Perchance as some of you hear the call, the drum beats, and the great army moves on. The world has had army moves on. The world has had its armies. its battles, its defeats, its II. victories. Standing not long ago in an en closure at the capitol of this great nation with some half-dozen comrades, I saw two of America's great armies engaged in deadly combat. I saw the sabres flashing in the sunlight. Yonder goes the gallant steed dashing across the plains; yonder falls the great captain; here lies the truth. dead and dying. For a few moments I touched the hand of the old soldier, and beneath the waiving banner we encountered the foe over the fields of Gettysburg. But ah! so soon I longed for the "drum-beat to throb no longer, and the battle-flag And in my inmost soul thanked God that the dark, black cloud of war had forever passed, and the glorious sunlight of peace once more fills the universe. But I fear that I was crying "peace, peace, when there was no peace.

WHICH GOD'S PEOPLE MOVES TO-DAY?

1. Unconverted men. I place my field glasses to my eyes and view the distant regiments, battalions, and armies, and I see a mighty host of unregenerate men, composing a mighty stronghold of satan, marchon under the banner of the pit. Some are in advance of the army and have mingled in hand to hand combat with God's people. And this great squadron overshadows the earth and holds untold millions in her grasps. Men whose character, lives and efforts have been to crush and blot out of the universe the kingdom of righteousness, and to erect upon her demolished and ruined throne the universal kingdom of crime. This mighty stronghold of unregenerate men, led on by the powers of hell, are lifting the black flag of rebellion against the kingdom of God and His Christ. I view the field once more and I see over on the distant plains a mighty stronghold of satan which bears the name of

The writer says: "Put on the whole armor of God." This is but the preparation for the battle. He likewise tells us to "wield the sword of the spirit, which is the word of God.' With the whole armor of God around your manly forms and with drawn sword in hand, I would hasten you on to the battle. You need no other weapon than the one ordained by God. There is enough power in that one weapon to conquer the world. It has been tried sufficiently by the great Captain of our salvawas marching at the head of his tion. NOTHING STRANGE. Intelligent people, who realize the important part the blood holds in keeping the body in a normal condition, find nothing strange in the number of diseases that Hood's Sarsaparilla is able to cure. So many troubles result from impure blood that the best way to treat them, is through the blood, and it is far better to use only harmless vegetable compounds than to dose to excess with quinine, calomel and other drugs.
