MANNING, S. C. WEDNESDAY, JULY 17, 1895.

Primary Must Be Held.

The Conservative faction of Sumter met last Friday and expressed themselves in favor of dividing equally the delegates to the Constitutional convention.

The difference between the two factions in that county was considerably less than one hundred in the Tillman-Shepherd campaign.

A primary should be had regardless of any preliminary agreements, because the Democratic party has ordered a primary, and the order must be obeyed.

In Marion there was a convention which adopted a conditional resolution, the condition being that the ticket nominated in that convention would be voted for providing all of the Conservative counties divided the delegations.

The men who engineered the scheme and had themselves nominated will never get to the convention if Marion remains in accord with and in subordination to the State Democratic Executive Committee, as one of the nominees on the ticket had pledged himself to do in the "Forty conference."

Those who attended the Forty conference and now refuse to participate in the primary ordered by the Democratic party, will violate their pledges, and they should not have a place on the Democratic ticket in the general election.

The Girl's State College at Rock Hill will open for the reception of students on October 2d.

Every white man in South Carolina who believes in political and social equality of the races is entitled to membership in the Dargan Sand-sifting Club, recently founded at Edgefield.

Some of the Conservative newspapers are now much pressed for matter, judging from their continuous whining about the way Dargan was treated in Edgefield when he went there to advocate political and social equality between the races.

The Times as a newspaper has no favorite candidates for the Constitutional convention; therefore, it will not use its editorial columns to advocate any man's cause.

We make this statement because we have been asked to advocate the fitness of certain candidates. In other words, we do not propose to dictate even by a suggestion who the people shall vote for.

The Times this week gives its readers a dose of "gold cure" in the shape of literature sent out by an organization in behalf of those who are endeavoring to prove that free silver is not the proper thing for the country.

The farmers in the Salem section have made a fine tobacco crop, and they are now busy curing the weed. Tobacco is becoming a great industry in this county, and if our business men will make the effort they can keep the money that is now being taken elsewhere by the planters, who are forced to carry their produce to other places because we have no warehouse here.

The "Aiken plan," so long discussed in the newspapers, no longer exists. The Democratic committee of Aiken met last Monday and repudiated Senator Jordan's effort to stifle the voice of the majority.

Let every white man go the polls on July 30 and vote for four men to the Constitutional convention. Conservatives, if you are in earnest in asking for peace, go out and vote.

If the Supreme Court sustains the recent decisions of our Circuit judges in the contempt cases the blind-tiger men will have a hard road to travel in the future.

One of the most horrible cases that has ever been heard in a South Carolina court is now pending before Judge Buchanan in Charleston and was made public by the Columbia Register.

Having been solicited by numerous friends to help secure good legislation, I take great pleasure in commending the Union Mutual to all persons who desire to get insurance in a safe and reliable company.

It is certainly a beneficent feature of the Maine law that gives a person injured a right to collect the full amount of face of the policy for a certain period less the amount of premium unpaid.

To make your business pay, good health is a prime factor. To keep your blood should be kept pure and vigorous by the use of Ayer's Sarsaparilla.

The managers at each box at the primary election shall require every voter to take the following oath: "I do solemnly swear that I am duly qualified to vote at this election according to the rules of the Democratic party, and that I have not voted before at this election, and I do solemnly swear that I will abide the result of the primary, and will support the nominees of the Democratic party in the ensuing general election."

MUNICIPAL NOTICE Notice is hereby given that, by virtue of an act of the General Assembly of this State, entitled "An act to establish local Boards of Health in the cities and incorporated towns of the State, and to define the powers thereof," a Board of Health for the town of Manning has been duly elected, as follows: Dr. C. B. Geiger, Joseph F. Rhame, R. B. Loryea, W. C. Chandler, F. N. Wilson.

On the 3d of June, 1895, said Board of Health was duly organized by electing Dr. C. B. Geiger chairman and R. B. Loryea secretary. At a meeting of said Board after its organization the town was divided into four districts, and one member of the Board, charged specially with the superintendence of the health department of such district, as follows: District No. 1—Bounded west by Brooks street and north by the street leading from the front of the Setzer lot to the depot (sometimes called Depot street). District No. 2—Bounded west by Brooks street and south by said Depot street. District No. 3—Bounded east by Brooks street and south by said Depot street. District No. 4—Bounded east by Brooks street and north by said Depot street.

The districts, in the order above named, are under the supervision of the following named members of said Board of Health: No. 1—F. N. Wilson. No. 2—W. C. Chandler. No. 3—Joseph F. Rhame. No. 4—R. B. Loryea, and Dr. C. B. Geiger will have general supervision of all of said districts.

The following are among the more important powers conferred by law upon said Board: The Board is empowered to elect a Health Officer, who shall execute the orders of the Board, and for that purpose shall have and exercise the powers of a policeman of the town; to make and enforce all needful rules and regulations for the prevention of the introduction and spread of infectious or contagious diseases; to visit and inspect the court house and various offices therein contained, and the jail and other prisons located in the town, in regard to the purity of the water supply, the lighting and heating of the various offices of the court house, and cells and other rooms occupied by prisoners in the jails, and note the general sanitary condition of the same. And said Board may recommend to the county authorities the removal of all nuisances on the premises on which said buildings are located, which might prove detrimental to public health, and shall report the number of prisoners, their diet and treatment, the diseases and number of cases of sickness occurring among the prisoners.

The following are the provisions of sections 4 and 5 of said act: SECTION 4. The said Board of Health shall have power, as a body or by committee, as well as the Health Officer, together with his subordinates, assistants and workmen, under and by order of said Board, to enter at any time upon any premises in the town or city upon which there is suspected to be any contagious or infectious disease or nuisance detrimental to the public health, for the purpose of examining and abating the same; and all written orders for the removal of nuisances issued to the said Health Officer by order of said Board, attested by the secretary, shall be executed by him and his subordinates and workmen; provided, the person or persons refusing to remove such nuisance, and the cost and expense thereof, shall be recoverable from the owner or owners of the premises from which the nuisance shall be removed or from any person causing or maintaining the same, in the same manner as debts of like amount are now collected by law.

SECTION 5. The said Board of Health shall have power to create and maintain a complete and accurate system of the registration of births and deaths which may occur within the town or city, and to compel the obedience to the same upon the part of all physicians and other medical practitioners, clergymen, magistrates, midwives, undertakers, sextons, and all other persons from whom information for such purposes may properly be required.

It is also provided by said act that it shall be the duty of any physician, who attends in sickness any prisoners in jail, to report immediately to the Secretary of the Board of Health the name, sex, age, race and disease of said prisoners.

And by said act the Town Council is charged with the duty of having the rules and regulations of said board of health, which may meet the approval of said Council, enforced. And the Town Council of the Town of Manning will protect and enforce obedience to the said board of health and its members in the lawful discharge of their duties as enjoined by said act. R. B. LORYEA, President. Approved by the City Council. J. E. SCOTT, Clerk Town Council.

A true copy. J. E. SCOTT, Clerk Town Council.
