Mr Stocker, having mentioned the fact t at the last issue of bonds was for gold bullion, I desire to give that portion of the Isham, 87 years old, widow of the late neither death or hell. "Inasmuch as second part hereby agree to sell and deliver her son-in-law, Major Sartell Prentice. ye have done it unto one of the least to the United States 3,500,000 ounces of Mrs. Isham had been ill but a short of these my brethren, ye have done it unto me."

to the Contest States of the United States, at time. The remains will be conveyed to Manchester, Vt., for interment.

the rate of \$17,894,41 per ounce, payable in United States 4 per cent. thirty-year cou-pon or registered bonds, said bonds to be dated February 1, 1895, and payable at the pleasure of the United States after thirty years from date."
This idea of buying coin at bullion rates

is no doubt dictated by some ulterior pur pose that will come to the surface some day to plague and plunder the people. Mr. Speaker, gold bullion is a commodity and, under any construction of law, Secre-tary Carlisle could have issued bonds as legally for so many onness of pork, beef

wheat, or cotton. It is time such fiagrant violations of the plain statutes ceased by those whom we trust with important positions, for if they will not obey the law how can obedience to the law be demanded of their subordinates? Mr. Speaker, the provisions of this bill

States notes or greenbacks. This was no doubt the intention of its originators; but, fearing exposure and defeat, an amendment declaring against such action was added. These greenbacks have been doing like he did asked him to further develop his service for more than a third of a century, and never, until the present administration permitted them to be used as the tools of to his remarks as already published in The Times, the Record contains the fol-Treasury, have they given rise to any com-plaint. These greenbacks costs the government but a trifle, and burden the people with no interest. If the Secretary of the understood I desire to say like many other usurpations of the Treasury Department its legality remained unchallenged until somewhat recently. During a debate its legality remained uncommended until continued use of this form of currency somewhat recently. During a debate in continued use of this form of currency the Senate in 1890 the following statement would vanish. These United States notes the Senate in 1890 the following statement would vanish. These United States notes was made by Senator Sherman, the originature of the patient was then \$700,000. people of the nation more than \$700,000 .-000 in interest, and are at the present time officer charged with the responsibility has treated that as a fund set apart for this purposition they should not be retired, but permitted to continue their work of facil-

would be impeachable for high crime and bear interest and cannot be used in the channels of trade. Instead, let silver certificates against this vast borde of idle silver in the Treasury be issued. Such certificates would bear no interest, become no burden to the people, and would readily become absorbed in the exchanges of the country. They would increase the volume of currency and to that extent assist the people in their almost hopeless struggle ing or requiring the Treasury Department against general bankruptcy. The people do not want another bond issue. They know what it means and fear the result They know it means harder work, less comfort of life, and lower prices for the fruits of their bard toil. They are in financial distress now and ask for relief from their present burdens instead of be-

ing loaded down with more.

This relief must come, and in my opin-Mr. Speaker, where is the end? Selling bonds does not replenish the Treasury un-

der its present administration. The jug-glery of these financial deals is apparent and the rapacity of those profiting by them outd be found for account and the vast idle reserve; and second, no law could be discovered that permitted its being paid out in the manner adopted. From that date until the present no one has been able At least forty-five billion of this has already been appropriated through bond dealing and stock watering by the capitalistic class. At the present rate it will not be long be-fore they will have the other twenty bil- of Mrs S. C. Osteen; on the south by and the Secretary of that Department com-pelled to treat all the obligations of govern-ment alike. That portion of the Act of January 14, 1875, referred to in this bin reads as follows:

The producer and man who works with his hands pays for everything. He is the mudsill, and without his toil stocks, bonds, and factories become valueless.

If these bonds are to be continually issued, and the public and private debt of "who toil not, neither do they spin." those already monstrously rich. The pic-ture is not overdrawn, and unless our peocalamities which await us in the future.
