Mr. Editor:-

Please allow me the privilege of saying something to the ladies of Clarendon in addition to what I have told them before concerning my stock of Dry Goods.

Patterns this year are prettier than I have ever known them before, and prices are lower. You have never known lawns, nice quality and fast dyes, to sell before for the extremely low price of 4c per yard. I also have a quality of colored lawns that I am selling at 3c. I have some goods that I am positively selling below cost. You will scarcely want to believe this until I explain to you why I am doing it. Dry goods went down some after I had purchased a part of my stock, and as I always meet competing prices, I have followed the prices down. Another reason that I am selling so cheap is because it is not good business to carry over one season's stock into the next season, and I am now beginning

to make room for the fall stock Please remember that I have on hand a full line of white and colored lawns, dimities, all qualities, calicos, piques, ducks, ginghams, percales, outings, dotted Swiss muslins, check and striped white muslins, all kinds of white goods and ladies' wear, serges, cashmeres, dress flaunels, brilliantines, a full line of laces, em-

broideries, notions, etc., etc. You are cordially writed to call and I will take pleasure in showing you, whether you buy or not.

To the gentlemen wall say: Please remember that I still keep the choicest line of clothing, shoes, hats, R. B. LORYEA, shirts, neckwear, etc.
