The blind tiger pimps have a great scheme to beat country men out of money when they come to town. They work their racket by pretending to know where they can buy better liquor for less money than can be obtained from the dispensary, and they get the country man's money, and they go while the poor fool stands about looking for his whiskey. Last Saturday this trick was worked on Warren Childers, a pumpkin colored cove from the Davis neighborhood. We guess Warren will be up to snuff when he again comes to town.

When we hear a great big stalwart man whining about not being able to make a living on a farm it gives us a very tired feeling, in fact, it produces nausea, for it is positive proof the man has not exercised the brain with which he is endowed by his Maker. He has simply been trying to pay a lie from year to year by raising cotton. If he had planted the "Banah Yam" potato, he would now be wearing a "billed" shirt and could sit up in the "mornin'" with the big folks. Mrs. B. L. Walker introduced the Banah Yam here and her success has simply been marvelous, on three-fourths of an acre this year, she has dug 240 bushels in 1 1/2 a plenty in the ground for the hope to get. Last year we mentioned Mrs. Walker's success with her farm and especially her potatoes and the result was that other people got in the wake of her progress by buying the Banah Yam slips from her. Many of them "them" have made plenty of potatoes, and their children look as fat and chubby as butter balls.

AN HONORED SON OF CLARENDON CROSSES THE RIVER.

Died, last Friday night, at his home in Jordan, Hon. Jas. M. Sprout, aged thirty-nine years. The funeral took place Saturday afternoon in the Jordan Methodist church. Rev. R. A. Few conducted the services.

The funeral was largely attended and quite a number went from this place to pay their sad tribute to the deceased who was universally esteemed.

Mr. Sprout was one of Clarendon's most honored citizens. His life was such as to command the respect and confidence of everybody. He was of a modest and retiring disposition, but was always ready to do his full duty as a citizen.

The Legislature of South Carolina, recognizing his sterling character and thorough business ability, selected him as one of the directors of the State penitentiary, and in said position his judgment was highly regarded; and when the people of Clarendon were looking around for representatives to the Constitutional convention, although against his wishes and after much urgent solicitation, he consented to serve, and was chosen by a most flattering vote.

His work, as long as his health permitted, was done in his usual painstaking manner, and with the sole object of doing what he thought was best for the people.

In the convention he made many friends, not as a politician, but as a man whose friendship was worth seeking.

At home he was a kind and indulgent husband and father, and by his industry accumulated a nice property. He leaves a widow and eight children and a host of friends to mourn his loss. In his death Clarendon has lost a most valuable citizen, the dependent of the community, a kind and helping friend, and the State a patriot. He was also a prominent member of Damon lodge, Knights of Pythias.

KENNEDY AND CANTY VOTED ALRIGHT.

Columbia, S. C., Nov. 21, 1895. EDITOR MANNING TIMES:—I feel it my duty to correct an error which occurred in your issue of last week, concerning the vote of my colleagues, Messrs. Canty and Kennedy, on the road made on the State streets.

They were both present and stated that they were paired (Mr. Canty with Mr. Cunningham and Mr. Kennedy with Major Barker), otherwise they would have voted "no". I was in the same condition, paired with Mr. Bryan of Charleston. We did all we could to defeat this increase of pay, but failed.

We are recorded on every vote and feel proud of what we have accomplished for our people in the suffrage, school, home, and poll tax questions, and feel now that we have accomplished some good for our people. Truly yours, DANIEL J. BRADHAM.

NEW ZION MEETING.

There was a tremendous gathering of people at New Zion last Saturday, the crowd is estimated at about 1,500 to 2,000 and they were there from Sumter, Kingstree, Williamsburg and other counties all interested in the new county scheme. Speeches were made by several, and barbecue was as plentiful as whortle-berries in mid-summer. The people in those sections bordering on Clarendon are fully determined to have a new county and we believe they will succeed. Clarendon would hate to lose the Salem section, for the reason that it is one of the best portions of the county, and if the present indications are any sign, it will be the richest. The sentiments in favor of the new county is almost unanimous at present, but what will be the result when the people begin to learn that the luxury will mean the payment of double taxes we do not know. Already there is some disagreement among those in reference to locating the county seat; some want it at Shiloh and others want it at Doggett cross-roads. The promoters of the scheme are having petitions signed up and they propose to work on the Constitutional Convention, but we think they are too late as the Convention will hardly make any more new counties.

GOOD FOR EVERYBODY

and everyone needs it at all times of the year. Malaria is always about, and the only preventive and relief is to keep the Liver active. You must help the Liver a bit, and the best helper is the Old Friend, SIMMONS' LIVER REGULATOR, the RED Z.

Mr. C. Himrod, of Lancaster, Ohio, says: "SIMMONS' LIVER REGULATOR broke a case of Malarial Fever of three years' standing for me, and less than one bottle did the business. I shall use it when in need, and recommend it."

Be sure that you get it. Always look for the RED Z on the package. And don't forget the word REGULATOR. It is SIMMONS' LIVER REGULATOR, and there is only one, and every one who takes it is sure to be benefited. THE BENEFIT IS ALL IN THE REMEDY. Take it also for Biliousness and Sick Headache; both are caused by a sluggish Liver.

We will soon have a lot of Webster's unabridged dictionaries for sale at \$1.50, 2.50 and 5.00. They are well bound and every family should have one. These books are cheap and as we will only have a limited number, parties wishing them had better engage them. One of these valuable books would be an elegant Christmas present.

BUCKLEN'S ARNICA SALVE.

The best salve in the world for cuts, bruises, sores, "clews", salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25c per tin. R. B. Loryea.

THE DISCOVERY SAVED HIS LIFE.

Major G. Caillouette, Druggist, Beaversville, Ill., says: "To Dr. King's New Discovery I owe my life. Was taken with La Grippe and tried all the physicians for miles about, but of no avail and was given up and told I could not live. Having Dr. King's New Discovery in my store I sent for a bottle and began its use and from the first dose began to get better, and after using three bottles was up and about again. It is worth its weight in gold. We won't keep store or house without it." Get a free trial at R. B. Loryea's drug store.

CURE FOR HEADACHE.

As a remedy for all forms of headache Electric Bitters has proved to be the very best. It effects a permanent cure and the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving relief. Price 25 cents. For sale by R. B. Loryea's drug store.

MANNING GUARDS AT THE EXPOSITION.

This morning bright and early the Manning Guards were coming to town from every direction to take the train for the Atlanta exposition. Poor soil and exhausted fields which were once productive can again be made profitably fertile by a proper rotation of crops and by the intelligent use of fertilizers containing high percentages of Potash.

Strikingly profitable results have been obtained by following this plan.

Our pamphlets are not advertising circulars boasting special fertilizers, but are practical works, containing latest researches on the subject of fertilization, and are really helpful to farmers. They are sent free for the asking.
