to have peace. The people of this county are Reformers in principle, and not for the elevation or promotion of any man.

Our fight is based upon pure and holy motives and is bound to win. We are meeting the obstacles of the opposition and slowly but surely removing them, and if the people will stand together in the future as they did the past four years, the opposition will dwindle away into insignificance.

Let us all stand firmly together with our ranks closed up to keep the enemy from obtaining any advantages, and above all things let us watch the movements of men wearing the Reform uniform, who, under that uniform, carry missiles of confusion.

But why this attack? What is its purpose? The people know the history of W. C. Benet and they know the history of John J. Dargan; they preferred to honor Benet and ignore Dargan. They have that right. Benet, no doubt, has aspired for official honors, and so has Dargan.

Wagwump President and his Federal appointees. Look at the promotion of Simonton, was that done for any good to the Reformers?

Aid to Equalization Boards.

The Comptroller General has sent to County Auditors the following circular, which explains itself:

Respectfully, W. H. ELLERBE, Comptroller General.

The people of Charleston seem to be in open rebellion against a good and sanitary law of the State. We publish the news of the trial and conviction of Constable Elliott, last Saturday, charged with slapping the face of Mrs. Nolte, whose husband was running a blind "tiger."

IF YOUR BACK ACHES Or you are all worn out, really good for nothing, it is a sure remedy for you.

Call for Convention. We, the undersigned members of the Reform faction in Clarendon County, being desirous of an expression from the Reform faction as to their views regarding the calling of a convention for the purpose of organizing standard bearers in the coming State campaign, call upon the presidents of the several Reform clubs in this county to call their clubs together for the purpose of sending delegates to meet at the court house on Saturday, 31st day of March 1894.
