Clarendon county is at last to have a safe place for her records and while the outlay may appear to be great, yet when it is considered that the great expenditure is forever, it will be seen that it is the cheapest after all.

DR. KING'S NEW DISCOVERY FOR CONSUMPTION. This is the best medicine in the world for all forms of consumption, cough, and fever.

It is safe for all ages, pleasant to take, and above all, a sure cure. It is always well to have Dr. King's New Life Pills in connection with Dr. King's New Discovery, as they regulate and tone the stomach and bowels.

The Fellow Who Would Not "Peach." Washington, May 17.—Eliotson R. Chapman, the recalcitrant Sugar Trust witness, who refused to answer the Senate committee's questions as to whether he had acted as a broker for any Senators in speculations in sugar, occupies a cell at the District jail to-night, and he will continue therein for 25 days.

Two cells have been assigned him, one for sleeping purposes and the other as a sitting and office room. He has the floor, and a table, brass bedstead, chiffoniere and several chairs adorn the cells, but no luxurious curtains hang over the iron bars, nor do decorations set off the walls.

Mr. Chapman was much surprised at the necessities of the institution. The jail will furnish him his ordinary fare, while soap and fancy dishes, served by a private waiter, will be sent from a hotel.

Mr. Chapman's lodgings in jail releases his bondsman, Lewis J. Davis, of this city, who furnished \$1,000 bail. His sentence is for thirty days, which, with the rebate for "good behavior," makes an actual period of twenty-five days.

A POINT TO REMEMBER. If you wish to purify your blood you should take a medicine which cures blood diseases. The record of cures by Hood's Sarsaparilla proves that this is the best medicine for the blood ever produced.

Hood's Sarsaparilla cures the most stubborn cases and it is the medicine for you to take if your blood is impure.

Pine Grove News. One of the rising generation, speaking of Pine Grove, says: "Fifty years ago they had no place of worship except a little log church. Fifty years ago there was no log church there. Two have been built since, one log and one frame. There is no church there at all. Mr. Humphrey starts to-day to build one there. A number of their artesian wells are a failure. He left out one thing that the people of Clarendon ought to know, that the Solomon moved into Pine Grove five days ago, near Pine Grove, and moved the ark of safety with him. We wish him great success."

ONE OF THE OLD SETTLERS. For every quarter in a man's pocket there are a dozen uses; and to use each one in such a way as to derive the greatest benefit is a question every one must solve for himself.

We believe, however, that of no better use could be made of one of these quarters than to exchange it for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, a medicine that every family should be provided with. For sale by R. B. Loryea, the druggist.

New Zion Notes. Mr. Edmon.—Will you allow me space in THE TIMES to reply to my friend? He says on the 28th of April, that when he wrote on the 7th of April, there was no corn planted in Salem, and that it would be some time before it would be planted.

Well, I guess he didn't know any better, for when he joined the Hook and Line Association, he had to be there, and you know there is not much corn growing in the mill pond. He says that corn in the garden was what I alluded to. That was a mistake, but I will excuse him any way. He says he rides a wheel and can see more than I can walking. I guess he sees more of his road than I do, for I imagine he has to keep his eye on the road when he rides a wheel.

The farmers are all about done setting out tobacco. We have had a fine season for it. Did I say any thing, all but my friend, he has not planted corn yet, he must call himself "Salem," for I do not know a farmer in Salem that has not planted corn except my friend. Nick.

Mr. Edmon.—Please allow me a small space in the columns of THE TIMES once more. But little news in the country at this season of the year.

The Hook and Line Association of Douglas Township gave a picnic at Gibson & Lavender's mill on the 15th inst; 300 fish were caught and cooked, with all the other good things that were spread on the table. About 2 o'clock dinner was announced and about 200 people marched up to the table. While at dinner two young gossies were making quite a display in the pond and you bet they had to swim to show after dinner. Beating was the order of the afternoon. The day was spent pleasantly in honor of the good people of Douglas township and in honor of the President, Mr. L. D. Barrow, of the Association.

"General Green" forming a line in some of the farmers' fields in this section. Mr. A. O. Henderson has ordered out the company to meet the "General."

Mr. B. M. Hardy is very ill, not expected to live. Mrs. R. S. Fleming is improving. Mr. Editor, the orange blossoms will open soon so where in Salem; when they get in full bloom I will send you a dream ticket. A FARMER.

Beats the Clarendon Man. Mr. S. J. Legg, of Lake City, was among the old veterans who attended the Memorial Day exercises here recently. In conversation with a "County Record" reporter, Mr. Legg said that he had seen the Clarendon County gentleman who "beats" him, and that he had seen the Clarendon County gentleman who "beats" him, and that he had seen the Clarendon County gentleman who "beats" him.

A VALUABLE PRESCRIPTION. Editor Morrison of Worthington, Ind., writes: "You have a valuable prescription in Electric Bitters, and I can cheerfully recommend it for consumption and all such lung diseases, and as a general tonic it has no equal."
