

The Hampton Letter. In our last issue we expressed the belief that General Wade Hampton would not lend himself to increasing the feeling of bitterness now existing between the factions, but if his recent public letter is an indication, it seems to us that he would make the breach wider and permanent.

This is his ultimatum in the face of sincere efforts to heal the existing breach, but we believe the seed sown by this letter will cause thinking men of both factions to double their efforts in uniting the white people. In our judgment the Hampton letter, if the people were to act upon the lines suggested by it, would be a surrender of the white man to the negro.

Under ordinary conditions it would be right that the people should have a voice in the acceptance or rejection of a Constitution to be made for them, but when it is remembered that one of the principal reasons for changing or making a new Constitution is to secure to the white people of this State the government which is theirs by right and in order to attain this end there must be a curtailment of a vast negro majority, then we say it would be suicidal to refer the Constitution back, because there are 140,000 negro votes against 100,000 white votes, and if, in the new Constitution, there is anything that will cut off any portion of this large negro vote, when the matter is sent back the negro will vote solidly for its rejection.

General Hampton talks about frauds in our elections as though he has just found out that such a thing as fraud ever exists in the elections in this State. He certainly has forgotten the modus operandi of the elections which took him from his plantation in Mississippi and landed him in the gubernatorial chair of South Carolina and afterwards in the United States Senate. If fraud existed in the elections since 1880—when those in power had no opposition to defeat—that was prior to 1880, when the party was fought in every election?

It is all fol-de-rol to talk about frauds at this late date, and it is never heard except from the disappointed. What we want to see is, for the white men to put forward men in whom they have every confidence; nominate them in the primary, and then elect them at the general election.

We do not want to see the factions brought into the selection of the delegates, and we believe if the politicians will preach this kind of doctrine instead of demanding impossibilities, the Constitutional Convention, on which so much depends, on which the future welfare of our children depends—will be made up of men who will go there with our condition and the needs of the State in their minds.

Our view of this matter is that the people want a Constitution that will insure white supremacy and give the white children better school facilities. Politicians, however, want a whole lot of excitement and noise in order that the people will take sides with them, and each side is fighting for the largest crowd.

The State Press Association held its annual meeting in Sumter last week, and the members of that organization who had the good fortune to be present will always remember the kindness and generous hospitality exhibited by the wide-awake people of the coming "Gate City" of South Carolina. Sumter without a doubt has more genuine grit and business enterprise than any other city of its size in the State. On every hand can be seen evidences of thrift and progress. The citizens spared neither means nor expense to make the stay of the editors pleasant, and all of them will be bound to feel under everlasting obligations to the "Game Cocks" for not killing them with their big heartedness.

The Edgefield County Democratic Executive Committee has called for a convention to nominate three men from each faction for the Constitutional Convention whom they will urge the people to nominate in the primary. Can reasonable people expect more than this? What will Clarendon do?

The Moultrie Observer, a Georgia weekly, recognizes the fact that South Carolina has a spunky Governor. It says: "Governor Evans of South Carolina still holds the reins notwithstanding the decisions of Judges Goff and Simonton. We glory in his grit."

Hall's Vegetable Sicilian Hair Renewer has restored gray hair to its original color and prevented baldness in thousands of cases. It will do so to you.

COMPLIMENTARY. The A. N. Kellough Newspaper Company, R. C. Wilson, resident manager, Atlanta, Ga., June 3, 1895. Editor Times, Manning, S. C.: Dear Sir—I note the elegant write-up you gave your school, the Manning Collegiate Institute, in your last issue of THE TIMES, and would not ask myself if the people of Manning properly appreciated the enterprise exhibited by you. They should appreciate such enterprise and editorial as that of THE TIMES, and would not ask myself if the people of Manning properly appreciated the enterprise exhibited by you.

Grove's Tasterless Chili Tonic is a perfect Malarial Ever tonic. Blood purifier. Removes biliousness without purging. As pleasant as Lemon Syrup. It is as large as any dollar tonic and retails for 50 cents. To get the genuine ask for Grove's. Sold on its merits. No cure, no pay. For sale by Lorey, the Druggist.

It is guaranteed to give perfect satisfaction, or money refunded. Price 25c per box. For sale by R. B. Lorey.

THE COTTON CROP OF EGYPT. The Nile Country Becoming a Serious Competitor in the Field Staple. WASHINGTON, June 4.—Consul General Penfield at Cairo has made a report to the state department on the prospective cotton crop of Egypt for the present year, which demonstrates that the Nile country is becoming a serious competitor in this staple. The Khedivial government having no system for collecting crop statistics the American consul general has employed representative to visit the area and estimate the cotton growing section and their reports warrant the statement that there is no great increase of acreage over last year. A conservative estimate places the present area at 1,075,000 acres with a possible crop under favorable conditions of 1,050,000 bales, American standard. Planters find an increase in current high prices to extend the cotton territory, but the extension in 1894 was so great as to about reach the limit of possibility until irrigation can have a fresh impulse.

COURT MARTIAL IN ATLANTA. Tribunal Consisting of Thirteen Officers. To Meet at Fort McPherson. WASHINGTON, May 31.—Major General Miles has ordered a court martial consisting of 13 members, all above the grade of second lieutenant, to meet at Fort McPherson, Ga., June 4th. Lieutenant Colonel Edward K. Williston, commanding the third artillery at Fort Barrancas, Fla., has been ordered to be in the court of which Colonel William L. Kellough, fifth infantry, is president, and Captain Thomas M. Woodruff is Judge Advocate. The chief member is First Lieutenant, John C. F. Tibbitt, and is the ranking officer of his grade.

VAUGHN IS CRITICALLY ILL. The Deputy Warden Who Shot and Killed Superintendent Kirk. NASHVILLE, Tenn., June 4.—Andrew B. Vaughn, who fired the shot which resulted in the death of Superintendent Kirk at Nashville yesterday, is reported to be in a precarious condition. Vaughn is at his home in Franklin, and his physicians have certified that he is unable to travel. He is suffering from the effects of blows received during the two fights at the capitol. He has a black bruise on the body, and his skull was slightly fractured by Davis, from which he had an attack of brain fever.

THE HAVE BEENS. Of all things in this world truth—an unpalatable truth—is the hardest to be admitted. We have a great deal said about the desperate condition of South Carolina. Our people go away from home frequently to learn from strangers how really desperate our condition is, but the solemn and undeniable truth is that the State as yet is in the hands of her own people—some of the same people who have ever been identified with her fortunes and her destiny—who have fought her battles, who have tilted her field and wrought in her workshops. They have changed their leaders in some material respects, it is true, and the interference and espionage of the Federal government has been invoked to properly punish the atrocious criminality of the proceeding; the condemnation of the civilized world has been called down upon us, and the calamities thus brought about and other still more dire calamities of which we live in hopes are anticipated in consequence of this unprecedented depravity of our people. But we don't really believe we are going to the damnation honor, it only accords with our present honor to profess to have been so.

STILL CLAIM THAT MARTI IS ALIVE. TAMPA, Fla., May 31.—The passenger list from Havana by the Mascotte yesterday was small. Among the passengers was a very intelligent citizen of the United States. He stated that there is no proof that Marti is dead in spite of the published stories of the Spanish government. He stated positively that Marti was not only alive and well but that he would land on American soil inside of thirty days.

DR. J. FRANK GEIGER. DENTIST. MANNING, S. C. Office in Manning Hotel open from 8 a. m. to 6 p. m. REMEMBER, WE GIVE AWAY A SEWING MACHINE ON THE FOURTH DAY OF JULY. SUBSCRIBE TO THE TIMES NOW AND BE THE LUCKY ONE.

ILLINOIS DEMOCRACY. The Final Preparations for the State Convention at Springfield. WILL DECLARE FOR SILVER, 16 TO 1. Much Excitement Already Felt and Political Clubs Begin to Gather in the Capital City—What the Gold Men are Thinking About.

TAKE MEN'S Sarsaparilla AT THE WORLD'S FAIR. IT LEADS ALL OTHER BLOOD Purifiers. CAPITAL COMING SOUTH. Developments to be Made in a Tennessee Vicinity. CLEVELAND, O., June 3.—Cleveland capital has just become extensively interested in some Tennessee mountain property, and plans for the development of the land are being made on a scale of some magnitude. Frank Weddell, Fred Lempy, A. B. Marshall, E. M. Peet and R. N. Pollock are the men most interested. They have formed the Oliver Springs company and have secured control of 60 acres of land between Harrison and Knoxville. The property includes a hotel of 15 rooms, surrounded by eight acres of picturesque grove. This hotel was formerly opened Saturday under the management of Thos. S. Maxwell, formerly of the Hotel Victoria, Put-in-Bay.

IT IS VICTORY FOR PULLMAN. Favorable Decision in the Quo Warranto Proceedings. CHICAGO, June 3.—Several months ago Attorney General Morgan began quo warranto proceedings against the Pullman Palace Car company for the purpose of taking away the company's charter and terminating its corporate existence. In his former report the attorney general set up that the car company had violated its charter by buying real estate and building the town of Pullman, by erecting and operating the Pullman building in this city, by manufacturing brick, and in other ways. The case has been pending in the courts ever since. It was elaborately argued some time ago and Judge Baker handed down his decision Saturday. The decision was favorable to the company in all points but one. The court held that the company had the right to own the Pullman building, the brick yard and to sell liquor on cars, but had no right to own Pullman Iron and Steel company stock. No judgment was entered against the company.

THE TENNESSEE FRUIT CROP. CHATTANOOGA, May 31.—Notices have been received from agents in Cincinnati and Lexington asking for all the cherries and water cherries, with other pie fruit grown here, which can be shipped. The northern pie fruit crops have fallen off considerably on account of the severe winter and will be very late in bearing.

CHATTANOOGA, Tenn., June 4.—In a very little over three weeks' time the great crowds to be here in attendance upon the Epworth League International Conference will be with us. Preparations for all departments of the great meeting are being pushed rapidly forward and there is little doubt but by the time the conference meets everything will have been carefully arranged.

WILL MAJ. STAHLMAN RETIRE? Thought to be One of the Conditions of the Seaboard Compromise. ATLANTA, June 4.—There is considerable discussion as to the compromise of the Seaboard Airline which appears on the surface. The withdrawal of the case before Judge Spear and the Seaboard agreement to maintain rates in consideration of calling off the boycott of the Southern railway company and Steamship association are given out as the terms of the agreement of compromise, but it is the general belief that there is another feature, and that it is the withdrawal of Major Stahlman from the commissionship of the association.

RADICALS' TRIUMPH IN MILAN. The Recent Elections Have Made a Strong Impression in Political Circles. ROME, June 4.—The triumph of the radicals in Milan, in the recent elections, has made a strong impression in political circles. Although the general results of the elections assure the ministry of a considerable numerical majority, the situation is nevertheless difficult. The extreme left have been reinforced, especially by the socialist group and the following of Giolitti and Zanardelli has been weakened.

ANOTHER GOULD ENGAGEMENT. This Time Howard is Bowed to Wed Actress Katherine Clemons. LONDON, June 4.—It is reported here that another of the Gould family is to take a wife from over the footlights. It is said that Howard Gould is engaged to Katherine Clemons, who captured England by her skill in horsewomanship and her expertness with the pistol as a member of Buffalo Bill's wild west show. She has been in Europe for some time studying for the stage. Of late she has been living in grand style, and has been much in young Gould's company at public and private functions.

NOT IN EFFECT ON THE FIRST. When the Tariff Act of 1894 Went Into Effect. WASHINGTON, June 4.—The tariff act of 1894, according to the decision of the supreme court of the United States, announced yesterday in the case of the United States vs. Burrard Hardwick, went into effect on August 28, 1894, the date it was promulgated by the state department as a law without the president's signature, and not on the act itself, the date named in the act itself for its taking effect.
