 Tillman's badges have made their appearance in the State; the badge is a silver pitchfork tipped with gold and they are selling like hot cakes in the North and West.
 How about that pair of spectacles you are needing so badly? Now is your time to get them at Brockinton's.
 We are glad to see the disposition among the voters here for election; those who have not much confidence in their chance for election will not risk \$5 for a candidate's card.

If you want an early garden plant Wood's Premium Tested garden seed. R. B. Loryea, the druggist.
 We call attention to the change in the advertisement of The Ducker, Bultman Company of Sumter. They are hustlers and are fast gaining a reputation for selling cheap.

If you want a nice cool drink these hot days, call on J. C. Boyd.
 By an oversight last week we neglected to publish the following notice: All persons who raise tobacco and who live in the vicinity of Cypress Fork church, near Mr. E. R. Plowden, are requested to meet there next Friday, the 15th inst., at 4 o'clock, for the purpose of organizing a tobacco association and to discuss tobacco culture generally.
 Manning is soon to have another mercantile establishment, and it will be what is known as a "Big Drive" store. The business will be that of Mr. E. R. Plowden, formerly of this place, but for years past with Levi Brothers. Mr. Bagnal will have personal charge, and we have no doubt but that he will do a fine business. He will open up about July 1st, and the public generally will find an up-to-date institution. It is not necessary for us to say who W. C. Bagnal is, because he is known to all in this town and country, and the people here will gladly welcome him back home.
 We want our readers to read the advertisement of Messrs. Brown, Cuttino & Delgar, of Sumter. These gentlemen do not keep a general store, but they make a specialty of one line, the furnishing of men with clothing. Go to their store and there you will find one of the largest and best displayed stocks of clothing, hats, and gents' furnishing goods in the State. They are young men with a thorough business spirit coursing through their veins, and it is no idle saying when it is said they are the best of the most popular markets in the State. We take pleasure in recommending our readers to these gentlemen and when you want anything in their line be sure and give them a chance.
 Mr. J. E. Green, of New Zion, was in town last week as a delegate to the county convention, and like the business man that he is, he took along some business with him. While here he went among our business men and urged upon them the necessity to have a tobacco warehouse here at an early date, and from what he has said we believe the warehouse project will take a new push. Mr. Green believes that Manning is a good point for the growers of his section to come to, and if our people will give them the proper inducements, the Salem tobacco growers will make Manning one of the most popular markets in the State. Green is a hustling young man and he always keeps an eye open for the best interests of his people.
 Elsewhere in this issue will be found an advertisement of that well known Charleston firm, William Bird & Co., dealers in paints and oils. This firm is sole agents for the very best qualities of lead and their paints generally have won a wide reputation. They also handle in large quantities that great tobacco insect destroyer known as Paris Green, and best of the most popular markets in the State. Paris Green is strictly pure and they guarantee their prices the very lowest when quality is considered. William M. Bird, & Co., are no new dealers on the market; they have been doing business with the people of this county for many years, therefore it is needless for us to say to our readers that any goods bought from this firm will give thorough satisfaction.

BUCKLEN'S ARNICA SALVE.

It is guaranteed to give perfect satisfaction, or money refunded. Price 25c. per box. For sale by R. B. Loryea.

MARVELOUS RESULTS.
 From a letter written by Rev. J. Gunderman, of Dimondale, Mich., we are permitted to quote the following: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at Rives Junction she was laid down with pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was given in its work and highly satisfactory in results."
 Trial bottles free at R. B. LORYEA'S Drug Store. Regular size bottles 50 cents and \$1.00.

ELECTRIC BITTERS.
 Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, Dizziness, etc. to Electric Bitters. 50c. and \$1.00 per bottle at R. B. Loryea's drug store.

PANOLA PENCILINGS.
 Panola, S. C., May 11th.—Several weeks have passed since this section has been heard from, owing to the rush of farm work combined with tobacco, and also the scarcity of news. We have had only one or two light showers since the big hail storm that passed through here about two weeks ago. Our tobacco is suffering for rain. Mr. L. N. Richbourg has only about an acre more to put out, and has more plants left than he knows what to do with, there will be enough left to set out 5 or 6 acres more. The stand of cotton through here is much better than in some other sections that I have visited and it is doing fairly well. Corn is doing as well as the manure and weather will permit, it is manured much lighter than cotton. Mr. Sam Griffin, near here, has a beautiful field of corn.
 Mrs. J. S. Sykes, of Fla., is visiting her aunt, Mrs. L. N. Richbourg. She expects to make Texas her future home.
 I think the fish were made happy by the little freshet last week, as it gave them a short rest spell from the nets, seines and dynamite; the fish are rapidly becoming extinct.

MRS. S. F. BRADHAM JOINS THE HAPPY THROG.
 Died in Charleston, last Monday, Mrs. Sarah F. Bradham, wife of Captain D. J. Bradham, aged fifty-four years.
 Mrs. Bradham had been a great sufferer and yesterday she was taken to the hospital to undergo surgical operation. The most skillful physicians were employed and on last Thursday they did their work. Every attention that a devoted husband, kind friends and the best of doctors could give her would only prolong her life until last Monday, when she passed peacefully over the river. The body was brought to Manning yesterday morning and the best of friends and relatives were with her until she was laid in her coffin, when she passed peacefully over the river. The funeral service took place yesterday afternoon in the Presbyterian church, the church of which she departed was a life-long member, is not finished. The pall-bearers were Major C. S. Land, E. L. Wilkins, F. N. Wilson, S. E. Ingram, J. W. McLeod, Dr. C. B. Geiger, W. C. Chandler and Louis Appel. The services were conducted by her pastor Rev. J. O. Gough, assisted by Rev. James McDowell, and Rev. C. M. Billings. The church was filled with sympathizing friends, and the service followed the funeral party to the cemetery. The whole community sympathized with Captain Bradham in this his hour of severest trial.

The Baptist church will soon be completed and we have no hesitancy in saying it is one of the prettiest churches in the State. Contractor Sparks has every reason to swell with pride.

Scrofula
 Manifests itself in many different ways, like gonorrhea, swellings, running sores, boils, salt rheum and pimples and other eruptions. Scarcely a man is wholly free from it, in some form. It clings tenaciously until the last vestige of scrofulous poison is eradicated from the blood by Hood's Sarsaparilla. Thousands of voluntary testimonials tell of suffering from scrofula, often inherited and most tenacious, positively, perfectly and permanently cured by

Mr. Editor:—
 I want to say a few words to the ladies of Clarendon about Dress Goods. What is a prettier costume for a young or married lady than a black serge or brilliantine skirt, and a waist of Jaconet Duchesse, in pink, white or light blue, or a flowered Oreton, trimmed with white or butter-colored lace? Or, what is prettier than a neat waist of pink, gray, or drab-colored Chambray? I have these at from 7 1-2 to 12 1-2c., also a beautiful selection of Laces in plain, Valenciennes and Torchon, with inserting to match, ranging from 3 to 40c per yard.
 Have you seen any "Tribly" edging? The young ladies express it as being "very sweet" or "cute."
 Piques for whole dresses or waists are also popular, and very cool and pretty-looking.
 Another popular line of goods this summer is Batiste, with the kindred grass goods. They make up beautiful for married ladies, and range in price from 10 to 16 2-3c.
 I have Organdies in green, blue, pink, and other stripes and figures, at 10c per yard. Also very fine grade of Organdies for ladies' full evening dress at 25c.
 Dimities from 8 1-3 to 15c, the latter grade usually retailing at 18c.
 White Lawns in all grades at 7 1-2, 10, 12 1-2, 15, and 16 2-3c.
 Eagle Lawns at 3c. Scotch Lawns, fast colors, at 4c. Melba Lawns at 7 1-2c, and kindred fabrics at similar prices.
 Nice line Nainsook and Marseilles.
 The prettiest line of white Muslins, in plain, cross bar, and lace stripe that you ever saw, ranging from 5c upward. Young ladies, this is your last season for duck suits, as they will not be made longer by the factories. They have now had two seasons and will be out when the present supply is exhausted.
 In the way of stuff goods I am well supplied. I generally buy the best I can get in the way of Serges, Cashmeres, Dress Flannels, Brilliantines, etc., and would call your attention especially to a few pieces of Brilliantine that I have on hand, with antique figure. But of course I cannot enumerate everything this week.
 I keep the only regular dry goods store in Manning and have a complete line of Dress Goods, Clothing, Shoes, Notions and Gents' Furnishing Goods. You are cordially invited to call and see me, and samples will be mailed on request.
