THE HERALD'S EXPOSURE.

Editor Bowden and Ex-Congressman Johnstone Hobbobbing with Captain Shell.

It might be interesting, if not surprising, to the Reformers who are so fond of the reason of the "Herald" at Newberry last Saturday a week ago, to hear something more from Capt. Shell, especially since he took it upon himself to clear his skirts of the charges against him, and to order the printing of a book about the deep water which he has got into, swore by everything good and holy that he had been misrepresented and ungenerously suspected of deserting the people's cause.

Shiloh Sitings.

Shiloh, April 28.—Editor The Manning Times: The Shiloh company met Saturday, 21st inst., and organized with sixty-seven members.

The officers were elected: Captain, Daniel Keels; Ist Lieutenant, R. A. Frieson; 2d Lieutenant, Timothy Sims; 3d Lieutenant, J. A. Dent.

The company is composed of a fine body of men, and they will apply for a commission at once. The officers are true and tried Confederate veterans.

As soon as the election of officers was over the company had a drill, and they showed a determination to hold a very formidable place in the military of the State.

I see the dispensaries are closed, and the whiskey vintures are glowering over their noses. What will the issue be? Is it free whiskey? I do not want any more incorporated whiskey, and we will never get prohibition.

Let it then be free whiskey with a revenue direct from the distillery to the State which will give equal rights to all. The very people that have encouraged lawlessness and kept up the war against the dispensary are the very last on Gill's green earth that want prohibition.

They free simply Tillman haters and haters of the Reform Movement. Prohibition will not accomplish its object, as the whiskey element will have the staff at the risk of man and the devil. I do not believe the dispensary can be closed, and the State supreme court notwithstanding.

If the law against seed cotton is constitutional, the dispensary is also. In my opinion the dispensary system will never be improved. If the legislature makes a prohibition law the State will be drenched in whiskey without any way to stop it, and the result will be unbearable.

Yours, etc., TRANSPARENT TATT.

They Want Names.

The Russell Art Publishing company, of 928 Arch street, Philadelphia, desire the names and address of a few people in every town who are interested in works of art, and to whom they offer to send them simply Tillman haters and haters of the Reform Movement.
