A trip to Sumter is not complete without a visit to the large furniture establishment of Arthur Belitzer. This house has been in business only five or six years, but in that short time has made a reputation for itself second to none in South Carolina, and is known far and wide as an establishment that is first-class in every respect, and whose fair dealing every customer testifies to. The immense fall stock is being received, and things are lively in that locality. Bed-room suits, parlor suits, dining suits, hat racks, desks, chairs, fancy rockers, mattresses, tables, window shades, pictures, frames and everything in the furniture line at the lowest prices, in large quantities and great variety. This store is considered the cheapest and largest in Eastern Carolina, and it will pay all intending purchasers of furniture to inspect

PECULIAR TO ITSELF.

Hood's Sarsaparilla is peculiar to itself, in a particularly medicinal sense, in three impartant particulars, viz: first, in the combination of remedial agents used; second, in the proportion in which they are mixed; third, in the process by which the active curative properties of the preparation are secured. These three important points make Hood's Sersaparilla peculiar in its medicinal merit, as it accomplishes cures hitherto unknown.

But it is not what we say but what Hood's

Sarsaparilla does, that tells the story. What Hood's Sarsaparilla has done for others is reason for confidence that it is the medicine for you.

There is nothing to prevent anyone conocting a mixture and calling it "sarsapa-rilla," and there is nothing to prevent any-one spending good money testing the stuff; but prudent people, who wish to be sure of their remedy, take only Ayer's Sarsaparilla, and so get cured.
